My dear Mr. Roerich,

It was indeed a great pleasure for me to have met such a charming man as you. I do hope the synopsis which you had asked for will satisfy the purpose for which it is meant. If it is lacking in any respect please do let me know and I shall send you whatever further information which you may require.

I do hope you will succeed in helping me to secure a good position in any one of the reputed firms to whom you are known, either in Bombay, Calcutta or Delhi.

I have sufficient confidence in myself to work hard and conscientiously to make good in whatever task which might be entrusted to me.

I do hope you will forgive me for the trouble which I am giving you.

Thanking you very much in anticipation

I remain,

Yours sincerely,

Minoo.

Minoo K. B. Capadia,

Address as above.

I was born in Bombay on the 10th of January 1928 and started my Education at St. Mary's High School in 1938. I passed my Matriculation Examination in 1946.

In June 1946 I joined the St. Xavier's College of the Bombay University and after successfully passing the First Year Arts Examination and the Intermediate Arts University Examination I Graduated in 1950 in due course.

After passing my Intermediate Arts in 1948 I took up Economics, Politics, History and Additional English as my Voluntary subjects in the B.A. Examination and qualified myself for the degree in 1950.

In January 1948, while still at College, I was offered the post of an Organiser at the "New India Assurance Co.Ltd", but I had to decline the offer as I was keen on completing my course of Education.

I am herewith enclosing copies of testimonials from :

I have known Mr. Minoo K. Capadia for only a short time while he was doing his Senior B.A. in this College. He has impressed me as an extremely well-behaved and refined young man with a good deal of initiative and seriousness of purpose. I am glad to say that he has given satisfaction in his studies, and that his conduct has been above reproach. I trust that his personality and character will combine to make of him a distinguished Xavierite and a worthy citizen of India.
