Bombay

Dear Sir,

The next issue of the March of India (a government's bi-monthly intended for circulation abroad) will be exclusively devoted to the Himalayas and to make it a success we solicit your cooperation and assistance.

We feel that you could write authoritatively on "Customs, manners and life in the Himalayas" and we shall be grateful indeed if you kindly contribute a popular article of about 2,000 words on the subject.

Any photographs to illustrate your article that you might consider appropriate would be most welcome. The article and the photographs may be sent on or before September 15, 1952.

An early communication regarding your acceptance of our request would be appreciated. Incidentally all contributions appearing in this journal are paid for at our usual rates.

Thanking you,

Yours faithfully,

(Dr) S. Man Mohan
Editor, The March of India.
