Dear Mrs. Svetslav Roerich,

I met Mr. Michael Brown with the letter of introduction Mr. Svetslav gave. He was helpful. At last I have succeeded in finding accommodation in Bombay. I am working on "Forum". We are bringing a Special Anniversary Number on August the 8th, and the Editor has authorised me to request you to send us an exclusive article for the Film page of this Special Number. (I have written to Professor. Nicholas Roerich for an article on "Art and Culture".) I need not suggest to you what to write about but the Editor expects about a 1000 words, say, on the Indian Film Industry - its past, present and future - or your experiences in the direction of and supervision of Bombay Talkies. These are just suggestions for the kind of articles we expect. We would also very much like to have unpublished autographed photographs or any pictures you would like to be published with this article. Payment will, of course, be made for both.

Thank you.

(We expect that you will kindly send us this article within a fortnight or so.)

Yours sincerely,

Rashid Hussain
