Dear Sirs,

I have heard from some friends of your new Pathe Baby The Kid Projector to show films of 30 and 60 feet length and I shall be glad if you could send a descriptive catalogue of this and a pricelist. Also please let me know how many volt and ampere the lamp would take, or is it non-electric lighting?

I would also like to know whether the two reels (Liquid Air and Circulation of the Blood) have now been received by you and if not how soon I may hope to receive them?

Thanking you in anticipation of your early reply

Dear Sirs,

I thank you for your letter of the 25th inst. and for all particulars about the KID Projector which seems just what I need. I regret however that in all the leaflet sent to me, I could not find an illustration of the "KID", but before ordering it I want to have some idea as to its appearance. You mention that it is smaller in size, but I take it that it is made for the same Baby size films?

Please send me some illustration or leaflet of this small projector. THE LEAFLET MAY BE IN FRENCH, or GERMAN or any other language, as I know the first two languages well and can anyhow find my way about any leaflet. If you have a FULL CATALOGUE of Baby Films, (may also be in French) please also send one.

Thanking you in anticipation of your early reply

Dear Sirs,

I am grateful to my friend, Mr.H.L.Phaibus, Asst Commisioner, Kulu for his introduction to you and I enclose herewith his letter according to which you kindly agreed to allow the same rates as you extend to him.

I want to buy a "KID" Pathe projector, which is catalogue-priced at Rs:44/-. I require it with 6 Volt lamp 0.5 Amp, to use with battery. Should the above include a resistance, I would not require it, but if it cannot be separated, then I will take it with the resistance. Please inspect and test the projector and lamp before despatch, and please pack the cardboard well in soft woodwool in a wooden box, as mail is very roughly handled up hill here and please send it by VPOST to my address as above. I understand it will cost me about Rs:40/-.

Please also send complete catalogue and leaflet of everything apertaining to cinematography, also to magic projection lanterns, as well as a general catalogue of what you stock.

Thanking you in anticipation of your early delivery of the "Kid" projector by return,

Yours very truly

P.S. Mr.H.L.Phaibus asked me to correspond with you directly.

Dear Sir

We are in receipt of your letter of 20th inst, & the parcel of wicks is also dully to hand.

We have this day sent you two wicks of the other sorts in exchange of those returned by you, free of charge, as desired by you.

May we explain you the reason of sending the wrong wicks, you asked before, & this time too wick for HEATER. Now there are only two classes of General wicks one for all Numbered Heaters & others for all type of Stoves. considring that you want for Heaters the wicks were sent of that type. Had you mention the word "Stove" you must have received the right wicks first time however we are sure you will not find any trouble now & every thing will be found alright.

Dear Sirs,

I am in need of another "NEW PERFECTION stove No:II, Made in U.S.A." (manufactured by the P.Stove Co. Cleveland, Ohio, USA.)

Please let me know as soon as possible whether you can supply such, and at what price. If I make the order, the stove will have to be sent well packed in a case, to the Clive Transport Co. Pathankote, by V.P.Railway, with instructions to be forwarded hence by ordinary goods motor traffic to me at Kulu. Please therefore state the price and as well packing and freight up to Pathankote, and I will instruct the Clive Co to take over the case and pay the VPcharges.

As I am very much in need of the stove, I expect your early reply and shall then probably order it by telegram, and in that case please pack it well and forward exactly as per above instructions.

Dear Sir,

We thank you for your enquiry and have pleasure in enclosing herewith illustrated literature descriptive of the Remington Portable typewriter. This machine has now been on the market for some eight or nine years and its sale exceeds by many times those of all other portable typewriters combined. In India alone there are more than 40,000 SATISFIED USERS of Remington Portable Typewriters which is certainly not less than 90% of all portable machines.

The Remington Portable was the first Portable Typewriter to be built with standard keyboard and it so revolutionised the portable industry that its keyboard has been copied by nearly all other manufacturers of portable machines. The Remington Portable is, however, not a machine which has merely been cut down to half the size of the big machine, but is a real typewriter, and embodies principles and ideas which cannot be copied, and it stands today in a class by itself which is supreme. It is built by Remington Engineers in a Remington Factory, and for strength, durability, ease of operation & portability AND IN EVERY OTHER WAY is incomparable.

In order to introduce the Remington Portable Typewriter into every office and home in this country, we have decided to sell the machine on terms placing its purchase within the means of everyone. The full list price of this handy little writing machine complete in standard leatherette case is Rs. 244/- at Lahore, but we shall be glad to supply same at Rs. 220/- payable as - Rs. 24/- cash with order, Rs. 16/- after one month and the balance of Rs. 180/- in 15 monthly instalments of Rs. 12/- per month. It is necessary to sign the usual Articles of Agreement and also to provide us with a satisfactory guarantor whose name and address in full may kindly be communicated to us.

