Dear Mr. Bolling,

I wish to express to you my <sup>to tell you of my joy</sup>  
~~pleasure~~ ~~in~~ ~~learning~~ ~~of~~ ~~your~~ ~~growing~~ ~~interest~~ ~~in~~ ~~the~~ ~~work~~  
joy ~~about~~ your growing interest in the work  
of the great ones.

The purchase of the house <sup>by you</sup> where the Institu-  
tions will get more space and possibilities to  
develop, made me very happy indeed.

I ~~was~~ heard from Lina Toddick of your  
intention to purchase some paintings of my  
late husband from Mr. Horch. The idea appeals  
to my heart. But probably Lina has told you  
that Horch had no right to sell the paintings  
belonging to the Rosier Museum according to  
the declaration of the trustees made in 1929.

My letter may reach you just before the  
~~two events~~ two events after which <sup>will</sup> ~~most~~ come the pro-

remembered by humanity.

Heartiest greetings to you and your wife -

in all your noble endeavours

P.S. Please convey to Mr Weed the advice not  
to travel during the last days of March.  
Advise him. Please convey it to Mr Weed -  
I have advised him and his family to spend  
the last <sup>in our opinion</sup> dangerous days of March in Michigan  
he may not be able to reach <sup>from Florida</sup> Connecticut  
in time. — Michigan is one of the safest  
places in your country, as it is favorably  
situated at the point where currents are

of course since then, conditions have changed. We know that he is selling inside our borders, and the Declaration has been forgotten. In this matter I would like to have your advice.

How to protect these paintings from being sold to people ignorant of their real value?

Besides being chef-d'oeuvres of Art, many of them represent a beautiful concept dedicated to the Sacred Land. This wonderful edifice of the Sacred Land, the Abode of the great One, may be dispersed like pearls from a torn string! My heart aches when I think of this calamity. How many have ~~been~~ already been sold? How many remain in Kozell's possession?

Lina wrote to me that you have bought two of these paintings — I am happy — because you will cherish them and they will bring you a real blessing. The aura that surrounds them is a wonderful one. Their creator has painted them in love and reverence that filled his heart of spirit and Art. Seldom an artist has received such an universal acknowledgement during his life-time.

Dear Mr. Rolling.

Your letter of April 3-<sup>rd</sup> reached Kalimpang on Apr. 11<sup>th</sup>. Probably you got my cable in time: "Avoid fatigue, limit your visit to two most important centers. Roger may return Illinois."

Deeply touched your intention and kind wishes—

I hope it did not cause you too much inconvenience. The reason for this curtailing of your trip is in the increase of radioactivity in some areas — it may cause irritations and rather serious inflammations of mucous membrane. No preventive colds or chills have to be avoided and even the slightest cold should not be ignored but taken seriously and treated accordingly.

You write: "I have recognized the guidance of the Masters in every success and Their love in every happy moment of my life." — I love this statement —

16  
Verily, the flame of Gratitude is considered to be one of the rarest and most beautiful. That heart, which is open to devotion, Love and Gratitude is a rare jewel and as such it should be treasured and guarded first of all by its owner, - lest it be polluted by the two great enemies - doubt and fear; they can overcome even a Giant.

Yes, I would be happy to meet you. Nothing gives me such happiness and joy as the possibility to speak about the Great Ones and Their Work to an open heart, open to Love, Beauty and True Knowledge. -

I have the permission to give you the picture of M. M. I will print it and send shortly.

You ask - what <sup>do</sup> I think of your plan concerning the paintings? - I fully agree to all your suggestions and shall be happy to know the series of "His Land" in your Custody. If this can be arranged I will ask you one thing - in case later on you would like to sell them, please give the first option to buy to my sons.

Please, consider all given Advice as correct. Minor dates may be precipitated or deferred, but the Cosmic Preordainment is irrevocable, and will be

fulfilled at the appointed time.

The new moon has seen human folly, the actuali-  
zation of an insane historical alt. Courses for  
great upheavals have been down. (God, save our  
planet!) —

But do not worry too much, you will regain every-  
thing and much more. The new regenerated country  
will open vast possibilities for your activities. We  
shall witness many changes.

P. S. As Strophanthus has a very bitter taste, in order to <sup>6</sup>

Dear Mr. Volting

I was very sorry not to have been able to answer your <sup>two</sup> kind letters, but my silence was due to an extreme overstrain of my whole organism. Some steps of my discipline have been accelerated and the most difficult one had to be consummated now at the end of my discipline before the beginning of a new activity.

I am so happy to learn from Zina that she hopes to move the Institutions to the new quarters and start their activities in Autumn. Sine and Dudley are full of energy <sup>and</sup> ~~and~~ <sup>real</sup> warriors of the Gr. Work. They deserve full support, therefore I would be so grateful for every ~~small~~ <sup>small</sup> attention paid to them. Yes, we must show ourselves to be the true Custodians of the new Citadel of Knowledge and Beauty founded on 107<sup>th</sup> Street, being fully aware of its

imperativeness. The Epoch of Shambhala, the Epoch  
of Reconstruction and great Labor is close at hand.  
A new Light will be required by many, and our  
activities will be manifested on a larger scale.

The coming changes will affect many <sup>and their activities</sup> people, but  
our Institutions will weather through these difficult  
Times.

The Teaching of Shambhala, The Images - Songs of  
Shambhala, will stand as a real Beacon and carry  
a new understanding of their invaluable meaning  
to mankind.

Chase all doubts. Keep calm. Do not worry.  
I am sending you the vibration of not too distant  
future, try to find a harmonious response in the  
innermost of your heart - and all will be fine.  
But do not overfatigue yourself - have nothing to add  
to the previously given Advice.

My best thoughts are with you and hope this note  
will bring you <sup>and</sup> courage and joy.

The Blessings of the Lord will always <sup>be</sup> with you  
in all your praiseworthy endeavors -  
I suspect with you  
Very sincerely yours H. Reed

Dear Mr. Bolling,

Letters from America for the last two months  
Take a longer time to reach India. Your letter of Oct. 20<sup>th</sup>  
has been delivered on Nov. Third.

I was happy to learn about the Manifestation which has  
taken place on Sept. 21<sup>st</sup> also about the successful operation of Mr<sup>s</sup>  
Bolling. Yes, you are right The Ray is always on the vigil  
and helping the workers of the great Cause.

I am sorry that you did not get my letter of July 22<sup>nd</sup>  
at the same date I have sent one to Mr. Weed. I wonder, did  
it reach him? I shall repeat the letter, but just now it is  
more important to answer your last letter.

First of all I must speak about the Manifestation - I con-  
gratulate you, you have been greatly favoured and made  
happy to receive a new token of the Gr. J.'s kindness and  
Trust in your sincerity to help in his work.

Your impression has been correct, the Messenger came from  
the Mountains <sup>being</sup> sent by the Gr. J. "He is <sup>His</sup> friend and disciple"  
of the Gr. J. He is in constant touch with the W. Brotherhood,  
being a disciple <sup>to</sup> high degree. From now on he will

I am made to understand hence<sup>2</sup>

(cooperate with you and accompany you in all your travel-  
lings. Being a great physician he will take care of you  
and your gland. But he needs full cooperation and trust  
in the Advices given here to you.

Thus - the first thing to do and without delay is to let your  
teeth be thoroughly examined and <sup>all</sup> the bad ones taken out  
under local anaesthesia.

You must know that the pus from the teeth is precipitated  
into the organism and the prostate is the first to suffer from  
it - After this you must follow a special regimen. -

During these weeks you should daily have a hip bath -  
hot beginning from 100° and raising the temperature gradually  
to 104° (when used); to sit 40 minutes and more but no less,  
not allowing the water to become cool. The level of the water  
should be ~~at least~~ <sup>slightly below</sup> under the diaphragm. The bath-room  
kept warm but not too much. Better to have something  
light and warm thrown on your shoulders, than to stay in  
overheated room.

Your least should be taken care of - therefore half an hour  
before the bath you must take tincture of atropan, a small  
dose of these drops to begin with. After the bath you are  
not allowed to sit but legs at once to bed and lay <sup>either of</sup> your  
sides, but not on the back. down

First week you will take three drops half an hour before  
your bath; second week - four drops, and third week -  
five drops always half an hour before the bath.

