3/9.29 (Enumerating Stocks-investment.
Balance left \$56,521.06.

The winding up of the Exp. and Expenditures
up to May '29. were about \$158,000 or
about \$58,000.

Thus leaving about \$42,000 at V.V. and here —
of which \$22,000 was spent by Prof. P. on his Europ. & U.S. Trip.

\$20,000 was the loan of Alfred. Roerich, -
 which was received or consisted from a gift of
 10,000 + 10,000. Made by him to Prof. R. in 1923.
 at Paris. ^{Prof. R. made in turn a gift of the 10,000 to Prof. R.} which was advanced by Madame
 R. when the Exp. was short of money on the trip.

Thus we have: \$22,000 to Prof. R. who advanced it money.
 \$20,000 to M. R.
 \$58,000 The money spent on the Expedition.
 100,000 -

In other words the 100,000 which Prof. R. was informed
 were left on his account or rather were deposited
 to his account in his absence, and which he
 learned of only in 1928, were spent completely
 on the Expedition.

It would be very interesting to find out the exact
 amount of money which was transferred to
 Prof. Roerich. - a broad (- the money returned from ^{Mongol Bank} Ugei)
 in 1926-1927. to (perhaps a couple of thousand to Rashtgar
 in 1926)
 and some to Mongol Bank in 1927
 some were returned by Prof. R. from Mongol Bank back to
 A. R.

13th June, 1958.

M E M O.

The film has been completed, all formalities have been finished and it will be sent to my brother. My brother writes that the exhibition is now gone from Moscow to Riga, from there it will go to Leningrad and after six other places it will go to Caucasus.

Have just received your letter 12th. I am glad to hear the chalan for 56/57 shall be now issued. We must make sure to work up the things for 57/58. Please make sure with the Revenue Inspector. Tell the Revenue Inspector to find out all the ways in which the 57/58 could be completed in the best way.

I am trying now to get my ticket for Bangalore but it is very difficult to get reservations by any means. I am trying for the 16th but they say even this is all taken. I will wire you the moment I know.

Please see Mr. Jilani as he is coming on the 15th. I am very anxious to see him to clarify certain points which have been raised by our Accountants here for the coming taxes. Things are much more complicated now and he can be very helpful on these issues. Anyhow, make sure that you see him and tell him that I am very anxious to see him also. I have written to him to this effect already.

I am very happy that the new area has been completed. You deserve all credit for having independently done this work. The seedlings will have several months after monsoon to grow up and by autumn they will already be well established and have a long period of growth after October when the seedlings usually have a second period of development.

I am trying to get pumps; several pumps are available. So far no Advance pumps have been found, but we found one Mayer's Pump.

Lever Brothers will send us the outstanding 16 drums and another 20 drums which will be brand new. More drums are available with them any time we need.