Kindly let us know whether you wish to take advantage of this offer in which case we will send you the Articles of Agreement for the signature of yourself and your guarantor. When the Agreement is returned to us duly signed, guaranteed and witnessed together with the initial payment of Rs. 24/- a new Remington Portable Typewriter will be sent to you.

Awaiting the favour of your esteemed order,

Yours faithfully,

Dear Sirs,

I am at present in possession of a three row "Corona" typewriter - on which this letter is being written - which I want to change now into a faster and later model, two-row. In this connection I would like to rather take a Remington, instead of a Corona again, and therefore request you to kindly let me know, whether you would buy the second-hand "Corona" from me and sell me the latest model Remington, and at what price and on what terms.

As I cannot unfortunately remain without any typewriter, it would be impossible to send you this machine on inspection unless you can send me a Remington first on an instalment agreement or some other terms. But I can give you a fairly well idea of what this machine is like and you may perhaps make an approximate offer. The "Corona" is of the folding type, used for some years, but in good condition, and these are the types:

Superlative Quality Typewriter Ribbons **at a special reduced rate** with a
hope that you will kindly favour us with all your further orders for Carbon
Papers, Ribbons &c., suitable for all makes of Typewriters but regret we
have not ^{yet} heard anything from you on the subject.

May we therefore beg to enquire as to whether you are satisfied
with the quality of Ribbons supplied and also whether you are inclined to
repeat your kind patronage **in future at the old rate** - Our great aim is to
have the fullest satisfaction and obtain kind patronage and confidence of
all our customers who have once favoured us with their orders.

We may here mention that every article we sell **is fully guaranteed**
and you will certainly not regret in investing in our well-known lines
and you may be rest assured that you will not fail to be more than satisfied
with the quality we shall supply you with and are confident that our prices
are far below those of other Houses.

All our goods are well-known and enjoy an international Reputa-
tion for their long wearing qualities combined with cheapness and every --
purchaser is our fully satisfied customer. They are largely used all over
India, Burma & Ceylon by Government Depts., Railways, Dist. Boards, P. W.
Depts., Municipalities, Banks, Indian States, Educational Depts., Commercial
Houses &c., and wherever introduced have given entire satisfaction and we
trust that we will have the same support in the hands of your goodself.

All our Ribbons supplied are wound on spools specially made to fit
the machines on which they will be used and they are **fully guaranteed against**
against climatic condition and may therefore be stocked freely without fear
of depreciation or loss. **It is the safest and cheapest to buy.**

This is not out of place to state that we are constantly receiving
consignments of all our goods and are thus always in a position to supply
you with any quantity from fresh stock on demand.

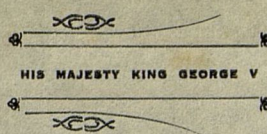

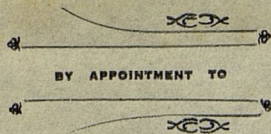

In thanking you in anticipation we hope to be favoured with your
esteemed order by return which we assure you will at all times receive our
best and prompt attention and place the best of our services at your dispo-
sal.

AN APPRECIATIVE GIFT

BEST
&
CHEAPEST

There is no gift more highly appreciated than a "Long-Life" *Self-Filling, Non-Leakable, British-Made Fountain Pen*. It is the *gift* that appeals to men and women everywhere. An indispensable Pen for Shorthand Writers.

The "Long-Life Pen" will give valuable service for years to come. The Crescent-filling device is so simple in construction that it never gets out of order.

A pressure on the Crescent, instantly fills and cleans the pen and the screw cap insures it against leaking. ... Rs. 8-8-0 each.

BRITISH MADE LONG-LIFE PEN.
Look at the **SPECIAL Price only Rs. 8-8-0 each for a Limited Period only.**

The Crescent-Filler is the simplest Self-filling device made. There is nothing complicated to get out of order. ... Rs. 8-8-0 each.

The "Long-Life" Pen is constructed from Best British Vulcanite and is fitted with the latest patent screw-top which positively prevents the cap ever getting loose or falling off. It also prevents the ink from oozing out when the pen is in the pocket. You can therefore carry the Pen with safety in your pocket and there is no fear of leakage.

Always Ready Ink-feed. The "Long-Life" Pen is fitted with all the latest improvements. Always Ready Ink-feed which enables you to write immediately *the nib touches the paper*. There is no scanty or excess flow of ink, just an uniform flow always.

A Pen of all points and for all hands with perfect writing qualities. The nibs are of unusually high grade and their writing qualities are perfect. No matter how particular your requirements are, we have a "Long Life" Pen that will suit your writing.

Velvet Gold Nib. The pen is specially constructed from solid 14 ct. Gold, Iridium Tipped, it is strong enough to withstand the hardest pressure yet flexible enough for those who write with a light pen nib touch and is so tempered that it writes as smooth as velvet. We can confidently say that this nib will outlast all others.

