The Barr Shipping Company Inc.,
25, Broadway,
NEW YORK 4.
U.S.A.

Dear Sirs,

Dr. S. Roerich

Dr. Roerich called on us yesterday and advised us that some 14 packages containing his paintings are at present lying in New York and he would like them to be shipped to Bombay sometime at the end of August. The approximate cubic feet measurement of each of these packages will be 25 cubic feet. The packages will be delivered to you by his representative when required for shipment and we would like an estimate of the shipping charges to be incurred at your end. This estimate should include all your charges as well as the approximate steamer freight New York/Bombay.

Dr. Roerich wishes to pay all the charges in Bombay and in case we can obtain necessary sanction from the Reserve Bank of India to transfer this sum to you please confirm that you will have no objection in remitting this sum to you at a later date and on receipt of your bill of expenses.

Insurance will be covered by Dr. Roerich in India.

Yours faithfully,
For COX & KINGS (AGENTS) LTD.

for Manager.
