My dear Mr. Nikitin,

Thank you so much for sending to us these beautiful views of the Caucasus which reached us the other day. It is indeed good of you to have thought of us, and my husband has requested me to thank you for your kind thought. We have not visited this beautiful part of the USSR. but if we come again to your beautiful country, we hope that we shall then really visit all these beautiful and interesting places. I do not know if you know English. but Russians know so many languages, that I feel sure you will be able to get someone to translate this letter to you.

India also is a most interesting and beautiful country, full of the most lovely things such as the various things of beauty, of art, and of Literature, and of so many cultures and people. The various parts of India also are very interesting from the great Himalayas to the very south- it is most interesting for artists to be here, and to live in the rich natural beauty of this country. We have just come back from the Himalayas, it was most beautiful there; and it was Spring, so all the flowers were in bloom, and it was wonderful to also see these beautiful mountains full of fresh snow. Let me have your full name, and do tell us about your work, you may write to us in Russian, my husband will tell me what you write. My husband is very busy painting now, he has so much to do, that is why he asked me to write to you and thank you for the nice views of Caucasus which you so kindly sent to us. Let me know if you need anything from here I shall be happy to send it to you.

With our warm regards to you, and our best wishes,

Yours very sincerely,

Devi Rani Roerich