After three weeks of taking Strophantus you can discontinue it and have a rest from the bath, also + for three weeks. But instead you will take Valerian 35 drops in the morning and 35 drops going to sleep.

At the same time you will take tablets of Pe-randren, but not injections. First week - two tablets daily, second - three tablets and third week - four tablets. You should suck them slowly in the morning and in day time, but not at night.

This regimen you will also follow for three weeks. After which you shall resume your hep-baths - Keeping strictly to all previous indications. But this time you should begin the first week with five drops of Strophantus half an hour before the bath and six drops - the second week and seven the last third week. It is most important to take care of the heart. Its action must be regulated. If your heart shows some irregularities of the pulse, <sup>some missing beats</sup> the dose of Strophantus should be increased - five drops in the morning and five half an hour before the bath, until the heart is regulated, but no more - Strophantus is one of the best regulators of blood circulation. Strophantus does not possess any accumulative power while other poisons do.

Strophantus is considered to be the best remedy for the strengthening of the nerve of the heart - Vagus. Prostate is also connected with Vagus through the solar plexus.

Prostate must be cleansed, purified from poisons - Strophantus is the best purifier from poisons in all internal processes. Look after your stool, take regularly once a week.

a mild purgative - Compound Licorice powder  
or Magnesia Carbonate, or Milk of Magnesia

Diet - main thing no excesses whatever in eating,  
drinking etc. more milk products -

This regimen should be prolonged for months and even  
years. Baths are always recommended and Strophantus  
will protect you against many ailments.

You should continue this regimen for one year and then  
your gland will have to be examined <sup>again</sup> by the physi-  
cians. After a year of this regimen you could stop  
Strophantus for a while but not the baths, Pallerian and Pe-  
randren.

Accept these <sup>things</sup> ~~advice~~ <sup>advice</sup> follow strictly every indication and  
you will regain your strength. <sup>The</sup> ~~advice~~ <sup>advice</sup> are given in  
care and love of you.

Feel the presence of your Great Friend and Protector -  
the Messenger, he will avert many poisonous arrows  
from you. An ardent aspiration and gratitude towards  
the Gr. Lord - create the best conditions for a complete  
recovery. "In cooperation with Me, he will be saved and regain his  
<sup>strength</sup>

All previous <sup>advice</sup> ~~advice~~ remain in full force - I would like  
to know all your family staying with you in Michigan from the be-  
ginning of March up to April. After March many things will be  
as I understand clarified - and your business may get a new  
impetus. I must finish my long letter understanding you my best  
thoughts and wishes and gratitude for your kind cooperation  
in difficult <sup>but</sup> ~~times~~ <sup>times</sup>. The Blessings of the Lord with you -  
Your <sup>cooperation</sup> ~~cooperation~~ <sup>in difficult</sup> ~~times~~ <sup>times</sup>. In heart and spirit

Kalinin-poz-

Dear Mr. Bolling: I was glad to get your letter of Dec 16<sup>o</sup>. It took two weeks instead of the usual seven or eight days to reach me, maybe due to the holidays. You would like to know more about the Messenger. I shall write what I am permitted. — The Messenger being a High Vibrate cannot always be visible. His vibrations are too high for our earthly conditions. But if you wait patiently it will be possible for you to see him again at a more favorable Cosmic date. Because of the great difference of his vibrations from our earthly plane his appearance cannot avoid upsetting the earthly conditions. These vibrations are so powerful that an earthly organism while contacting them can die from the shock.

But the Messenger can watch over you, remaining invisible to you. His vibrations will not disturb those of our earthly plane. Yes, the difference between the vibrations of Higher Spheres and those of our Earth are so great that it is impossible to avoid a disturbance in the established balance between the spheres. Such a disturbance may cause even a catastrophe and the death of many people. That is why the manifestations and appearances of the Great Mahatmas are seldom recorded. The vibrations Mahatmas always select the most favorable Cosmic currents for their <sup>manifestations</sup> appearances in order to avoid shocks and disturbances in atmospheric conditions and thus not causing any harm. But such favorable Cosmic currents are not only rare, but extremely rare. —

The Guide makes his appearance or manifests himself at the moment of the awakening of the Spirit of the disciple, remaining with him until the latter's death passing from the earthly plane. He continues to watch over him and guides him in the Subtle World and in his next earthly

recognition, provided the bond between them has not been broken. - The bond with the Guide can be strengthened and expanded if the disciple cooperates sincerely with his Guide in His Works and Plans here upon the Earth.

The Guide can contact us every moment if we begin to unfold our inner Spiritual being, and to become a real and accepted disciple. It is necessary to study and assimilate <sup>out</sup> thoroughly the first three books (two volumes of Morley's "Garden" and "Community") also the first book out of the Series of the "Signs of Agye Yoga" - all the following books are the expression of the foundations laid down in ~~these~~ <sup>the</sup> last three books.

You will gradually begin to discriminate the peoples nature better. Also, you will discern the thoughts of the Teacher sent to you from your own. - You should gather all signs sent to you from ~~you~~ and write them down in a special copy book, which can have for its title - "Signs sent by the Teacher".

A full Akhal possesses a complete knowledge of circumstances which surround His disciple and co-workers who have been selected by Him. He knows every action, every thought and deed of theirs.

An Akhal will never transgress or violate the Karma of the World and continues His mighty construction for the good of the whole humanity in full accord with the Cosmic Law. An Akhal is not perturbed by any difficulties or even treason because he knows and can turn any treason to a greater benefit. But the fate of a traitor is awful, since it cannot be excused or expiated from the point of view of Cosmic Justice.

Humanity will soon understand the meaning and purpose of the Cosmic Reconstruction which is drawing near. Let us hope the lesson will be understood in order we may be able to

III

Save our planet from a second Catastrophe which can be  
fearful!

Please, dear Mr. Bolling, show a hearty cooperation to Sues  
and Sedgwick. They are so loyal to the J.T. and the teachings  
and they have worked hard to maintain the fire of Spirit  
in people who have approached the work of the Great Ones. They  
are real toilers in the field of Spiritual Culture. Not having  
any means besides their modest earnings, they continue the  
work. Self-sacrifice, devotion and daringness have been  
shown by them. Such a devotion is a rare accomplishment  
and is worthy of our respect and cooperation.

The Cosmic Justice will reward the co-workers in  
the Great Plan, for every step which has been constructed or laid  
down by them during the long golden, the most difficult times  
through which our planet has been passing since the time  
of Atlantis.

The planet will be saved! But the terrible Catastrophe  
threatening us is the result of the peoples extreme foolishness  
in upsetting the natural balance of all spheres by bringing into  
action the most destructive forces of the finest energies. Yet, the  
planet will be saved but at what cost!!!

"The R. Museum will be returned" - - - but I do not yet know  
how. I think that all will be fulfilled as usual in the works of  
the Great Ones, in quite unexpected way.

The Events and new circumstances will help and change  
much in the given work.

You write about Mr. Horch that "he has nothing against the R's"  
But Horch is not stupid and has a great experience in all kind of  
swindles, therefore he does not deserve any trust whatsoever. Of course  
he may begin to realize what he lost through his treason of the  
Jr. Teacher's work, but by nature he is a swindler and only his  
restrained him up to the time when she, herself has been overcome  
by the old Raemic vice - The Greed for money, for the sake of money.  
The love for money is the most difficult hindrance to overcome  
along the ascent. The advice is given - Not to trust Horch in anything

Concerning the paintings which belong to the Museum, one must be very cautious. The status of the Museum paintings is a very complicated one and is still under litigation. Better to be on one's guard with the traitors.

The Gr. S. and Teacher is glad and grateful for your cooperation with our coworkers and myself. Your cooperation with me may be prolonged for a few years which I need to complete my Mission before my passing. —

You must not have any doubts what so ever about your Messenger. The Messenger, I am told, may manifest himself to you quite unexpectedly. Also you may consider as your ~~Chief~~ Guide the Great S. Himself, but the Messenger has been sent to you as the Symbol of His Guidance, therefore have full trust and regard your beauty, strength, devotion and gratitude to the Great God and His Messenger.

