Our very dear Madame Zelinsky,

Thank you very much for your kind wire on the occasion of the 90th. Birth Anniversary of Prof. Nicholas Roerich which we were very happy to receive. Here in India several Cables were sent to the Director of the TRETIAKOV GALLERY DIRECTOR, and also to the Minister of Culture USSR, which I do hope were read on the opening day of the Exhibition at Moscow? Our Minister of Education & Culture sent a Cable direct to the Minister of Culture USSR, our Vice-President direct to the Tretiakov Gallery, and so many others including the Academy of Art President New Delhi, and other Academies, writers etc. so please let us know if these messages were read there? We are very happy that the Exhibition in Moscow is so fine, and we would be grateful if Andrei would please send to us some newspapers of this occasion. Here the 9th of October was very fine and all the Press gave to Prof. Roerich very fine and good writeups. I am later printing all the things from here, and will later send to you a copy. I am sorry that the wonderful broadcast of my husband on his Father could not be heard in the USSR, it was heard in other places abroad, and also still being broadcast in all Stations of India. It is such a beautiful and fine broadcast, and I am sure it would have been greatly appreciated in the USSR. So many Cables came also from abroad to us, and the most important I will also print in the booklet later. It will be a good record, and also I hope that we shall be able to include in it some articles. In Naggar the Commissioner and all people came to the Monument of Prof. Roerich and my husband's broadcast was read there, it was very wonderful to have so many of all the people from all these Himalayan regions, and the Gallery of paintings were seen by everyone. His most beautiful paintings could not have a more lovely setting than at our home in Naggar, facing the great Himalayas. PLEASE ASK ANDREI TO GET FOR US FROM THE GEOGRAPHICAL SOCIETY LENINGRAD THE MONOGRAPH VOLUME NO: 96. 1964. from Leningrad and please send it to us. I am attaching the news item about the 2. Russian Glaciers named after Nicholas & Svetoslav Roerich, we received the information from the ALL UNION GEOGRAPHICAL SOCIETY OF THE USSR, and it was printed from the MONOGRAPH, with the Maps and the names of Prof. Roerich, and my husband. Is it not wonderful news?

This news has been published all over India, and also other lands, it so nice that it came at the same time of the 90th. Birth anniversary of Prof. Roerich, and my husband's 60th. Birthday, which was on the 23rd. of this month. The Government of Mysore has given to my husband on the 16th. October 2. Awards, 1- is a very special award given to very few it is the "SPECIAL SERVICE AWARD", for his contribution to the FINE ARTS, & TO CULTURE, and the 2nd. Award is for being a great Artist of World repute. I will write later when we shall receive your news. With much love to you, and dear Andrei, and Kolia, every year
