Mr. F. Ballard Williams,
Chairman American Artist's Professional League-

My dear Mr. Williams:

I sent to the Resolutions Committee of the General Federation several of the bills sponsored by the American Artist's Professional League to be presented for action during the Council meeting in Arizona in April where the delegates representing three million federated club women will convene.

I just received from Washington a telephone message asking for more information concerning the Roerich Pact, the secretary said the War Department, State Department, Cocoran, American Federation of Arts and other groups had never heard of it. No bill in the House etc.

I told them all I know about it but they said I had better have full information concerning it so that I may be able to answer all questions intelligently when the Resolution comes up in Arizona .

Would you please tell me who originated the idea ?
What other groups have sponsored the question? Whether a bill is to be presented for action etc.

Thanking you,
Yours cordially,
(signed) Florence Topping Green