Now about the prescribed treatment. I would advise you to be gradually used to hot hip-baths. perhaps it is better to begin with a lower temperature, not exceeding  $88^{\circ}$  or  $90^{\circ}$  and then gradually to reach up to  $102^{\circ}$  and a little higher. But do not forget Strophantus. This wonderful remedy <sup>medicament</sup> is a real life-giver. It gives a long life and enters as a potent component with the famous Elixir of Life of the old Alchemists —

Dear Mr. Bolling maybe you do not know that Dudley's musical activity had been discontinued by the Gr. T. to avoid a nervous breakdown. His heart has also been seriously affected. Salsphur is a very harmful instrument for the nervous system. Dudley has been advised to continue the study of accounting, since he had such a good aptitude for this kind of work. It was said that later on Dudley will be in charge of the accounting in the Institutions because of his outstanding honesty and capacity. His great nervousness is caused by the lack of activity in the present and the impossibility to find an appropriate position. My heart aches for him as I love and esteem him. I am sure he will overcome his temporary difficulty. All my best thoughts & wishes to you & your family. "His Blessings are with you". I am happy to know all is fine with you. affectionately H. R.

Dear Mr. Welling,

You kind letter of June 27<sup>th</sup> just received. Probably you know from newspapers and by radio what has happened in our place; about the earthquake and big landslides which have carried away plantations, houses, people, cattle etc.; all roads, bridges have been badly damaged or destroyed completely. The disaster is unprecedented in the history of Sikkim, even in Tibet some adjacent localities have been affected most seriously. Kalimpong has also suffered but nothing to be compared with Darjeeling. Our house and its vicinity are safe. But mail-service has of course been interrupted for quite a number of days. It is already working on runners and pretty well. Of course letters arrive sometimes in an awful condition, thoroughly soaked in water - contents illegible!

It is fortunate you did not send your <sup>promised</sup> picture, which <sup>you</sup> ~~might~~ have been lost. The family group arrived just on the eve of the disaster. I like it very much, but still insist on having you Alone, because the vibrations of the aura become mixed on a group picture.

You made me very happy in accepting the Presidency

of the Roerich Foundation. This Institution will be a very prominent and <sup>actual</sup> vital one. The World, the consciousness of people will change greatly because of new vibrations coming from a Planet which will affect our Earth and our humanity. These vibrations are already acting as the Planet is approaching at a great speed and will soon be visible on our horizon. — Later on this Planet will become a member of our Solar World.

Now - the role of Rossandra is a very difficult and a ~~very~~ unpleasant one, but nevertheless I have to assume it again in sending new warnings. — I am yearning to help, but how?! — The Teachings do not penetrate into the heart of people addicted solely to their material interests, but the World-problem is still facing us threateningly!

The old World is collaborating with Darkness and the New has no real worthy leaders as yet! Communism as it has been preached is already outlived or played out, no one really needs it. But the New order of things requires new conscious and daring collaborators and workers who could fill the gap between the outworn conceptions and those of <sup>new</sup> extremists who themselves have already degenerated into fanatics limited in their thinking capacity. For the new conscious collaborators should assimilate <sup>thoroughly</sup> well the New order of things, the World of Cooperation based on strict reciprocity, adjustment of all human interests

and freedom of thought, controlled by high knowledge and high moral standing. These new ones will know how to build the new step towards progress of unlimited ever expanding creativeness and construction. Let us hope the new Planet will provide our <sup>improvised</sup> Earth with such newcomers.

The Rays of the new Planet act as Karmic agents - They stand for Karma of our Earth and its unworthy inhabitants. These unworthy inhabitants have destroyed the protective net of our Planet. But the Psychic energy of our gr. Saviours will save our Earth, ~~will~~ save from the final disaster. But of course they cannot protect us against every mighty explosion of the subterranean fire when it joins the fire of Space.

Now the new dates collaborate fully with the one which has been given twenty five years ago as the date of the immutable Cosmic Decree. Armageddon has stifled many minor dates but the Date of Cosmic Decree remained in its immutability. Now, please note well - the Cosmic Decree can be precipitated or quickened by the gr. Ones (in a great cosmic <sup>need</sup> ~~cause~~ only) but they cannot delay it. This precipitation could have taken place if the power of Darkness would have prevailed. But since the great Defeat of the Forces of Darkness <sup>in that year place</sup> in the last tremendous Cosmic Battle, at the end of the last year, the speeding or shifting of dates has lost its significance. The date of the Cosmic Decree remains in its immutability. The Karma

of our Earth will be fulfilled and a new and a better one will be started on our regenerated planet.

Now the first sign of the coming calamity will appear in Europe over the Br. Islands at the end of this year. Three months later the sign will move towards your country. But you already know that you and <sup>your</sup> near ones and friends will be protected, but precautions <sup>must</sup> be taken as it ~~already~~ <sup>was</sup> indicated.

Please keep all what is said to yourself only. No traces of fear should be shown otherwise the great help may be tampered. Full confidence and calmness and all will be well. But if one wishes to be a real collaborator of the gr. Lord, every indication should be taken to the letter and fulfilled without any delay. Korean episode cannot serve as "casus belli" for a world-war! —

~~I am still expecting the promised description of your most significant dream.~~

I hope that your two sons will be among the builders of the New World, world of greatest possibilities which will start with the recognition of the psychic energy. With best wishes and thoughts

In spirit with you  
S. de la Cruz

Dear Mr. Bolling,

Lina writes me that you are waiting for my answer to your ~~last~~ letter. But your last letter was dated June 24<sup>th</sup> and I answered it on July 9<sup>th</sup>. Since then I had no news from you. Also you have not sent your photo - of you alone. I do not like group-pictures as the vibrations get so mixed.

Lina also writes that you would like to know the name of your guide. But did not your heart whisper it to you? I can only say that in remembrance of your dream of a Temple in the Milky Way - you may call him <sup>your guide</sup> Solomon, since once upon a time this name was his.

Soon events will be piling up and we shall

witness many changes. Thus I would like  
to hear from you before the great avalanche

I have a request to you Dear Mr. Walling  
to protect the Institutions and our <sup>loyal</sup> dear wives  
Kerr - Line and Dudley during the severe time  
to come.

Line and Dudley deserve attention and support -  
In two years from now we shall be able to help  
the Institutions, but just now we are on the very  
threshold of great fundamental changes in the  
World, and I ask you, my friend of old  
times, to continue your kind support and friend-  
liness towards our loyal, best friends - Line  
and Dudley Toddick.

It is just a short letter as I do not know whether  
my letter of July 9<sup>th</sup> has reached you.

I am sending you <sup>all</sup> my best thoughts and wishes  
May the shield of the Lords be always over you  
and your family - In spirit and heart

My dear Friend

Thank you so much for <sup>the</sup> three pictures of yourself. I was happy to find your nice letter of May 31<sup>st</sup>. I have ~~kept~~ a special file for your letters, but this letter was missing, but now I have found it and can easily understand how <sup>you</sup> must have felt hurt not having received any answer to it. Please excuse my forgetfulness, I mis-  
led <sup>the letter</sup> it inside of one of my books.

Now you already know one of the many names of your great Protector, Teacher-guide and Best Friend. He came to you as a Nomad Ragan-Khan from Central Asia his incarnation some hundred centuries ago. <sup>appearance</sup> Probably this incarnation has been <sup>assumed</sup> probably chosen in order not to shake you too much as it belongs ~~belonged~~ to a <sup>such</sup> remote part.

Now about your incarnations. So far I know only one or two which have been linked with me. <sup>Thus</sup> In you the XV century you were of Roman-Greek descent and have been appointed as an Advisor to the niece of the Byzantine Emperor - <sup>the princess</sup> Sophia Paleolog who became the Tsarina of Russia in marrying John the Third in 1478. You accompanied her to Russia and stayed there until the death of the Tsar; after you returned with ~~the~~ his widow to your country. You have been a devoted friend to the Tsar as much as to his consort and you have even written a remarkable book-manuscript on the reign

your first letter of May 31 - with answer after the storm and rain

and life of John the third, who was a great monarch. This beautiful and rare manuscript was put in a casket of gold and silver and kept in the Palace of Kremlin where it perished in the great conflagration of Moscow <sup>at the time of</sup> during a war with Crimean Tartars in 1571. in the reign of John the terrible ~~in~~ 1571. John of Levan the terrible, the grandson of John the third in 1571. This life of yours and the manuscript written on the life of your great and enlightened friend will remain among the best pages in your book of life - <sup>Devotion</sup> ~~gratitude~~ and gratitude are our best helpers to approach the gr. One.

