My dear Devika Rani,

Thank you for your letter.

I am delighted to know that the two glaciers in the Soviet Union are named after the father and the son — the two great Roerichs.

I note that this is the 60th year of Svetoslav. My congratulations on his past achievement and my best wishes for his future work, which I hope will last for many many years.

How are you?

My best wishes to you both,

Yours affly.
