Dear Editor,

Referring to an article in your issue of July 23 regarding the U.S. Department of Agriculture's Expedition into Inner Mongolia headed by Professor and Dr. Roerich and in which article an ill-feeling was said to exist between myself and them, I wish to draw your attention to the following correction:

The truth is that from our first meeting with the Roerichs until their departure, we have been on the best of terms. There has been no dealings of such a nature as to bring about signs of enmity. I desire that the error in your former issue may be corrected and that it be known to all the readers of the North China Star that we have had respectful dealings with the Roerichs while they were located with us.

Yours thankfully,

Teh Wang .

"NEW REPUBLIC" PUBLISHES ARTICLE CLAIMING GERMANY IS FINANCING HER REARMING PROGRAM BY FORCED LEVIES

United Press

New York, Sept. 19.—The New Republic, famous American liberal weekly, today published an article by Mr. Paul Crosser claiming that Germany is financing her rearmament program by forced levies on industrialists, financiers and German trade unions.

The article said that Germany's famed Finance Minister Haljmar Schacht has successfully forced industrialists to buy U. S. \$250,000, similar

simply confronting the elected donor with his choice of an extended sojourn in a Nazi concentration camp, jail, or the alternative of a very substantial purchase of notes on behalf of the fatherland's defense fund.

Mr. Crosser's article further pointed out that Germany's acknowledged gold supply is but U.S.\$25,000,000 a loss of U.S.\$75,000,000 since Adolf Hitler became Chancellor. This is compared with

AMERICAN MUNITIONS CONTROL BOARD WILL MEET NEXT TUESDAY

United Press

Washington, Sept. 19.—Secretary of State Cordell S. Hull today called the National Munitions Control Board to a meeting set for next Tuesday.

The board comprises besides Secretary of State Cordell Hull, Secretary of War, George H. Dern; Secretary of the Navy, Claude A. Swanson; Secretary of Commerce, Daniel C. Roper, and Secretary of the Treasury, Henry Morgenthau, Jr. The meeting is apparently being called to formulate procedure in accordance with the neutrality law requiring the registration of all munitions manufacturers. Under the new law, manufacturers and exporters are further required to obtain the Control Board's authorization before exporting any war material.

A committee, working under the direction of the Control Board, is now completing a list of articles which for the Board's purposes will be classified as implements of war.

Cordell Hull's Broadcast
Reuter

New York, Sept. 19.—Mr. Cordell Hull, Secretary of State, in a special peace program broadcast declared that "the Government will continue to base its policy on the principles of the Kellogg Pact

(Continued From Page 1)

his mission in handing an aide memoire concerning the Committee's proposals to Baron Aloisi and M. Hawariate.

Saturday was tentatively fixed for the next meeting in expectation of Italy's reply coming after the meeting of the Council of Ministers in Rome that day.

The Committee also discussed leakages regarding the Committee's proposals, of which a comparatively full and accurate account has leaked out although members had agreed to observe absolute discretion. It was decided that nothing could be done about the matter.

Blockhouses Erected

United Press

Djibouti, French Somaliland, Sept. 19.—The British military forces have erected a line of blockhouses along the strip occupied by patrol camps on the British Somaliland-Ethiopian border, it was learned here today.

Belgian Officers For Abyssinia
Reuter

Addis Ababa, Sept. 19. — Five thousand soldiers recruited from towns near Addis Ababa paraded before the Emperor at the Palace this morning.

The Negus in an address told them they would serve under the orders of the newly arrived Belgian officers

ficially.

Spanish Troops Concentrated
United Press

Madrid, Sept. 19. — Spanish troops tonight were being concentrated along her southern coast. This is apparently a move to prevent the landing on Spanish soil of any hostile forces bent on attacking Great Britain's stronghold of Gibraltar from the rear. An attack from this direction would be the only possible chance of capturing the otherwise invulnerable fortress which guards the entrance to the Mediterranean Sea.

In high Spanish Government circles tonight the fear was expressed that the present crisis may necessitate a general mobilization in Spain for protection of her Southern coastline and African possessions.

Tokyo Remains Silent
United Press

Tokyo, Sept. 20.—The Japanese Government today continued to remain silent on the Italo-Ethiopian situation, though the Gaimusho spokesman did come out and explain that any statement of neutrality or definition of Japan's position in the event of an outbreak of hostilities would have to have Imperial approval.

The newspaper, Kokumin Shimbun, in an editorial today warned

"GOLD DIGGERS OF 1935" OPENS TODAY AT EMPIRE THEATRE

"Gold Diggers of 1935," First National's latest mammoth musical spectacle, opens at the Empire Theatre tonight at 9.20.

The picture is said to carry more unique and unusual numbers, greater song hits and more hilarious fun than any other musical produced by this company. Ruby Keeler, musical comedy genius, not only created and staged the numbers, but directed the entire picture.

The story by Robert Lord and Norman Panama, with lyrics by E. Y. Milne is a rollicking comedy with three separate love tangles. It is a play within a play, a witty widow producing a milk and honey show at a swanky summer hotel.

Dick Powell and Gloria Stuart have the romantic leads, with Frank McHugh and Dorothy Dare in a semi-comic love affair and Glenda Farrell taking an eccentric millionaire over the jumps. Alice Brady has the role of the rich widow who is bilked of a considerable fortune by a theatrical producer, a part played by Adolphe Menjou. Joseph Cawthorn in the role of a scenic and costume artist and the hotel manager, Grant Mitchell.
