Dear Mr. Sen Gupta,

Thank you for your letter. I attach a copy of my letter to Mr. R. N. Nagaraja Rao. Before we decide to have the painted photographs we would like to have all the particulars including the developing and printing charges. I have asked him whether he knows of any place which could also make the reproduction in colour at Madras from the transparencies and also if there is any good place which could make colour blocks. What would be the charges for the colour blocks? So far from Madras I have not been able as yet to get good black and white reproductions. Anyway kindly find out and let me know.

With kind regards from both of us.

Yours sincerely,

My Dear Sen Gupta,

We have received Mr. Rao's estimate for photographing Dr. Roerich's paintings. His charges seem to be rather high as he wants Rs.300/- (Rupees Three hundred only) to photograph one painting besides other charges which will run up to a terrific bill - the most expensive I have ever come across so far. Kindly think about this matter.

When Mr. Vasan sent his cameraman to photograph Dr. Roerich's paintings he would not accept any charges, of course we do not expect that from Mr. Rao, but I do think his rates are terrifically high. I send for your information a true copy of his letter and if you total it up you will find that it is impossible to have the photographs done under these circumstances.

Let me know whether you can buy "KODAK EKTACHROME DAYLIGHT TYPE (BOFERNONAL) $\frac{1}{2}$ SIZE", but please let me know the price of it before buying so that I may send you the money if we want the painting to be photographed now.

With our very warm regards to you,

Yours sincerely,
