Dear Mr. Nagaraja Rao,

I have heard from Mr. N.C. Sen Gupta that you would be able to photograph in colour the paintings of Dr. Roerich. Will you kindly let me know whether it will be possible for you to photograph them in colour with the proper lights etc., and what film you would use? Please also let me have all the details including your charges.

Is there any place in Madras which would make good colouring productions? Please discuss the above matter with Mr. Sen Gupta and let me know all the details in case we decide to have these paintings photographed.

With kind regards.

Yours sincerely,
Colour reproductions? DPR