The screw cap feature makes the "Long-Life" a non-leakable pen.

 The "Long-Life" is the best *Self-filling pen* yet manufactured. Its merit has been proved "just" by millions of users during the past several years.

A Safeguard Against loss of Pens.

Many fountain pens fall out of pocket and are lost. The "Long-Life" clips are on the cap of every pen to hold it firmly. These clips are of heavy gold plate and are permanently attached to the cap of the pen as illustrated. The greatest clip value ever offered.  **Special prices for large orders.**

JULY 1930 LIST. The Fountain Pen that never Lets the user Down.
"LIFE-LONG" The one you will eventually use. Why not order one now ?

Quality, Price and the Recommendations of our Satisfied Customers
are the "Key-notes" of our Success.

A Fountain Pen is Essential To True Office Economy

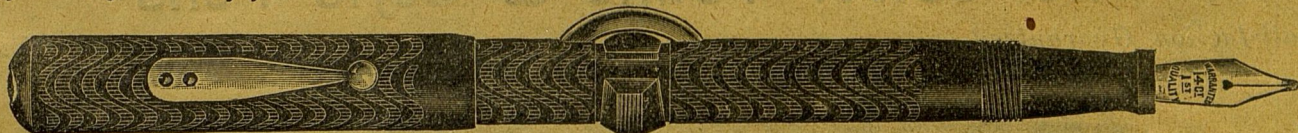

PRESENTATION PENS

For Birth-day, Wedding, New Year, X'mas' Pujas, &c.,

SELF-STARTING, SELF-FILLING AND NON-LEAKABLE.

Fountain Pens make Splendid Gifts.

The World-wide Popularity of these pens and the great satisfaction they have given to our clients in every country for many years enable us to continue to recommend them as pens which stand alone.

It will be a pleasure for us to demonstrate the "LIFE-LONG" SELF-FILLING FOUNTAIN PEN to you, the next time you visit our establishment.

There is no gift more highly appreciated than a "Life-Long" *Self-Filling, Non-Leakable Fountain Pen*. It is the *gift* that appeals to men and women everywhere. An indispensable Pen for Shorthand Writers.

The "Life-Long Pen" will give valuable service for years to come. The Crescent-filling device is so simple in construction that it never gets out of order.

A pressure on the Crescent, instantly cleans and fills the pen and the screw cap insures it against leaking. ... Rs. 8-8-0 each.

LIFE-LONG PEN.
Look at the SPECIAL Price
only Rs. 8-8-0 each, for a Limited
Period only.

The Crescent-Filler is the simplest Self-filling device made. There is nothing complicated to get out of order. ... Rs. 8-8-0 each.

"The Life-Long" Pen is constructed from the Best British Vulcanite and is fitted with the latest patent screw-top which positively prevents the cap ever getting loose or falling off. It also prevents the ink from oozing out when the pen is in the pocket. You can therefore carry the Pen with safety in your pocket and there is no fear of leakage.

Always Ready Ink-feed. The "Life-Long" Pen is fitted with the latest improvement. Always Ready Ink-feed which enables you to write immediately *the nib touches the paper*. There is no scanty or excess flow of ink, just an uniform flow always.

A Pen of all points and for all hands with perfect writing qualities. The Nibs are of unusually high grade and their writing qualities are perfect. No matter how particular your requirements are, we have a "Life-Long" Pen that will suit your writing.

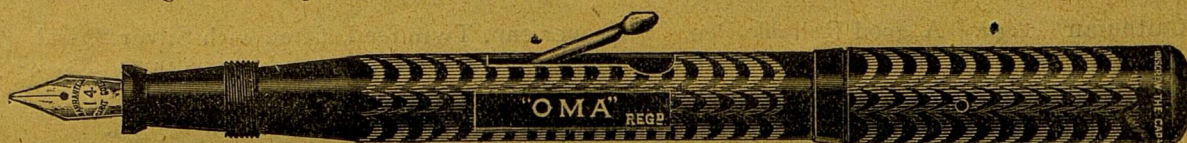

Velvet Gold Nib. The Nib is specially constructed from solid 14 ct. Gold, Iridium Tipped, it is strong enough to withstand the hardest pressure yet flexible enough for those who write with a light pen nib touch and is so tempered that it writes as smooth as velvet. We can confidently say that this nib will outlast all others.

The screw cap feature makes the "Life-Long" a non-leakable pen.

The "Life-Long" is the best *self-filling pen* yet manufactured. Its merit has been proved "just" by millions of users during the past several years.

A Safe guard Against loss of Pens.

Many fountain pens fall out of the pocket and are lost. The "Life-Long" clips are on the cap of every pen to hold it firmly. These clips are of heavy gold plate and are permanently attached to the cap of the pen as illustrated. The greatest clip value ever offered.

