C e m e n t

We very much regret the delay in replying to your letter No.DB-1614 dated 4th instant, as we have been trying to find our previous quotations which were sent you. Not to delay matters, however, the present position is that we are agreeable to supply our various brands of Cement which are available for sale at the time at Rs.57/8/- per ton f.o.r any station on the Kangra Valley Rly. You will notice our quotation is for full wagon-loads, and that we do not deal in lesser quantities.

All our output is guaranteed to exceed British Standard Specification, and in view of the Government Test Certificates we do not think you will insist on samples being sent.

Kindly let us know in which brand you are interested, when we will at once send you Contract Forms to negotiate your valued order.

TERMS: 10% deposit, balance cash against R/R through the Imperial Bank of India or the Allahabad Bank Ltd., or on hear-

ing that R/R has come to hand in Lahore, you may remit us the amount due per Registered and Insured cover.

Should you require retail quantities, i.e. less than a wagon-load, we have pleasure in referring you to our Stockists in Palampur, Messrs Joti Parkash Mast Ram, and we feel sure that your enquiries to them will have their immediate care.

Dear Sirs,

With reference to your repeated adverts in the C&M Gazette, we are much interested in the all steel window, and request you to send us descriptive literature, as well as complete pricelists for Bungalow stype window as also for for fruit godown, offices etc. We shall then consider their adaptability for our purposes.

Please also let us know the freight rate to Joggin- darnaggar N.W.Ry (and their resp. railway freights, packed in crates, we presume), as we are afraid the railways, and also the G.ive Transport Co. from Joggindanaggar to Kulu, will want to charge for "bulky goods" and this may make import impossible.

Thanking you in anticipation of your early and most detailed reply

Dear Sirs,

Your letter of the 6th inst. together with catalogue to hand, for which we thank you.

We regret however that same are useless to us without prices. We can furnish no plans as our requirements for bungalow fruit godowns, office, etc. may be very manifold, but to calculate their cost into our estimates, we would need at least some idea of their respective prices.

Please therefore quote for the two following sizes:

With curtain rod  
bracket

The left one to have two stay brackets and two point handles as your type H24, the right one to have the same number of stay brackets and handles, the middle pane remaining permanently closed. On receipt of your two quotations and specification as to weight, and railway freight to Joggindarnaggar N.W.Ry, we shall be glad to consider the possibility of using CRITTALL windows here.

Yours very truly,

Secretary

Dear Sir,

We are in receipt of your esteemed orders dated April 2nd and 17th respectively, together with deposit of 11/- for which please accept our thanks.

With reference to your former order we regret that this has not yet been despatched, as in the first place we have been overwhelmed with a rush of business, and secondly No M104 is at the moment temporarily out of stock. However, further supplies are already nearing completion in our factory, and as soon as these are to hand we will forward the whole consignment to you at the earliest possible moment.

In accordance with your request we shall pack the goods in a wooden box, which will involve an extra charge of 1/4d.

Hoping to be favoured with the continuance of your esteemed patronage, and assuring you of our best attention at all times.

Dear Sir,

Following the acknowledgment of your much appreciated order, we have great pleasure in advising you that the goods you require from us have been to-day despatched from our Works in accordance with the enclosed detailed invoice. We hope they will arrive in perfect condition.

It is our earnest endeavour always to deal with our overseas orders with the promptitude that is characteristic of this firm. In this instance, unfortunately, that was impossible owing to an unforeseen rush of orders on the particular goods desired by you, which exhausted our supplies.

If we have caused you any inconvenience by the delay, we sincerely regret it, but trust the satisfaction you will derive will more than recompense you for the period of waiting.

Assuring you that your further orders will always be welcome.