Perhaps you will remember me in times of Solomonic Solomon. You have been then ~~an~~ one of the priests and advisers attached to the escort and temple of the Egyptian princess, consort of Solomon.

You have been my great friend and comforter in that foreign Land - <sup>four all cases</sup> ~~It has~~ said: <sup>He has</sup> by the gr. L: "Our dearest <sup>and</sup> devoted friend - <sup>dear</sup> ~~And so~~ to such a friend I am sending my gratitude and deep affection brought from the hoary fard.

The gr. L. also sends you his blessings and gratitude. Keep calm, do not worry <sup>your</sup> nothing threatens your family, your sons will be safe -

1) You are right in thinking that your mission is to protect the fairings, which have been inspired by the gr. L. They could <sup>be</sup> protected as your private collection. The gr. L. sends you his blessings and gratitude for your help in his work.

2) Keep calm do not worry, nothing will threaten you <sup>out</sup> or your family - your sons will ~~be safe~~ <sup>and your friends</sup> - I wonder whether this letter reaches you before storms which are expected by <sup>us</sup> the end of Dec. and

beginning of January - N. York will suffer again - <sup>but do not worry</sup> ~~all will be well~~ <sup>we</sup> ~~we best wish~~ <sup>for the</sup> ~~for the~~ in affection of Helen

My dear Friend,

I have your two letters of Dec. 13<sup>th</sup> and 21<sup>st</sup>. I read them with great interest. It is extremely commendable and useful that you are writing down all your spiritual experiences. Continue to do so and you will be blessed by some more and beautiful realizations.

- You are a powerful medium or a natural seer and magician of remote times as mediums had been called then.

Besides <sup>due to</sup> your innate devotion to the Gr. Ones, you have been from your childhood under their observation. And since your feelings of Gratitude, Devotion and the urge for a closer contact and communion with the Gr. Ones did not diminish with years, but became even stronger, you <sup>could find</sup> have found the right direction and could contact your Gr. Protector. Under his Guardianship you can easily develop into a radiator or a beneficial force, a lowlier of the Gr. Builders.

You must know that mediums have a magnetic aura which attracts to them divinities from the Beyond; that is why you are sometimes visited by them when they wish to be helped or to come in contact with someone on the earthly plane.

on the earthly plan through your mediation. But you should not be frightened by your nocturnal visitors, they cannot harm you. Being under a special Protection, you have only to address yourself to your Protector and pronounce seven times His Name (Hait) and the visitors will disappear.

The Gr. L. says that you have entered your best period. The Cosmic dates are favorable to you. You can cooperate with the Gr. L. and best circumstances will present themselves during such a cooperation.

Now - I am very grateful to you for your kind support of the Institutions, and especially for buying the paintings of P.R. for your private collection. Thus they will not go astray. Some of these paintings are really the concept and creation of the Gr. Ones through P.R.'s mediation. In all his work he has been inspired by the Gr. Ones.

I have another request to you. Please do not send paintings to any gallery outside of Michigan State. It is too dangerous!!

It would be most appropriate most wonderful, to have at least some of these chief <sup>hanging</sup> ~~elements~~ in the Institutions as your private collection on loan.

I know that such is the desire of the Gr. L., but I wanted so much that you should come to it by your own accord.

You wish to be more-conscious - the sweet and the shortest way to it is the great love. Love is the Saram to every realization. But concentration and <sup>a continual</sup> strong desire to <sup>be</sup> conscious

• of all your thoughts and action will gradually develop this faculty, which is one of the most difficult. The great Protection and your loving heart will help you tremendously in these endeavours.

Now - your five questions. - The unsuccessful Adviser should be discarded. As I understand he is connected with goldfields. This land will go down during next cataclysm - better to sell it.

- The Apartment at 1158 - 5<sup>th</sup> Ave. will be very useful to you in not so distant future.

- "Fear is poor adviser" and can lead to a conflict. It will be of a very short duration but the results will be tremendous in that disaster. All your sons will be safe, not one of them will be hurt.

- You can build - but in Michigan state only.

- Of course Sina can read and translate to you pages from the "Supermundane World". -

- I have lived through many pages of my past, and have seen some astral pictures of myself, but do not remember any that had some likeness with the portrait you saw in Sina's possession. The astral image of Soph. Pad. I have not yet seen, but that of the Egyptian Pr. is quite different.

- The Ring which you got - - - must be put in a small silver box and kept separate from all your belongings and not in your bedroom. No one should know <sup>about it</sup> or touch it. Leave it laying in the box for a whole year without looking at touching it. Then it will be purified and changed - The Gr. D. tells me to write that "He will be greatly pleased to see you as ~~his~~ <sup>their</sup> dearest and closest coworker again."

I am happy your health is in good condition  
Keep the golden thread that unites you with the Gr.  
Heart, and all will be well.

Most affectionately

Helena Rosier

Your last letter to me has been dated  
Dec. 30 - 1950.

"Croskey" -

My dear Friend,

I ~~was~~ ~~been~~ so sad to hear of your sudden illness, but the G.P. reassured me saying that - your heart was not affected, only a complete rest was needed <sup>and</sup> also Coramine, a very good and mild remedy to regulate the heart activity - ~~that~~ to this effect I sent a telegram to Gina -

But my worry started again when I learned from Gina that you were treated by the applications of different kind of Rays besides the X-Rays, whereas you needed not only rest. Your condition was due to ~~the~~ overstrain during your extensive motor trips, and especially because of the coarse vibrations which were constantly transmitted to your organism through the wheel. Your whole <sup>nerve</sup> system has been affected and upset by these low vibrations. -

You can use the car but not to drive it, not to sit at the wheel - so it has been said.

- Now I am transmitting to you another Advice from the S.  
"Our friend needs a change of climate, therefore the climate of Sweden will be the best and the most propitious. He is advised to have his son Donald with his wife on this trip." - This trip may be very useful in many ways. Many interesting

contacts with useful people could be made. Also you would meet the representative of the N. Country. Of course your cooperation with that Country will begin later, but sometimes it is good to meet people beforehand and outside one's own country.

The best time for the trip will be after the middle of June.

- Coramine is a good remedy, but Strophantus is the best, as it protects from many contagious diseases such as typhoid fever, malaria. Also it is a preventive from Cancer of the Stomach liver and intestines. - It has been said: "Strophantus is needed in

the organism. He must have daily two pills or tablets of Strophantus. One pill in the morning on empty stomach and one before going to bed - and thus during his entire trip.

Strophantus is a life giver and enters as an essential ingredient into the Elixir of Life which exists and is used by the Adepts.

I have already written to you that the Cosmic events are connected with our human actions. The badness of some irresponsible individuals may unexpectedly precipitate the Cosmic event. - But I am told that you dear Mr. Bolling may quietly proceed with your activities - and after you will start a new and happy construction but on a much bigger scale in collaboration with the N. Country. - I am repeating this in order to remind that nothing is changed and we are nearing the great Day - Meanwhile I have another request to you - The J. G. would like to protect the "Sankta Series" - It's his favorite one.

Please dear friend find a way to protect it I would be so grateful to you. The spirit of the J. G. is everywhere therefore I am not hesitating to ask you. I hope you will send me some postcards from Sweden. I will send you some of the Postcard I possess. I have had your news, besides will see the changes in that lovely country since my last stay there. Take care of yourself. Sending you my affectionate regards

My dear Friend

I would like to have some more news

about you and from you. Some days ago I had a nice letter from S<sup>r</sup> Bhatnagar, he says: "N<sup>r</sup> Wolting is the type of a man who should come to India and to start some big business or industry..." Thus having this letter and the one you sent me about - "the wonderful two days spent with S<sup>r</sup> Bhatnagar... etc..." I feel more confident in sending you the following suggestion - "Our friend should not be in a hurry to leave Sweden as he is expected to be in India by the middle of November, he may stay there a few weeks and then return to Michigan." - I gather that October will be pleasant in Europe, but the plains of India are very trying up to the middle of November. You will meet your new friend and acquaint yourself with the great and extensive work done by him in his country. - You will <sup>probably</sup> also see your old friend but not in the mountains, ~~at~~ he is in Belki or Bombay. I shall be happy to see my old friend we love so much to talk over - hours and hours

will not suffice to cover the scope -

I shall <sup>eagerly</sup> await your reaction to the new ~~development~~ <sup>development</sup> of development - Take care of yourself

Affectionately

My Dear General -

I am happy to receive your letter of June 4<sup>th</sup> and learn from it that your health is excellent. Yes, as long as you Ref. to a given doctor you will feel well and enjoy your life. <sup>of course</sup> ~~Certainly~~ you can fly - as you have done before but don't forget to take straptan <sup>two</sup> pills daily and three while you are on <sup>the</sup> ~~the~~ air. My dear Friend, I am happy to receive your letter of June 4<sup>th</sup> and learn from it that your "health is excellent". Yes, as long as you keep to the "Advises" you will feel well and enjoy your life. - Certainly, you can fly to Sweden as you have planned it. But do not forget your Strophantus - two pills daily and three while you are on <sup>the</sup> road. You can drive your car but at the condition that you will not overstrain yourself - take care of your heart; do not give it ~~too much~~ too much intense work.

