Dear Sirs,

Replying to your letter of Sept.25th, I am surprised to hear that cases are not accepted at railway risk in connection with out agencies. We have just sent a few days ago two cases of paintings etc. addressed to your goodselves and these were accepted at Kulu at railway risk - thus it seems it should be same way when despatching from Karachi. However, if for some reasons, this is not possible, then please send them at owner's Risk and insure for Rupees 100/-/- (one hundred) per case.

Awaiting your early despatch and particulars about clearance,

Yours faithfully

Georges de Roerich.
