My dear Gita,

Just a few lines to thank you for your wire to Uncle for his 60th. birthday, it is very kind of you to have thought of this day, and to have been with us in thought. I wish you had been here, we had such a nice Pooja, and then so many good wishes from friends like you from India and from many countries abroad. It was a happy day, many old friends were with us, and children also, and we all were happy. I wish to ask you to please learn Shorthand, and typing as soon as it is possible, it is so useful, and with some knowledge of this one is able to do one's work. Do not fail to do this dear Gita, you will always be thankful for it, and will be so happy. I suffered greatly when I did not know this and now at once am able to do my work, and do not depend on anyone, besides am able to at once answer letters even if they are typed, but they do not remain unanswered which used to be the case if I had no typist, and it was so awful to wait, so do this as soon as you can, it takes 3. months really, I learnt alone from Pitman's and worked hard, so now am always grateful that I did work at it.

Please remember us to your Father and Mother and give them our best wishes also for Divali which will soon be with us, to you also our best Divali greetings, and love,

Yours affectionately,

(AUNTY.)