I did not read the book "The Day Spring of Youth by Dr." but cooperation with <sup>the</sup> carrying atoms - must be quite an achievement. Would like to discuss <sup>the</sup> book - will send a wonderful ad with the suggestions for Dr. remain the same. Of course you must not expect immediate tremendous results

you had a meeting during your last visit  
the best man (besides) left the Country, but  
any acquaintance and meeting with our exper-  
tises will prove to be very useful and in fact too  
~~your~~ <sup>desert</sup> future. You can acquaint yourself with  
some of their new methods of construction and the  
use of new material for the <sup>steps</sup> buildings. I  
heard that tetanus will be soon replaced by  
some new ingredient -

Your contact with D.K. is a very good one but  
not for the <sup>moment</sup> present - You will not get the returns  
which you expect from the Big - ~~WORK~~

~~With~~ your project to invite engineers and  
designers from Germany seems to be a good one  
since the Germans will always be considered

to be the most conscientious and hard working  
be rather careful with ~~new~~ expansions  
of your work - But if you and its results  
are good but not in other directions -

Please have patience big possibilities will  
be open to you and your sons for enlarging  
their business on a big scale. But do not  
time to have the way to ~~them~~ thus try to

to meet and sort of less friendly relations with  
 saw people beforehand. Thus act in full confidence  
 and friendliness towards the new ones.  
 As to the names of people to meet and deal with  
 their names are never given or even mentioned -  
 beforehand - such is the occult rule - the same rule ap-  
 plies to the place of meeting. Only the country  
 in general is named never the precise place or  
 occasion where and how to meet.

Such precautions are taken because of our hu-  
 man weakness - the real things come unexpect-  
 edly <sup>but</sup> we must be open to them unexpectantly

We shall meet <sup>for the moment</sup> but ~~at present~~ I am not  
 so sure where <sup>and when</sup> this interview will take place

There are two decisions; the best ~~according to~~  
 circumstances will be chosen. So - I am confident and  
 continue my work ~~and take greater care of~~ <sup>and be ready for</sup> my ~~eventuality~~  
 myself ~~with~~ <sup>under</sup> ~~the~~ ~~name~~ <sup>from now on</sup>

The ring presented to you by A <sup>can be</sup>  
 left among your other things but do not

My dear friend,

I was really happy to get your two letters of June and July. Yes, you are in need of a good rest and changes of climate and environments.

I hope you will be able to stay in Sweden or else in Europe longer than it has been anticipated by you, September being the best month in Europe for rest. I was said that you could easily stay even up to the end of October. I understand that your presence <sup>there</sup> will be very useful for many reasons by that time. ~~Of course~~ <sup>As</sup> November will be much cooler and it is better to be already in Belgium.

Of course everything will take place according to the will of the Lord. Thus be confident and keep calm. Nothing ~~bad~~ will touch you or your family.

It is very sad to hear about Mrs B's condition. Let her peacefully recover from her nervous condition in a better climate of Sweden. The change will do a lot of good to her. Besides, it is suggested that she may peacefully stay a whole year in Sweden as the coming winter will be difficult in your country.

By the way did you get my cable address to grand  
haven concerning your sailing for Sweden. In it  
I have intimated the possibility of Mrs A's joining you later  
rearranged by her son -

I was very touched to read in your letter of July 9<sup>th</sup>  
that, "the Santa Teresa" and other symbolical paintings are being  
saved for me" - Yes it is the work of the G.L. that these  
paintings should be saved by you from being ~~destroyed~~<sup>remained</sup>  
lost & destroyed - they can still stand at the ~~street~~<sup>avenue</sup>  
Drive to 3 st. the museum will ~~take~~<sup>take</sup> without all others.

- Yes to feel the Ray of the L. in one's statue is a great  
privilege - <sup>I am</sup> glad that you may get some more pieces of the ~~statue~~<sup>statue</sup>  
care restored upon you - Now, I am friend  
to appreciate these blessings -

Thank you ~~again~~ for sending me your love, I reciprocate  
heartily and in sending my gratitude and love  
too. Take care of yourself. Great work is ahead

affectionately

Yes the wish of the J.L. is that we should meet at the appointed

My dear Friend;

I am in receipt of your last letter. ~~and~~ Hope all is well with you, and that you have overcome your disappointment in the delay of your coming to India. But we must have trust in the Great Wisdom which foresees all fluctuations and changes in the course of Cosmic and world events and chooses therefore the best time for constructive work to be started and carried on. (Thus, the idea to start a gigantic Plant in this country is almost obsolete. Soon very soon a new device will be found to apply the newly discovered energy to all the motors. Gigantic plants and huge sums will not be required for this. The method will be exceedingly simple and cheap. Is it then advisable to venture in such a costly enterprise at the eve of a new Epoch?) Let us have a little more patience. Besides you do not loose anything just now in India, but you have missed the great opportunity to meet the best man and representative of the best country while staying in Sweden- Only from there will come all your possibilities and your future prosperity. The best date and the opportunity to meet the best man for your kind of business have passed by. We must realize that Advices are given in full knowledge of all the circumstances needed for success, *all in parenthesis is for you only.* *and often such favorable circumstances do not repeat themselves*

Thus dear Friend, all cosmic and world events point decidedly to happen in March, but the March of 1953. Thus you may quietly dispose of your time at home or in Sweden. But take care of yourself, do not overfatigue yourself, do not move too much. Also be not apprehensive of any threats of armed conflicts in the near future.

The colossal expenditure should be postponed because of many reconstructions in this country. Our dear Dr. B. is a fine spirit and the best scientist and representative of this country. Keep in your heart the most friendly attitude towards him, but only friendly just now, the business side will present itself later on.

Thus dear Friend you have ample time to recuperate and to write me many nice letters about your spiritual *advancements* achievements. How do you like the book "Community"? Its translation is very good -- our dear Dudley is considered by the Gr. T. to be the best translator of these books. Sina and Dudley, the devoted servitors of the General Good really deserve our full esteem and assistance in their selfless work. Blessed are those who can work with such a selflessness. Helping them, we help the Work of the Lord and ourselves, the Gr. L's gratitude brings reward hundredfold.

Did you avail yourself of the proposal to buy a property in Sweden? Mrs. Bolling could profit of it and recover completely in the climate of Sweden. Did you think of it?

Now about yourself. Advice is given to take three pills of Strophanthus daily and to continue for a whole month. You must be very careful not to overfatigue yourself in your travellings, because of great changes in vibrations in the atmosphere of every state of the U.S. due to the strong west-wind and the tense magnetic opposition to the currents coming from a new approaching Comet which has postponed many events.

Our dear Ingeborg is still with me. She has greatly advanced spiritually and is going through the Yogic process of the opening of the solar plexus and consequently must take great care of herself, as she is rather weakened by this. She cannot travel just now, but in Spring she may leave for Switzerland because of its climate is the best for her, being her native country.

I am closing my letter with the wish to see you in India next autumn. My best thoughts will be with you in all your endeavours for the Great Service.

Affectionately

My very dear friend, I was happy indeed to receive your answer to my letter of Dec. 24."

Yes, I expect you to gather as much strength as possible during your stay in Switzerland. You are needed for the great new construction and reconstruction not only in your country but in the new and best Country also. Of course the possibilities <sup>there</sup> will be tremendous, besides the interesting experiments with the new material at your disposal.

