TO WOMEN'S CLUBS

(The President)

Mrs. Louis L. Horch, a Vice-President of Urusvati, the Himalayan Research Institute of Roerich Museum, has just recently returned from a visit in Kulu Valley, in the Western Himalayas, where she had an unusual opportunity to see the native life of this remote district.

It has occurred to us that your club, which is known for its cultural work and its keen interest in the advancement of art and science, may be interested in having Mrs. Horch lecture on her trip to India and the Himalayas at one of its meetings. Mrs. Horch would also be glad to show slides and moving pictures taken in Lahul and the Kulu Valley, making a very vivid and colorful addition to her description of the life, customs and beliefs of the people of this region, which is generally known as the "Valley of the Gods."

The Himalayan Research Institute would be very pleased to offer you this lecture by Mrs. Horch, waiving the lecture fee. If you are interested, will you please let us know what time would be most suitable for you to present this lecture?

Should you be interested in having the lecture held for your members at the Roerich Museum, we would be glad to do so, and if you would care to combine it with a social function for your group, you could arrange a luncheon party or tea at the Museum restaurant.

Either arrangement would be agreeable to Mrs. Horch.

Hoping to hear from you, we remain

Most sincerely yours,

Vice-President
