Gentlemen:

Under separate cover we have mailed you five complimentary copies of the March-April East-West Magazine because of the article it contained In Memoriam of Dr. Roerich.

It has been our custom to send contributors' copies to Dr. Roerich personally in the past. Now we are wondering if the Center will be kept up at your address or not. If so, and you would be interested in receiving a copy each issue with our compliments, please let us know and we shall be happy to send it to you.

We know that you must still miss the presence of your Guru and so extend our heartfelt understanding and sympathy.

Sincerely,

*Dorothy B. Taylor*