Wish dearest friend keep strong and full of confidence in the good. Over nothing will really affect you. Even during the difficult times your work your family <sup>your people</sup> will be safe;

But you should not overfatigue yourself <sup>in order</sup> not to burden your heart. Also avoid lengthy strolls in the mountains. Do not neglect Streptococcus but take it in "granules of Catillon Streptococcus they are the best and you can easily obtain them just in Switzerland. You do not need a special diet only no excess in anything in order to avoid any obesity. Also do not take hot baths.

Letter of you letter is very difficult - <sup>to</sup> her heart does not bear it in.

I am very touched by your readiness to <sup>assist</sup> help the  
gr. I. S. Work and to help <sup>us</sup> me with the edition of  
my "Letters". They will be edited from April 7. 1901. under  
the sign of the I. S.

Thank you from all my heart for helping me and  
our friends -

I look forward to see you by the end of Nov or beginning  
of Dec in India - Our meeting is most important  
as it will enable us to establish a strong bond  
between <sup>you</sup> the gr. I. <sup>and</sup> myself. The content of my article  
is needed for this. The gr. I. says that he has not  
forgotten, and remembers well your devoted service  
then, and he wishes to help you. The difficult times in your  
country will be easy for you and your work, your  
family and place will not suffer but will receive  
tremendous expansion in the new and best Country  
I shall be very glad to get a copy of your last  
talk to your people. Also to hear about your  
dreams it is good you take records of them  
- So dear John be sure that everything  
will be well - Reef Boston and strong  
nothing will affect you and yours  
With best thoughts and wishes for you  
My kindest regards to Mrs. Kelley. Yours affectionately  
H. P.

Dear Mr Ashley <sup>love</sup> Just heard <sup>but</sup>

 exclusive circumstances may delay  
~~my~~ <sup>my</sup> ~~response~~ Your last letter of Nov 24

Dear Mr. Bolling;

Just have heard from Katherine that you did not receive my last letter. I am always ready to answer your questions and only exclusive circumstances may delay my answer. Your last letter of November 27th. has reached me at the beginning of December and was answered on December 11th. It should have reached you around Xmas Christmas. I am sending you the copy of this letter and can add that since that time no changes have been announced. Therefore, I must once more advise you to establish friendly relations with the representatives of my country in Sweden. Thus why not visit your country again in Spring -- the success will be beyond your expectations. Thus the best Advise is to proceed to Sweden and remain there for the whole summer. Mrs. Bolling could join you and stay in a Sanatorium or in a place and environment which suits her the best, and where she would like or prefer to be.

Please try to arrange for her a quiet and pleasant sojourn in Sweden. No reproaches and sad recollections of offenses of the past should be allowed to darken or confuse your conversations with her. But with all the might of your being strive into the future. Let the new construction hold you so much that there will be no time left, nor desire to think of other things. Nothing besides the future should remain in your heart. The recollections of the past can only harm our karma.

Thus, Dear Friend - remember the Call and Advise of the "Gr. L." Forward without looking back----- only forward!

You can continue to write me at my present address. Sending you my best thoughts --- courage, confidence and patience.

Dear Mr. Holling

April or  
May -

I am very sorry I could not answer your  
last letter ~~at once~~ ~~or~~ ~~replied~~, but I am  
sure you will excuse me - I am going through  
a very tense and difficult period. Some day  
our friends and ourselves will realize it, I do  
not belong to myself but to the gr. service  
and at certain periods this service demands  
all my strength and abilities - leaving only  
~~with~~ <sup>in my</sup> ~~self~~ <sup>upon</sup> ~~my~~ <sup>the earthly</sup>  
~~physical shell~~ <sup>plane</sup> "So please do not be offended  
at my enforced ~~silence~~ <sup>silence</sup> enforced by cir-  
cumstances"

My heart responds with all its chords  
to your assurance of your heartest cooperation  
and support in the gr. work that may be designated  
to you - your ~~own~~ <sup>own</sup> ~~intention~~ <sup>intention</sup> will ~~help~~ <sup>help</sup> ~~you~~ <sup>you</sup> ~~prompt~~  
you where this support is mostly needed -  
Yes, nothing can be compared to the beauty  
of having the gr. One in their great idea -  
wishes to broaden the consciousness of  
our humanity ~~with~~

I am happy to learn about your awareness  
of the closeness of the J. M. from your childhood  
It must be so, I am told that in first ages  
you have been a devoted servant of a great  
Ancestral and loved them dearly. Continue  
this path and in due time you will realize the  
ineffable joy of your soul illumined by the  
Radiance of mutual Love —

Perhaps you may also remember the noblely  
devoted  
of friendship that were once binding you  
and me — I will not say more let your  
intuition and inner memory work ~~that~~  
I am interested in everything that pertains to  
your spiritual realizations — but I did not  
hear from you about your wonderful dream,  
and will appreciate your own description of it —  
As I understand it is a most significant  
dream, one has been sent to you — It is  
a symbolical dream and one of great beauty.  
~~It is a most significant of great significance~~ The  
fact that Solomon opens <sup>the</sup> gates of his  
Temple not against the world but in the cosmic  
space means that he is ready to reveal  
"wisdom" much of this great Cosmic Knowledge.

So I am made to understand — X  
 Now about the jointings for the movement the G.D.  
 is silent about these questions. Not of course  
~~intent~~ I will know how to act <sup>in this matter</sup> at the proper  
 time when time comes — the G.D. know's  
 the <sup>most</sup> appropriate time for everything.

It is very good that you feel your guide  
 with you always when you need him  
 keep to that feeling, make it a beautiful habit  
 to question him (or they) in your heart in hours  
 of real need.

I hope you remember all the labours previously  
 given — have nothing to add or to change —  
 The coming events are not <sup>known</sup> for any  
 big enterprise — The G. Calamity has not been over-  
~~ted~~ but only postponed may be till next year  
 but this bound to come, of course much could be  
 overtaken and even changed, but the <sup>mass</sup> ~~of~~ <sup>as a whole</sup> ~~of~~ <sup>to</sup>  
 will are the most ~~and~~ <sup>are</sup> ~~to~~ <sup>to</sup> ~~be~~ <sup>to</sup> ~~re~~ <sup>to</sup>  
 any change in the Karma of our unhappy planet  
 the sunshine will come but after the storm is  
 over. We must have full confidence in the wisdom  
 of the G. Dom they know the best ways and means for  
 the salvation of our humanity, but their ~~will~~  
~~and~~ ~~ways~~ are not in conformity with our

limited understanding and ~~clearer~~ <sup>broader</sup> longings.

But dear Mr. Bulling you must keep courage  
you have the great privilege to have a guide  
you will be protected your <sup>good</sup> home will come out  
in a distant future and you will be able  
to develop your activities in the New Country

~~beyond your own~~  
Could you send me a small photo of you  
it would give me a real pleasure to see  
my <sup>one</sup> devoted "friend" in his <sup>own</sup> physical body  
I am sending you the Blessings of the G. Y.  
My best thoughts and heartfelt wishes

affectionately to R

I could you tell the date of our  
father meeting in the New Country  
but you will not be able to  
keep it for yourself only thus  
it is better for me to keep silent

All our collaborators were working hard to have

My dear Friend

In answer to your letter of August 19<sup>th</sup> I have sent ~~you~~ the following cable:  
 - Postpone trip Europe until October. Instead Germany visit Sweden, letter follows -  
 Wishing you every success - Blessing with you

It is better to abstain from any journey until October, and even after October, in September, as severe atmospheric disturbances are expected along the Atlantic Ocean -  
 Advice is given not to have any <sup>contacts</sup> ~~conferences~~ or dealings with Germany. Better to deal with Sweden - Swedish mechanical production are very good - Germany will soon <sup>go through</sup> ~~face~~ a very difficult time (and it is better not to partake in it, in its heavy strenuous Rarime even if directly)

You do not need any foreign instructors or engineers  
 they may give rise to many misunderstandings <sup>among</sup> ~~and~~  
 your workers - Germany will soon reap her  
 heavy harvest.

Also there are some new difficulties ~~here~~ which  
 may prevent your coming ~~to see me~~ <sup>to see me</sup> ~~your visit~~  
 to India. The floods in our part of the country  
 are exceedingly severe and as far as I know  
 unprecedented in the history of India. Ganga's  
 meadows with <sup>fields</sup> ~~fields~~ of constantly interrupted  
 as we have constant slides and breaks <sup>land</sup> of the  
 roads ~~and~~ and the highways often cannot land  
~~because~~ due to the submergence of the air-  
 terminal at Tellegum.

