BANGALORE, Dec. 25. — An exhibition of paintings of three Baltic Republics of the Soviet Union — Estonia, Lithuania and Lavia — was inaugurated here today by Governor A.N. Banerji who described it as a collection that was full of "interest and individuality".

Discerning a common invisible thread between all the paintings, Mr. Banerji urged all art lovers in the City

and particularly students to absorb the richness of the paintings which left a "soothing effect and a lasting impression on the mind."

Mr. S. Roerich, Trustee, Chitrakala Parishath, stressed the ability of art to unite people of different countries leading to the fulfilment of the universal dream of a world of peace, which would give people the opportunity to "create wonderful things to enrich our values." He hoped that the present exhibition would further the hopes of evolving a new humanitarian society to counter the tremendous waste and loss to armament expenditure and other worldly disasters.

Mrs. K.S. Nagarathamma, Trustee, Chitrakala Parishath, welcomed the Bangalore University's approval of the five-year integrated art course from the next academic year, 1986-87.

She said the first phase of the Art Complex costing Rs. 42 lakh had just been completed.

Mr. M.S. Nanjunda Rao, Parishat General Secretary, proposed a vote of thanks.

The exhibition has been jointly organised by the Department of Culture, Government of India and Lalit Kala Akademi under the Indo-USSR Cultural Exchange Programme. It will be on view at the Art Complex of the Parishath till December 31 daily between 10 a.m. and 7 p.m.