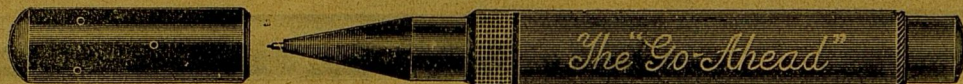

The "Oma" Pen—Has for about a quarter of a century gained more users every year. There are other fountain pens good and otherwise, but when you buy an "Oma" you know you have a guarantee of excellent workmanship, perfection of detail and absolute reliability which has been consistent with the 'Oma' Manufacture for a generation. Every Oma pen is guaranteed. 14 ct. Gold Nib. ... Rs. 7-8-0 each.

Similar Pens are sold in the market at double the Prices.

The "Go-Ahead" Pen—Extra thick holder, shorter than usual but holds as much ink as that of an ordinary sized Pen. Most suitable for the Vest pocket. A very Reliable Twin feed pen with 14 ct. Gold Nib. Complete with Box, filler, and full instructions. ... Rs. 4-8-0 each.

The "Go-Ahead" Stylo—A distinctive Short, thick Stylo with different coloured top, cap and section. Has the Latest Spiral action, writes as *Smoothly* as a Lead Pencil. **WARRANTED PERFECT Ink Pencil.** Recognised as the *Smoothest Stylo* yet produced. Complete with Box, filler and full instructions. Rs. 4-0-0 each.

Fountain and Writing Inks. The most pleasant Ink to write with. Does not clog Fountain or stylo pens. The most permanent Ink ever made. Absolutely non-corrosive. Will not corrode steel pens.

MODERN TYPEWRITER CO., THE PIONEER & CHEAPEST HOUSE, 7, Bentinck Street, CALCUTTA. P. T. O.

ALL OUR GOODS ARE MANUFACTURED by the largest and best equipped factories in Europe and America devoted entirely to the manufacture of Typewriter and Duplicator Accessories and Office Appliances generally.

THE SECRET OF EXCELLENCE lies in the fact that the very best materials only are used in the manufacture of our goods ensuring the highest grades and absolute uniformity.

The Basis of a Successful Carbon Paper Trade

is to supply you with the grade exactly suited to your particular purpose. For instance, a carbon coated on a thick paper would not give three or four satisfactory copies at one writing. Again a Pencil Carbon Paper will not give good impressions, if a pen is used to write the original. Therefore it is always business-like to find out the purpose for which the Carbon Paper is wanted and then place your orders accordingly. Write to us we will help you in this for we import and supply the right Carbon in the right place.

Carbon Papers.

There are three different qualities of CARBON PAPERS, the Typewriter, Pen & Ink and Pencil. Each being manufactured for its own particular purpose and one will not satisfactorily work for the other.

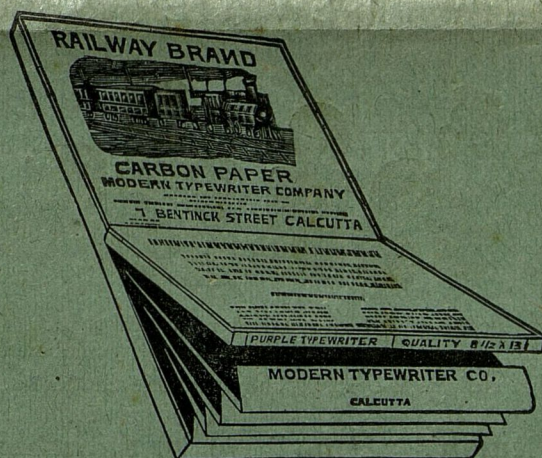

All our Carbon Papers are made by the latest and most efficient Machinery. The greatest skill and care are exercised in the process of manufacture, and the materials used are the finest that can be obtained. Consequently they are unsurpassed in quality.

Non-Grease "RAILWAY" Brand Typewriter Carbon Paper

Used by all Typists and Sold by big Stationers.

**It gives clear
copies.**

Its hard clean coating gives copies as sharp and clear as the ribbon impression and the copies will erase clean without smearing.

**It has a long
life.**

It gives off only sufficient of its coating at each stroke to make a clear impression and therefore it lasts much longer than ordinary carbon paper.

It is clean to handle

Our Carbon Paper is free from grease in any form. It can be handled freely without soiling either the fingers or the letter paper, or the duplicate copy.

COLOURS:
ROYAL-PURPLE,
VELVET-BLACK
AND SKY-BLUE.

Its work is permanent.

The purest and most costly pigments are used to ensure permanency and all the raw materials are tested by a qualified staff of chemists.

Press Copyable Carbon Paper.

We have Copying Carbon Paper of superior quality for making Letter Press Copies. This gives a cleaner impression, will be found to produce better results than any other Copying Carbon, is very durable and produce strong intense and permanent copies. The Highly concentrated colours used give them unusually strong copying power. It is very useful for many commercial purposes.