Dear friend your are advised to Ref. Colm<sup>be</sup>  
 Your workers will not give you too much trouble  
 be quiet and tell them that they may postulate  
 their requests for any reasonable change and alloc-  
 ation in their work and you will discuss the matter  
 with their ~~other~~ representatives.

tell them that the Country is in need  
of increased <sup>output of</sup> production and you wish  
to extend your activity (perhaps to bring  
it even to South America)

• ~~Wishing that you~~ a ~~good~~ ~~Wish~~ ~~and~~  
reasonable <sup>or</sup> quiet attitude towards their  
demands will help a lot

Your country will be in great tension because  
of a new aspect of World Situation - but  
be confident nothing will touch you directly  
Everything will settle in the best way  
We shall meet ~~at~~ ~~Delhi~~ ~~at~~ ~~the~~ ~~end~~ ~~of~~ ~~this~~ ~~year~~ ~~pro~~  
bably the next year and come with our cowboys  
from Switzerland

Nothing <sup>will</sup> threaten you if you follow the ~~plan~~  
ideas - given in ~~the~~ ~~one~~ ~~and~~ ~~can~~  
continue to take 50% Cattle as ~~often~~ ~~you~~  
feel tired - take four <sup>times</sup> instead of three  
in in the ~~morning~~ ~~and~~ ~~two~~ ~~times~~ ~~in~~ ~~the~~ ~~evening~~  
This be <sup>of</sup> ~~god~~ ~~cheer~~ - will flourish 100% on the  
go from any part of -

Therefore one should not exaggerate on  
glitches

Now about the process: Your Solar Plexus will  
be opened Kundalini will be awakened  
and the functions of the Pit. gl. intensified  
and accelerated. Your clear <sup>vision</sup> and  
clear <sup>vision</sup> <sup>will</sup> <sup>gradually</sup> <sup>increase</sup> <sup>but</sup>  
you will have to take full <sup>care</sup> <sup>of</sup> <sup>your</sup> <sup>health</sup>  
not to overfatigue yourself in anything.

Also your spine will not permit you to  
bend because of pains in the <sup>vertebrae</sup> ~~spine~~  
and at the back of the neck -  
But do not be alarmed nothing is worse of  
without pains - - they 'will pass' -  
of course it is the Solar Plexus that will  
give the most unpleasant sensations  
dull pains, sometimes very strong  
nauseas ~~by~~ vomiting spells -  
~~some~~ <sup>some</sup> <sup>of</sup> <sup>the</sup> <sup>best</sup> <sup>of</sup> <sup>remedies</sup> -  
but <sup>the</sup> <sup>best</sup> <sup>is</sup> <sup>the</sup> <sup>fast</sup> <sup>remedy</sup>  
One can take <sup>of</sup> <sup>it</sup> <sup>at</sup> <sup>every</sup> <sup>attack</sup>  
of pain

In your original collection  
of the life of the noble  
and virtuous Duke of  
Lorraine, which you have  
been so good as to  
send me, I have been  
much obliged to you for  
the pains you have  
taken in the translation  
of it, and for the  
great care you have  
taken in the printing  
of it. I have been  
much obliged to you  
for the pains you have  
taken in the translation  
of it, and for the  
great care you have  
taken in the printing  
of it.

Valerian is also very good you should take  
~~at three~~ ~~three~~ ~~ret~~ tincture and three a  
day for 35 drops - without missing one day!  
Stropharia you can take <sup>every day</sup> from four to  
five pills - Two in the morning and  
two ~~again~~ <sup>evening</sup> to sleep the fifth you will  
take in cases you feel exhausted  
You shall not travel too much  
no climbing of mountains. You can  
go in a carriage and <sup>on a train</sup> inhale the moun-  
tain atmosphere - but no climbing  
You must rest as much as you can  
You will often feel unpleasant infla-  
cion of the abdomen it will have  
nothing to do with indigestion - but  
it ~~is~~ comes from the intensified  
activity of the adrenal center -  
Therefore light diet is of great  
help - milk products - vegetable  
You shall experience a great tension  
in your head because of the ~~acceler-~~  
ation of the activity of the Pit gland

Also you will experience <sup>years - great tension</sup> as ~~some part~~ <sup>take place</sup> of electric discharges in your ~~hand~~ <sup>hand</sup> and a continued sound ~~oo -~~ in your hands but all will pass! Massage is very harmful in case of inflamed centers. The G.I. says you and Phil are best and children and much has to be repeated to you. Thus I shall not lose my patience and refer you only to take all precautions when not to overdo in anything.

My dear friend, I was glad to receive your letter of Sept 30<sup>th</sup>. ~~I have~~ as I have been worrying that my letter of Aug. 26 - may have had caused some inconvenience to your plans -

• I have been disappointed and very much so not to see you and my friends this year. But we can easily understand the great wisdom of this postponement. The events are informative ~~and~~ ~~and~~ ~~we have~~ still time to plan for future and strengthen ~~our~~ positions.

The advice is to go in February for three weeks to South America with your son Roger - only -

• It is good to acquaint yourself ~~to~~ before hand with different localities, their peculiarities and the existing labour conditions. Mexico, Peru and Argentine are indicated - as the best -

It will be a reconnoitering trip. It is difficult to form a correct judgement from the first fleeting visit. But you will go again probably at the end of the year to start there a tremendous activity - shall not be surprised if Peru presents

the best possibilities <sup>my future</sup> later on. Thus a preliminary acquaintance is very essential -

The chosen place - Barion - Indico of course is well situated for a factory - but I am sorry to say that this place and adjoining localities may ~~be~~ <sup>be</sup> ~~destroyed~~ <sup>supper severely</sup> from ~~be~~ <sup>be</sup> ~~destroyed~~ <sup>be</sup> ~~by~~ <sup>be</sup> ~~cosmic~~ <sup>be</sup> ~~perturbations~~ <sup>be</sup> in some ten or four years from now. Therefore advice is ~~to~~ <sup>to</sup> consider Liberty which has not such facilities as Barion but is developing nicely and will be ~~the~~ <sup>be</sup> ~~best~~ <sup>be</sup> ~~place~~ <sup>be</sup> for many activities - ~~once~~ <sup>be</sup> ~~the~~ <sup>be</sup> ~~cosmic~~ <sup>be</sup> ~~perturbations~~ <sup>be</sup> are over. Besides you can ~~have~~ <sup>be</sup> ~~best~~ <sup>be</sup> ~~information~~ <sup>be</sup> about the ~~possibilities~~ <sup>be</sup> ~~there~~ <sup>be</sup> from our friends - the ~~Producers~~ <sup>be</sup> - Mr. G. J. ~~Podick~~ <sup>be</sup> can be of great assistance to you - His family <sup>has been</sup> ~~is~~ <sup>is</sup> ~~very~~ <sup>be</sup> ~~well~~ <sup>be</sup> ~~known~~ <sup>be</sup> for a long time and is ~~well~~ <sup>be</sup> ~~known~~ <sup>be</sup> in great esteem by ~~the~~ <sup>be</sup> ~~local~~ <sup>be</sup> ~~population~~ <sup>be</sup>.

Please dear friend be very cautious ~~with~~ <sup>be</sup> while dealing with ~~workers~~ <sup>be</sup> - You can say to them that you are ~~in~~ <sup>be</sup> ~~in~~ <sup>be</sup> ~~straitened~~ <sup>be</sup> ~~circumstances~~ <sup>be</sup> due to their demands and cannot enlarge or develop your activity and thus you must look for ~~the~~ <sup>be</sup> ~~new~~ <sup>be</sup>

place where I can apply your knowledge and experience — Also transfer some cash to South America. Argentina work better to help Engl. as I am Secretary at the end of November —

Low Country will pass through ~~by~~ difficult times not because of direct war effects but ~~but~~ but from Cosmic disturbances. That Mexico, Connecticut and Liberty will stand as bases

For the year 51 can be considered a crucial year as it has laid foundation for the Cosmic ~~Reconstruction~~ <sup>Disintegration</sup> because of our inhuman attitude of war <sup>and ignorance</sup> collisions — That no world

war will be experienced again — Total ignorance of higher energies only Energies — our inhuman attitude and man-collisions — That no World War will be experienced <sup>to be feared</sup> by us again ~~the world~~ — Dear friend, Love will always be

Thought of your being to the feel your

My dear friend.

