Lahoul.
20/6/29.

Dear Sir

I regret not having been able to inform you previously as regards the date when I could complete the survey suggested in my previous report. Owing to certain departmental considerations I am unable to obtain the services of the subordinate I asked for so on my return from here when I am shooting I will complete the work myself and I expect to see you on the 3rd July if that date is convenient. I to work from about that date. Till the 8th or wherever the work is complete.

I hope to stay at Kaliran so shall be fairly near to the work as I have

taken the Civil Bangalow for a few days for my wife & self.

There will of course be no fee for the work I do myself. and I shall only ask for actual expense on the work possibly of or nil. a matter which can only discuss on the spot.

Regretting the delay which was due to no fault under my control and assuring you of the early completion of the work required

I remain

Yours Sincerely

A Boddington Lt Rt