The writing made by the use of this carbon paper may be copied in Letter Press Copying Book or upon the Roller Press in the same way as writing obtained from a Copyable Ribbon.

The use of this Copyable Carbon Paper saves the Typist the time and trouble of changing from a Record Ribbon to a Copying Ribbon. The operator can always use a Record (non-Copying) Ribbon instead of a copying one ensuring neatly written letters going out and avoiding smudging letter papers by hurried copying and is also very useful in many ways better known to Typists.

Made in Royal-Purple colour only as the most desirable for regular use.

Foolscap size 8 1/2 x 13 @ Rs. 3/- per doz. or Rs. 20/- per box of 100 sheets.

Our Bright Transparent Blue Pencil Carbon Papers

are manufactured by special process which makes them quite clean to handle. They are made in Blue which is the colour generally used and are noted for their beautiful *silk finish brilliant colours* and the very sensitive touch which makes the ideal carbon paper for pencil copies. They produce exceptionally clean sharp Bright and Permanent impressions and are exceptionally durable, free from oily matters. They are largely used by **Railway Companies, Municipalities, Postal Depts., Port Commissioners &c. &c.**, all over India, Burma and Ceylon, with entire satisfaction. **Demy size 17 x 22 @ Rs. 45/- per Ream.** Prices and qualities cannot be equalled.

Pen & Ink Carbon Paper for use with ordinary Pen and Ink only.

Our extremely sensitive Pen & Ink Carbon Paper is the only really satisfactory Pen and Ink Carbon that has been made to reproduce readable copies from the writing of an ordinary pen.

With a good Pen Carbon you should be able to write with ordinary freeness. Use your best pen to obtain a perfect fac-simile of your original Manuscripts, Invoices, Shipping Bills, Reports, Orders, Statements, Cash Memos, Letters, Documents of all descriptions &c. With our Pen Carbon you can do both,—it is so responsive to the touch, that even your lightest up-strokes are clearly copied.

There is no risk of objectionable, smudgy, untidy-looking duplicates when using our Pen & Ink Carbon. This Pen & Ink Carbon enables you to send your customers neat pen and ink originals, and to retain for house use a duplicate as clean and clear that the most exacting Accountant will commend it.

Our Pen & Ink Carbons will give you two to six good readable copies at one writing with ordinary pressure or it will give you one dense, clear copy with quite a light pressure.

Pen and Ink Carbon Paper that is clean.

This Carbon Paper is manufactured specially for us for Pen and Ink writing to suit the Indian climatic conditions.

When a pen Carbon Paper is sufficiently sensitive to give clear impressions from pen writing, it is apt to be very dirty to handle—But such is not the case with our Pen Carbons. Our Pen Carbons have one feature in common, namely, they shed no oil or grease on the pages of the book—simply because they do not contain any. They are made from an entirely new and distinctive formula and are not effected by either time or temperature. They can be kept in stock for any period—in fact the longer our Pen Carbons are kept the better results will be obtained.

Our Pen & Ink Carbons are as clean as possible. If a hard Pen Nib or Stylo Pen is used, two to six good readable copies can be obtained at one writing without undue pressure. Sky-Blue is the colour generally used and recommended.

Beautiful Clean Carbon Copies—

ONE of the joys of using MODERN'S "WARRIOR" BRAND Carbon Paper is that it is clean to handle always. The non-grease coating is hardened throughout—not merely on the surface. Consequently, it keeps clean all the time it is in use. It never soils the paper and gives copies that are as clean and sharply defined as the original writing.

MODERN'S "WARRIOR BRAND" Typewriter Carbon Paper makes beautiful clean file copies always—the characters are as clearly defined as the original letter—and you never get "fuzzy" fractions.

Dear Sir,

I have used your Press Copying Carbon paper, and I have pleasure to give an unsolicited opinion as to its quality. I have in the first instance obtained the largest number of copies I have ever obtained from any other quality with absolute cleanliness. The brilliancy of colour after press-copying is also remarkable. The carbons did not soil the fingers nor the paper.

I can candidly say that the quality is simply A1.

Dear Sir,

We beg to acknowledge with thanks the receipt of your esteemed -- order of 3rd instant and have much pleasure in advising despatch of the goods ordered therein by to-day's V.P. Post and trust that when the parcel will be tendered to you by the Postal Authorities at your end you will take the -- necessary steps to obtain delivery.

BLOTTERS & ERASER SHIELDS. We take this opportunity in handing you herewith a few of our Monthly Blotters and 2 Eraser Shields which we hope will be of some use to your Typist and would request you to kindly accept them with our Compliments.