D. J. Foyl

I have just received a second letter from David with good news about you - he writes that you are much better and are now fully convinced that you can eat milk products without any adverse effect - I am very happy to hear it. It may interest you ~~to~~ to know that I have been told that you were poisoned by the excess of radioactivity in the atmosphere around some localities in U.S. You have contracted this poisoned atmosphere during your trips in G. & D. David was not aware of this but he prescribed the best treatment as C. Selenium is considered to be the best blood purifier. Thus the poison has been eliminated in your organism and you are <sup>now</sup> out of danger and you will regain perfect health after a lengthy stay in Switzerland and Sweden -

Many times you have been warned against your many trips - but of course the <sup>real</sup> ~~whole~~ reason was not given. The only reason it was pointed out that these trips had a bad effect on your heart - the poisoned atmosphere was ~~not~~ is very adverse to the Rays of the G. & D. - but if you will <sup>now</sup> ~~the~~ Rays of an up folk it - <sup>you</sup> ~~you~~ should be all means <sup>from</sup> ~~from~~ going to the localities subject to that ~~ill~~ <sup>ill</sup> ~~cells~~ <sup>of</sup> ~~of~~ radioactivity

and you look to avoiding ~~all~~ means ~~of~~ localities  
subject to the excess of ~~regulation~~ ~~of~~  
~~may~~ I may be interested to know ~~that~~ ~~the~~  
the localities subject to this excess -  
They are { the entire West Coast beginning with  
Los Angeles, California and down ~~the coast~~  
of course many neighboring states are affected  
Florida ~~too~~ is also ~~dangerous~~ - ~~for~~ Earth-  
quakes in California may be expected -

It will be wise to spend the summer season  
in Switzerland and Sweden - but not in U.S. -  
perhaps you may meet  
Mrs Campbell ~~and~~ Mrs Dietrich ~~and~~ ~~also~~ in Sweden  
last ~~and~~ ~~later~~ they intend to come ~~to~~ ~~the~~ in autumn  
to India - to see me - Perhaps you ~~could~~ join  
them - as I expect to regain my strength  
it is promised to me

Please give me your news - I shall be  
glad to hear ~~from~~ ~~you~~ ~~not~~ ~~only~~ ~~from~~  
~~you~~ ~~only~~ - ~~in~~ ~~great~~ ~~haste~~ ~~I~~ ~~had~~ ~~to~~  
I have been very busy finishing my letters which  
~~will~~ ~~be~~ ~~trans~~ ~~lated~~ ~~and~~ ~~will~~  
be published in U.S. I - My friend Mr Campbell  
will be ~~one~~ ~~of~~ ~~the~~ ~~main~~ ~~contributors~~ ~~for~~ ~~this~~ ~~edition~~ -  
I am at the ~~work~~ ~~of~~ ~~the~~ ~~U.S.~~ ~~Letters~~ ~~there~~ ~~edited~~  
at a ~~fast~~ ~~as~~ ~~soon~~ ~~as~~ ~~possible~~ ~~can~~

without any delay all our collaborators were  
 working hard to have the manuscript completed  
 by January. I would send the <sup>manuscript</sup> in  
 January to U.S. in order to have the book published  
 by summer. - I am afraid that the ~~book~~  
~~and that the edition~~ will be a rather costly one  
 the expenditure will be somewhat higher than  
 that of other books of the our other books  
 and it will be ~~hard~~. Thus I would appreciate  
 greatly if you dear friend could contribute  
 also to this edition of which I would never  
 think of ~~but~~ but it is the Lord's wish that  
 it should be printed just now and we must ~~cope~~  
 with ~~this~~ <sup>this</sup> ~~work~~. Of course ~~we~~ ~~could~~ ~~some~~ ~~return~~  
 can be expected on the case be placed  
 at the disposal of the trustee. - Thus  
 dear friend it would be a great relief to me  
 to know that I ~~do~~ ~~not~~ ~~have~~ ~~any~~ ~~of~~ ~~my~~ ~~dear~~  
 friends who would so self-sacrificingly ~~take~~  
 help me - I would like you to print  
 my book ~~in~~ ~~volly~~ ~~both~~ ~~the~~ ~~translation~~ ~~of~~

and my  
great devotee of the Lord and most  
great friend my spirit truly spiritual  
daughter - He has done the  
whole work of translation - His selfless  
hard work of translation - with  
English friends -

Who knows perhaps you <sup>my</sup> <sup>love</sup> <sup>is</sup> <sup>in</sup> <sup>the</sup> <sup>heart</sup> <sup>of</sup> <sup>me</sup>  
to go to Sun - Dullin - and see her  
He will be happy to meet you, as she  
loves people especially those spiritually  
gifted. She herself is a heart magnet  
to her as she is a very gentle  
personality - and loves people  
and above all loves teaching

She is so happy that you are on the way  
to complete refuge on refuge  
that is why in return to God  
that I send you this message and prayer  
in your journey  
This is the love and prayer that she has for you

My most beloved Kathleen in Guelphville - have just  
received your letter of March 22nd - The five letters of  
Tisbury including that of Dec 1st have been <sup>well</sup> received -  
I'm very sad about little Jerry's condition, on all  
the worries and troubles which you and Kathleen had  
to <sup>through</sup> endure. "He needs the climate of his country" <sup>that's</sup>  
<sup>one of</sup> <sup>the</sup> <sup>states</sup> <sup>and</sup> <sup>in</sup> <sup>the</sup> <sup>same</sup> <sup>climatic</sup> <sup>belt</sup> -

Perhaps you could take <sup>the boys</sup> <sup>remains</sup> <sup>side</sup> <sup>with</sup> <sup>you</sup> <sup>to</sup> <sup>some</sup>  
sanatorium in California for a fortnight, I would do  
a lot of good to all of you. My Guelphville  
can be left alone on the farm - the well profit of  
quietude and have the needed time for concentration  
Without concentration it is difficult to ~~obtain~~ <sup>to</sup> <sup>effect</sup>  
any ~~real~~ tangible result and or manifestations. Each  
necessity of the glands or nerve fibers requires  
a constant attention and work on it, which is possible  
in the form of concentration - <sup>Practicing</sup> <sup>is</sup> <sup>needed</sup> <sup>in</sup>  
<sup>learning</sup> <sup>our</sup> <sup>writing</sup> - <sup>that</sup> <sup>fall</sup> <sup>perhaps</sup> <sup>you</sup>  
<sup>will</sup> <sup>receive</sup> <sup>now</sup> <sup>input</sup> <sup>impulse</sup> <sup>from</sup> <sup>the</sup> <sup>of</sup> <sup>of</sup>  
and through the help of my own <sup>the</sup> <sup>contact</sup> <sup>will</sup> <sup>be</sup> <sup>strongly</sup>  
established <sup>before</sup> <sup>the</sup> <sup>great</sup> <sup>events</sup>

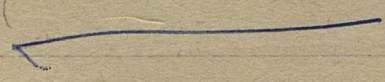

I don't think our century becomes

I do not think it would be wise for you  
 and both of you to return home before the  
 end of April. Foy needs to <sup>arrange</sup> ~~stay~~  
~~little longer~~ in her native climate  
 and it seems to me that all of them  
 will profit a great deal in staying  
 a ~~little~~ longer in the mountains.  
 We expect you to join them at the end of  
 April. The best day for flying is Apr 25  
 Now I am sending the instructions  
 that I have gathered - I hope you will  
 understand my translation and will check  
 them with the previous ones sent to you

But I must also say that ~~believe~~ you should

that the G.L. told me that he takes on himself

By the way could you, beloved, send me an English copy of "Sam"? I do not have it, and cannot check the Index to it compiled by Mrs. Gantsovoff - If not, ask Lina to send me <sup>one</sup>, but it must be in English.

Now my Beloved I would like to ~~say~~ <sup>say</sup> to tell you how happy I am ~~that~~ <sup>that</sup> I will be to see you again in India and to transfer to you some of my psychic energy for the <sup>busy</sup> years to come — Perhaps Bob will also come for some days to see me He wrote a very nice letter in which he says: Rest assured that everything will be done to take care of the Publication of your letters as you want it and I am certain I will always have means to finance what is desired by the G. D. Now I consider your request an evidence of our closeness and am happy you asked me though I would have offered to help any way. — " — thus I am not worried about the book I signed about the book 'now'.
