

AMBASSADE DE BELGIQUE

August 3rd, 1932 .

Mr. Louis L. Horch
President,
Roerich Museum,
New York City.

Dear Sir:--

Please accept my thanks for your recent letter informing me that an Exhibition of Art Cities will be opened at Bruges this month, and that it will be dedicated to the Roerich Pact for the Protection of Treasures of Art and Science.

Although I am deeply interested in the protection of such treasures, I do not feel that I am in a position to express a competent opinion as to the best methods by which the desired result may be achieved. However, it gives me pleasure to know that the subject will be discussed with my compatriots in the sympathetic atmosphere of our ancient city of Bruges.

Very sincerely yours,
The Belgian Ambassador

(Signed) Paul May