The Eraser Shields are for confining the eraser to any particular letter or figure and to protect adjoining writing when erasing. They are ~~near~~ meant for our Superlative Quality Ribbons suitable for all makes of Type-writers (Standard & Portable).

We beg to hand you herewith our bill of cost for your kind perusal which we hope will be found correct.

We are sure that you will find these goods satisfactory in every respect and trust that this small order will be followed by many repeated ones.

We shall deem it a special favour if you will kindly recommend us to your friends for our well-known Typewriter & Duplicator Accessories &c.,

We are here to serve you according to your requirements and to the best of our ability and we shall at all times endeavour to serve you well and to your best advantage.

In thanking you again for your above order, we look forward with pleasure to receive your continued kind patronage which we assure you will at all times receive our best and careful attention.

Dear Sirs,

With reference to my previous order of Nov 28,
please send again

1 doz. TYPEWRITER RIBBONS for Corona Portable typewriters
in BLACK "ALPAD ORIGINAL" in small green
square tins. @ Rs:12/- p. doz.

Please also add a couple of eraser shields.

Kindly take best care that ALL ribbons are black
only, as in the lastmentioned instant some of the ribbons
were found to be half black/half red, although only BLACK
had been ordered then.

I would also like to request you very much to
kindly send me, if possible, and at some small charge extra,
some two or three dozens of EMPTY typewriter ribbon TINS,
as there are no shops about near here, we are absolutely
isolated in the hills, and because of insects there is a
lot of things one needs to keep in tins. The tins may be of
different sizes and shapes, but preferably all square,
as these hold more. This may seem a strange request, but
knowing your very kind attitude in always wishing to oblige
your customers, we shall especially appreciate your kindness
in complying with this request, which is an important matter
for us.

Dear Sirs,

We owe your address to Messrs Greaves, Cotton & Co, Ltd. Bombay, to whom we had written about "CORONA" Typewriters.

We have several CORONA machines and are satisfied with them. We would now require another portable, of the latest style, in color (dark blue preferred), and in this connection request you to kindly send us your latest catalogue, with full prices, also to inform us of your instalment system of payment.

We require a machine with the SMALLEST POSSIBLE type, called we believe in the U.S., "pearl type". Please send us a sample paper typed on this machine. The ordinary "pica", (on which this letter is written) is too large for secretarial and private work.

Dear Sir,

We beg to acknowledge the receipt of your letter dated 25th August, 1930.

We could not send the reply early as the undersigned was out of station.

We also beg to acknowledge the receipt of your money order for Rs 28/8/- receipt whereof has already been sent.

Approximate Date. We hope to deliver the machine towards the end of October.

As desired I am arranging to send you the Literature required.

We have noted your remarks regarding the mode of payment for the subsequent instalments which will be carried out.

Paper Bail and Paper Fingers. We have noted your remarks with regard to the same. If you will care to follow our advice we would suggest your getting machine with paper fingers, moreover this is a Standard equipment. In case you would like the machine with paper bail then we will get you one. We do not carry the paper bails in stock and would therefore have to get from America.

Label Holder. This will cost you Rs -/8/- Ex Stock Lahore.

Assuring you of our best attention at all times.

Dear Sir,

We beg to acknowledge with thanks the receipt of your letter of the 3rd August.

As desired we are enclosing herewith Literature pertaining to Corona Four Portable machines and we trust you will find the same interesting. On page marked * you will find colours in which Corona ^{are} obtainable.

We can at the moment supply Corona machines in Pica Type and are enclosing herewith a specimen of work done on the Corona Pica machine which we hope will meet your satisfaction. Should you desire to have an Elite Type machine (specimen enclosed herewith) then we can get you the same within two to three months from the receipt of the order.

The Cash Price is Rs 172/8/- and on instalment Rs 188/8/- First instalment to be of Rs 28/8/- and balance in 10 equal instalments of Rs 16/- each.

Corona is small sturdy machine equal in all respects to standard machine except size.

Dear Sirs,

Your favor of the 12th inst. together with leaflets just to hand, for which we thank you.

After careful consideration I have decided to order a CORONA again, and my only regret is that you do not have the machine I want, in stock. I would therefore suggest that you order it by DLT cable and I am well prepared to pay Rs:5 extra to meet these costs. Carefully going thru your catalogues, I request you to get

- 1 FOUR ROW CORONA, latest type, Maroon color with gold rippled panels, in the narrow spaced MICRO type, as both Pica and Elite are too large for my purpose.

I take it that ordering it by cable would bring the machine from the USA in one or one-and-a-half month. I would like to buy on the instalment system, but am ready to begin payments immediately (Rs:28/8 first payment, and Rs:16 monthly the following ten payments), provided you confirm my order exactly as above by return of post, enclosing a copy of your cable order & receipt, when I shall also add Rs:5 towards the telegraphic costs, thus sending you Rs:33/8 by MO on receipt of your confirmation.

