Dear Dr.

Went this morning to Musée Guimet. Couldn't stay long there but what I saw I liked. The Curator, Mr Stern met me & opened for me the Tibetan section which was closed. He said only last night the Indian Embassy showed a film in the Museum with some parts about Kulu in which you & your family appeared. It would be lovely if you & Mrs Roerich were here. Went to see the Chateaux of the Loire for 3 days & the other day saw Versailles too. Am returning to Zurich & Chamonix 11th. Love to both
