2nd Decr. 1960.

My dear Raghavan,

It is very good of you to have the translation of the article appearing in "Mathribhumi" - whoever has done it please thank them very much.

I want the Yoga in English to be sent here by V.P.P. Mrs. Brown will try to get the Ramtirth Brahmi Oil.

We have received the fresh cheques as well as the photograph from the "Soviet Land" people and I have answered them that we shall send it back after having it re-photographed, the one with our Ambassador, etc.

Lavers has not sent us the 10 drums ordered for as yet - please see to this.

Thank you very much for all your trouble, we send to you our very best wishes and we are very glad that you are much better.

With our kind regards,

Yours sincerely,

My dear Raghavan,

This is in haste to let you know that yesterday the 19. we received 5. Cartoons of Luckies, and they are nicely packed. Thank you very much for sending them- most useful, and nice. I was just going to write and ask you why they have not come, and the man brought them with the post. I go into town only now three times a week, and that is why the post is brought by the peon. I wrote you about an Agent for collecting Press cuttings, we are sending out to the Press some news about the 90th. Birth Anniversary of Prof. Roerich which falls on the 9th. of October, and for this, we would like to know if the things sent have been used. I think they will be around the 9th. and later, so it may not be possible for you to check all the time throughout October, and all the papers as the whole of B'bay presidency will be covered. So let me know what you think is possible. I will send to you the data for Mr. Ramachandran of P.T.I., which you must give him on the 1st. and ask him to please release it on the 8th. as on the 9th. it should come out. They will have to make a writeup, and release it.

Dr. Roerich is giving a Broadcast on the 9th. from here at (9.PM.), so if you have a Radio you listen in. Also the All India Radio will have it on the 12th. may be at the same time after the news, so you must try to hear it, and tell Mr. Kanji also. All is in a rush as I am shifting from Mother's house to our new place in town, note the address:- No: 9. Edward Road, BANGALORE.- 1., and it is quite near to Mother's house, and very quiet, and a new place, just built, and we shall have a phone also, it has been sanctioned but they have to put it up in the house. So send us your good wishes, as I want this office and place to be Lucky, so that all the work we wish to do will be done, such as publications of Dr. Roerich's Monograph, and his writings, and so on. It has to be done, as we are not getting younger, and all such things must be on record. Do send us your wishes, we move in on the 29th. of this month definitely. This Hermes is quite good, but one has to get used to it, as mine is slightly bigger, and this also is new- a blessing to have, as now I am typing at home, and have done already 12. of letters pending. So there, I am able to do other work, and here  $\frac{1}{2}$  day I am able to finish my mail. READ ABOUT THE PRESS CUTTINGS and also about the other things I asked in my last letter to you please. ALSO DO NOT LET TIME PASS ABOUT THE HAMAL PLEASE RING MRS: WIRSCHING FROM TIME TO TIME. One never knows about the reactions of Hira's wife, he gets very well looked after here, and does not do the work he used to do, he takes it easy, but is a good man, and a comfort to have around. Two men from there one could use well, one in the new house, and one here, so please do every -thing to find good people. Did you talk to her old servant Maghan? He knows the type I need, as he was in Malad.

In haste, and with many thanks,

Yours sincerely,

*D. R. Roerich*

7th. October. 1964.

My dear Raghavan,

Thank you for your letter of the 5th. which came today, and which I am answering at once, so that you may know that as yet I have not been able to get copies of the Times, and also of other papers which publish the 90th. Birth Anniversary of Prof. Roerich. Biitz also will I feel sure have it, and you will have to please get hold of these issues, the reason is that we have to send abroad so many that it is not possible for me to get the girl to type them- they wish to have them for inclusion in the books which they are making now on this occasion. I have written to all papers to send me 6. copies, and you can phone the General Manager to please have sent to me these by V.P.P., tell him I liked the article, and am sending all that appears abroad, as they wish to have it. Let us see what P.T.I. do, I do not know at all, what they will do, and you will have to see to it please. Dr. Roerich has been given a great Honour by the Mysore Government, and he will go to receive it, it will also be in the press, so look out for it. This is for his Art, and for his contribution to the world of Art & Culture. I will send to you a copy of the letters when I can, just now all Ministers are coming here for the Educational Conference, and we are full of work.

If you have sent copies to me of Times, and Bharat Jyoti, 6.- then do not bother to phone the Times.

With our kind regards,

Yours sincerely,

My dear Raghavan,

I do not know if it is too late for P. T. I. to release the news about the 90th. anniversary, it is good of Ramachandra to do so on the 8th. if he says anything that it is too late, you may tell him that it is not, as many big and small papers here will not even know, except some bigger papers in which people have written. So this will be a good way of letting them know.

As soon as I receive the issues sent by you, I shall let you know. Look out for Blitz, and you may even ask Karenjia to issue news on this occasion, as I have sent to him the data with a note, and that the whole of this year will be devoted to this anniversary, as in other lands they are having books published, and so many other things.

In haste, and with our warm regards

Yours sincerely,
