The Assistant Commissioner,
Kulu.

Dear Sir,

I believe that Dr. Anthony Yalovenko, who is staying at our Hall Estate at Nagar, has mentioned to you the question of our Gun which was in temporary possession of our former employee, Kammath Kondil, for purposes of protection. The License for this Gun, which was in my brother's name, has been changed at Delhi to Kammath, Care of Dr. George Roerich, as Manager of the Hall Estate.

This Gun was never at any time given to Kammath Kondil except as a temporary possession and I have requested him repeatedly to return the same to our Dr. Yalovenko.

Unfortunately Kammath Kondil did not comply with my request and, as I understand from Dr. Yalovenko, he claims the Gun as his own property.

Since this Gun has never been given to Kammath Kondil I would like you to kindly take possession of it and keep it in the Thasil pending whatever steps you may consider necessary under the circumstances.

I enclose copy of a letter addressed to my brother by Kammath Kondil which contains a few inaccuracies, namely, that his services terminated on the 18th January whereas they in effect terminated on the 30th November 1948, and the three months salary which both my brother and I have decided to give him, as a matter of personal good-will, could have been collected by him at any time provided he complied with our request to return the Gun which was our property. The amount of Rs.225/- which constitutes that three months salary I shall be very glad to deposit with you and it may be given to him upon his returning the Gun.

I was unfortunately delayed in my coming back to Kulu

but I hope to visit our Valley before very long when I look forward to the pleasure of making your personal acquaintance.

Yours faithfully,

S. Roerich.
