Dear Mr. Vetch

Received your letter August 31st.
re: Mr. George Roerich's letter to you.

I have already sent him a detail statement of sales made of equipment he left here last year; many of the things there has been no demand for & so I have had a lot of trouble with disposing of them;

Of the things I have not been able to dispose of is a rifle of sporting model which is in Peiping; a very good rifle without ammunition; I should be very glad if I could hand this rifle over to you.

On June 1st. I sent a written itemized statement to my father asking him to check & pass on to Dr. Roerich. & have since received a very nice letter from him acknowledging receipt. You would oblige me by asking Prof. Roerich to whom I shall hand over balance of equipment to as I have asked before as it is a burden.

not only to Prof. Roerich but to us also;
Thank you for your favours.

Yours -

A. George Dubon
