

Söderbom Brothers,

Kweihwa, Suifu.

June 1st.

Dear Prof. Roric:

I am sending my father statement of sales: I am very sorry it has so been delayed. but Dodge sale took quite a time to really negotiate: I managed to get. Larson to buy it back. I found the pistons very much worn when I opened it last year so I sold it to Larson under condition of supplying a new set of pistons; I had many other expenses in connection with the car. & so I charged you \$10.00 Commission more. to cover said expenses.

I am sending this down to my father as he has done most of collecting & reuniting
