Dear Mr. Oberg,

I had written to Mr. G. Soderbom at Kalgan on October 31st, but since I am not so sure whether he is actually at Kalgan, I am writing to inquire about the disposal of the Dodge motor car, horses and various field equipment left for sale at Kuei-hua.

Please let me know how the matter stands, as I am pressed for reports by my Department.

Please transmit our hearty greetings to Mrs. Oberg and Mr. Soderbom, and with best wishes for the coming year,

Yours sincerely,

Dear Dr. Roerich,

I received your letter the other day. Mr. Soderborn was here so I gave the letter to him. He said then that he had already informed you what had been said. - Your car is still standing in our compound here with canvas over it. Mr. Soderborn hopes to be able to sell it I think but it is probably not so easy with the present developments around here. We are, however, not experiencing any sensations and everything seems quiet on the surface.

The other day I saw Mr. Soderborn working with plants for you that he had acquired from Etien Goh. I suppose he will be sending them soon.

Hoping that you are successful in your work I am,

Best regards to you - Yours sincerely  
+ Prof. Roerich from my wife and myself. Torngny Oberg

Dear Mr. Oberg,

No doubt Mrs Oberg will remember that during our passage through Kuei-hua in September, 1935, she gave us a signed bill dated Sept. 6th, 1935, for the sum of Mex. \$ 13.00 covering room and board for 4 men. Could Mrs Oberg kindly send me another copy of this bill duly receipted? The original of the bill has been sent by us to the Department of Agriculture, but they claim that the bill was not properly receipted, although signed. I am sorry to cause you this trouble. Please send the receipted copy of the bill by registered letter to the above indicated address.

We hope that everything is well with you both, and that Mr. G. Soderbom has a successful time with his business. Please tell him how much we appreciate his efforts in selling the expedition equipment, and that we were very glad to receive his cable of May 9th. Also please remember me to Serat.

With best wishes, and hoping to hear from you soon,

Yours sincerely,

TORGNY OBERG

Dear Mr. Roerich,

Your letter arrived here yesterday, and I am now sending you a receipted copy of the bill.

Everything is fine here at present, but we don't know for how long, because the political situation is very uncertain.

My husband is very busy, so I write in his place. We will remember you to Mr. Soderborn, when we see him. He and his brother have their own place now. —

We have a little baby-girl, and it's lovely to have her company, as my husband is travelling around quite a bit.

Please remember me to professor de Roerich!

With best wishes from my husband and myself,

I am Yours Sincerely

Brita Öberg.

Dear Mrs Oberg,

Many thanks for your letter of June 19th, enclosing the receipted bill which came in very handy.

Please accept our hearty congratulations on the occasion of the happy event in your family.

Thank you so much for conveying my message to Mr. George Soderbom. I am still expecting his itemized statement on ~~the~~ sales of the expedition equipment, for without it I am unable to send in my report. I shall be thankful to Mr. Oberg if he will find an opportunity to remind Mr. Soderbom of the urgency of the matter.

Everything is well with us. With best wishes from Professor de Roerich and myself to you both,

Yours sincerely,
