Dear Devika Rani,

Will you please refer to your letter of the 25th February regarding the 90th Anniversary of Prof. Roerich's Birth. Mr. Kripalani had also spoken to me about it.

I had put your proposal before our Executive Committee. They feel that for the moment it will not be possible for them to take up the publication of any of the books as it does not fit in with their programme. But as their contribution, it should be possible for them to consider the preparation of publication of a popular album containing a selection of his paintings for the large number of intelligent readers. This will make him known to a much larger audience than before.

I would like to know whether you agree with this proposal and find it useful. On hearing from you, we can pursue the matter further.

I hope Prof. Roerich and yourself are going on well.

Yours sincerely,

B.V. KESKAR
