ODE TO SVETOSLAV ROERICH

Oh! Worthy Son of a great Father!
From Cosmic Depths and Mysteries
You have received the holy crown of calling
And the Enlightenment of a Sage.

Your brush can see and hear.
You have combined the progress of your talent
With a Sisyphean Labour, and an Atlantian Will....
Hail to your noble spirit!

From Spirit, the Spirit of Cosmic Union.
The hand gives forth to matter, Enlightenment rays
And rents asunder the chains of blind and cruel matter.

You are India and Russia
In unity of your creative work, your most refined taste
Today in Tyrnovo Bulgaria acclaims.
