New York City

Dear Mr. Fosdick:

Thank you for your continued interest and efforts in behalf of MIND MAGAZINE. It was a privilege to read Professor Roerich's articles. Assuming that you are in a position to authorize the reprinting, we are planning to use "Dangerous Diseases -- Gossip and Slander" in the April issue, in which will also appear your "Direction". We plan to use "Heavenly Gifts" in May and very likely "Holy Guardians" in June. We hesitate to have so many reprints, but we hope that our gratitude for these may at some future time encourage Professor Roerich to offer the world some of his new work through our pages.

Very sincerely yours,

MIND MAGAZINE
