6th October, 1961.

My dearest Inge,

We received with great joy your letters of 28th and 30th September, '61. It made us so happy to see your writing because we were very worried about your health. According to your letter of 30th you will be home by now and I do hope you will really take rest and get well.

We are very distressed to hear that Svetoslav's Registered letter written by hand of 25th Sept. 61 has not reached you. For two reasons, one that Svetoslav so seldom writes by hand, and two because in that letter he answered your questions. The amazing thing is as soon as he wrote it he gave it to me to post. I had a strange feeling that I should make a copy of this letter as the few lines I read in his original letter to you, I could not read quite clearly so I thought that perhaps it was best since he was here in case you could not read his writing clearly, I should make a typed copy of it, so as luck would have it - I am sending one copy to you and one to Katherine in the hope that at least one of you will get this copy. It is very rare that I make a copy of Svetoslav's letters unless he asks me to. So please answer me at once as soon as you receive this typed copy of his letter to Katherine.

We are a bit confused about your address.

1. The old address was:

Mrs. Katherine S. Campbell
Post Box 124,
BROOKFIELD,
CONNECTICUT -U.S.A.

and now you write

2.

Miss G. I. Fritschi
124 FAIRFIELD
BEACH ROAD
FAIRFIELD
CONNECTICUT -U.S.A.

Please give us the correct way to address you so that we have it correctly in our address book and also this is most important for the Memorandum of the Society we are now forming for Registration which we shall send to you.

I am very happy that the postcards and catalogues

relating to Svetoslav's Exhibition in the U.S.S.R. reached you safely. Just now a friend sent us a wonderful packet containing about 20 postcards printed at The Hermitage of Svetoslav's paintings each different and quite nicely reproduced in colour with a very fine forward. We are expecting a parcel of these from the Hermitage as complimentary copies and we shall send you a few copies as soon as we receive them. A hundred thousand of these have been printed and we hear that practically all have been sold out.

We sent a Wire also to Raya after hearing this so that she may send us some.

You will be glad to hear that the Stupa wall has been now completed and some friends of ours with our representative there will plan the garden for which we have sent them extra money. They say they will employ Mrs. Morgan's gardeners who are well trained in laying out gardens. When we have more news about the Stupa etc. we shall tell you about it. I am writing you personally but I want this to go off immediately so that you can answer Svetoslav's letter by which time he also will have some news from his lawyers who belong to a very good firm, but please at once give your reactions to his letter and also the information that he has asked you for.

With our loving thoughts to you dearest Inge for a speedy recovery and our loving thoughts to Katherine, also for her to get quite well,

Ever yours affectionately,

Devika
