

*Svyatoslav Roerich talks with the Editor  
of the Soviet Land G.A. Syomin.*

**What are your future plans, Svyatoslav Nikolaevich?**

Exhibitions of Nikolai Roerich's paintings and my own paintings are being held in Bulgaria and Austria. Afterwards, these paintings will be brought to the USSR, where they will be on display in Moscow, Leningrad, Kiev, Riga, Minsk, Odessa and other cities. The display of paintings in the Soviet Union will take the whole of the next year. These will be major expositions, the full magnitude of which has not yet been determined. So, in Bangalore where I live, I shall have to make the final selection of additional paintings. In Bangalore I shall at last resume work on my paintings which I had to interrupt due to my foreign trips. \*\*
