

Feb - In the battle between Light and Darkness discriminate between
 14 - the opposition and the Universal Brothers. The mighty energies
 and the striving towards the Light are needed for the construction
 of the universal step. Watch the opposition. Watch the wrath
 of the opposition. Only knowing the den you can point the
 arrow to the opposition. Fight and be firm. Thus we conquer.
 Prepare for the battle —

Feb - The heart of an enlightened spirit carries verily the burden
 17 of the world. The universal pain is sensed by the fiery
 heart. Thus the tremor of the Universe reflects upon the
 fiery centers of the heart of the Tara. The world traverses the
 great test. Thus build the new Era. You traverse the stream
 of the new dawn. Victory is with you. Fight for your rights.

Feb - The transport of joy is a creative power. Hence cultivate this
 21 wisdom for creativeness. Manifested are the ways of creative
 joy which are like torches lit in the name of Hierarchy.
 Hence the light of the heart is like the dawn of victory.
 March onward in the name of Hierarchy. Thus the battle
 will be won. The highest path lies before you. Fight. —

Feb - In the progress of world evolution must be included the
 24 purifying fire of the heart. The element which strengthens
 all energies with the force divine. Thus in the progress of
 humanity, we, Brothers of Light infuse the fire of the
 heart. Thus the epoch of Fire unfolds. We send you
 Our Might on Our Day. Verily we will conquer.

March - Protect the rights of the workers. Preserve your rights
 2 of directorship in the works. Fight and as victory is of-
 fained in tension you will gain force in the battle for your
 rights, for the rights are My Rights, Our Rights. Thus
 proceed with Our might unswerving and powerfully. Thus
 we assist you and lend strength to you. Be fearless
 and cautious. We are with you.