Thanking you in anticipation of your early reply

Dear Sirs,

Your favour of the 19th inst. to hand and accordingly we have sent you to-day by M.O. the amount of Rs:28/8 as first instalment on the CORONA FOUR, Latest Model, Micro Type, Maroon & Rippled Gold color, 1-1½-2 spacing, which you have ordered for us by cable and we trust to will receive it soon. We shall be glad if you would kindly let us know an approx. date when you expect the typewriter to reach Lahore.

In the meantime will you please send us a copy of the handbook of complete instruction now (of the latest 4 row model) in order that we may study the construction, as it is the intention of the undersigned to know the machine well and treat it thus with care.

Please also send us 4 to 5 copies of the four-folding leaflet (showing a lady on a chair, and coloured reproductions of the machine) Form No-AC-71, as I want to recommend the machine to some of our friends. We would greatly appreciate if you could also send us another copy of the yellow booklet "Corona Typewriters" in which the Type faces are shown.

With regard to subsequent monthly payments, we would suggest in order to eliminate unnecessary correspondence or reminders, that you send us your receipt at the end of each month for Rs:16/- by V.P.Post.

On carefully going through your leaflets we found that CORONAS are supplied with either two paper fingers or with paper bail (graduated to the number of letters per line). If our machine will have no paper bail, we would like to have one fixed. As micro spacing is 12 to an inch, the same as Alite, we hope that you have a suitable

Dear Sirs,

Further to our letter of the 15th of August, we are in receipt of your letter of the 14th Sept, for which we thank you but much regret the promised instructions book and leaflets have not yet reached us. We shall be obliged if you will kindly send us same as soon as possible by REG mail, as booklets sent by ordinary mail are liable to be lost in the mail.

Please also send us by V.P. POST a well packed one label holder for Annas 8, to fit the standard four-row CORONA.

Regarding PAPER BAIL we will wait until the machine will be received and will make our decision about the paper fingers afterwards.

We trust the machine will be received by you within a month or so now, and request to forward it to us on arrival VERY SECURELY PACKED (the original corrugated cardboard box in another wooden box) as parcels are VERY ROUGHLY handled in the hills here. Please let us know whether the wait will allow for sending it by mail, as forwarding to Kulu Valley by any other means is rather complicated and takes much time.

Dear Sirs,

We thank you for your letter of the 6th inst. enclosing the Handbook on How to Use the CORONA, receipt of which we hereby acknowledge. Another copy will no more be required when sending the typewriter.

Since it is possible that the typewriter will now soon be received by you, we request that best care is taken when sending it, as mails are roughly handled by the postal runners in the hills here. We would suggest that you send in original packing, without opening inside shipping screws, etc. as the undersigned is well acquainted with this work. We hope (judging that the net weight is about 12 lbs) that the parcel may be forwarded by mail, as the time lost and complication when sending by combined railway and motor service would be most inconvenient, as the last motor station is 28 miles journey away from here. We therefore trust it will be possible to have it sent by post.

Since you have not collected the monthly instalment on October 1st by V.P. letter (as suggested in our letter of Aug. 25 and confirmed by you in your letter of Sept. 4th), you may now on sending the machine collect both instalments (also for Nov. 1st) by V.P. parcel post, adding also the cost of postage from Lahore to here.

Dear Sirs,

Some few days ago we have received your parcel as per delivery note 7469 supposed to contain 1 doz. black typewriter ribbons for REMINGTON PORTABLE, but on opening the first tin this morning, we find that it contains ribbons for the big Standard Remington, which do not fit the PORTABLE machines. I have consequently returned the parcel to you to-day by reg. parcel post, and request you to kindly send immediately the required doz. of black typewriter ribbons for Remington PORTABLE.

In your bill you charged us with Rs:16/12 & postage. If this is the price for the large ribbons, then the smaller ones are no doubt cheaper and in this case we request you to send us as many more ribbons as to make up the amount paid to you. Further: as you will note from your invoice and from our letter of Feb. 2nd, our order was exact and strict for PORTABLE Remington ribbons, thus the postage both ways (Rs:1/3 and return -/11, total 1/14) is accrued by no fault of ours, and we would expect that you kindly compensate us with extra ribbons.

Please pack with great care.

Yours very truly,

Dear Sirs,

Please send by V.P.POST (Well packed, as mail is VERY ROUGHLY handled by postal tunners up in the hills here)

2 bottles Lubricating oil HMV. @ 12 Annas
1 tube Motor Grease Lubricant, HMV 1/4
1 tube spring Lubricant 1/4.

We would also like to enquire whether the No:4 soundbox would fit the new Victrola gramophone. We have had one recently sent to us from U.S.A. but the sound it broken, (the neddle arm has become detached, but perhaps this may be repaired?).

Thanking you in anticipation of your early reply

Dear Sir,

In acknowledging receipt of your letter of the 16th inst. we write to say that we can supply the tuning key and wedge etc. for tuning of pianos and their prices are as follows:-

Tuning Key, square bore at Rs. 8/8/-

Tuning fork "A" - - - 3/8/-

Tuning Wedge - - - 1/8/-

As regards sending a tuner to Kulu, our travelling tuner does not as a rule visit Kulu Valley, but we will gladly consider sending a European tuner with a misty assistant if you will kindly give us details of work and the number of pianos required to be tuned. On receipt of your reply if we find it is worth our while, we will arrange to send the tuner and misty *later on in Spring or early Summer.*
~~as soon as possible~~

Awaiting your further esteemed orders and assuring you at all times our best attention.

yours faithfully,

Dear Sirs,

In writing to dealers we continuously receive replies that the records we want are out of stock, etc. it seems that serious good music is not to be had. We are therefore referring to your catalogue July 1930 and are sending herewith a list of records we are interested in. Will you please notify us what numbers of these you have in stock and their prices. Please also send us the latest COMPLETE catalogue.

The last record mentioned I had bought in London and I remember distinctly it was a large plum HMV record, but cannot find its number in the catalogue.

On hearing from you we shall give you our definite order, to be sent to us by V.P.POST, carefully packed.

Thanking you in anticipation of your early reply

For ELLERMAN'S ARRACAN RICE & TRADING COMPANY LIMITED.

Enclo. Leaflets.

SAMSON FUEL BATH HEATER - This Heater which has been very popular in Australia and South Africa has been in use in India now for over a year. To those people who require a supply of hot water at a trifling cost the Samson Heater is a sound investment. This heater is suitable for any bathroom, hospital or laboratory and can be placed outside on a small masonry pier or platform and connected with rubber hose to the cold water tap. Only a few pieces of wood and old newspaper placed in the fire grate and lighted, give in a few minutes, an abundant supply of hot water. All parts of the heater are strongly made to avoid leakage and the heater is so constructed to avoid bursting by any careless working. Price of Heater on application.

Our Engineering Dept. will be pleased to advise and send diagrams for any sanitary installations on receiving detailed requirements.

BATHS - Our white porcelain enamelled pressed steel Baths stand out for Service and Economy. All baths are complete with fittings for waste and overflow. Large numbers have been bought by the Indian Stores Dept., Tea Gardens and Hotels, etc.

Sizes & Prices:- "DELFIN" -- 5' 10" x 2' 7" x 1' 10" Rs.115/- each

"NEPTUNE" -- 5' 3" x 2' 4" x 1' 11" " 105/- "

THE SAMSON BATH HEATER

This Heater is not a new idea on the market. It is of Australian origin, where it is extensively used. Large numbers are also used in South Africa. It may therefore be said to be a proved proposition.

The heater is a double shell cylinder, about 5'6" high 12" dia. at base and 5" at top, made of stout Galv. sheeting. The fuel box (for wood) is small, one charge of which will give approximately 10 to 18 gallons hot water, according to pressure available, and also to temperature required. The latter is obtained by regulation of the cold water tap on the inlet pipe which is at the bottom.

Before lighting the fire, the cold water is turned on, and within 2 minutes of the fire being lit, hot water is available. Stoking is practically speaking not necessary if the fuel box is carefully packed, as, already stated one charge will give sufficient hot water for a bath.

The best position for the heater is outside the bath room, say under the roof eave. In this position it is conveniently accessible by servants, and there is no trouble about the fixing of the flue or chimney. Weather conditions will not damage the heater.

As the heater must sit at the same level as the bath room floor, it may be necessary to build a small masonry plinth 15 or 18 inches square.

Erection is a simple matter and can be done by any local mistry. There is only one pipe connection to make i.e. from heater to the nearest water supply pipe to the house.

If placed outside the bath room under the roof eave a hole will be required in the wall to pass the hot water delivery pipe. That is however only a small matter.

Another suitable position is a back verandah if one exists conveniently near the bath rooms, but in such a position suitable arrangements must be made to pass the flue or chimney through the ceiling and the roof. One length of chimney is supplied with the heater (approx. 4') but extra lengths can be supplied at extra charge.

A heater may be used to supply two or three bath rooms, provided the bath rooms are not spaced too far apart from each other.

Extra fittings are required on the hot water discharge pipe, which we can supply at extra charge but we cannot definitely advise the feeding of several bath rooms without a sketch plan of the whole house, showing positions and size of bath rooms and approx. dimensions of rooms.

The Samson Bath Heater is practically fool-proof. It is a very great convenience to any household. It is extremely economical as regards fuel, and gives hot water immediately as required. Its cost is Rs.95/- f.o.r. Calcutta. Freights by Goods train is low, in very few cases exceeding Rs.5/- to any part of India.
