

You are right in worrying about Huetshov's
condition of health. He is too sensitive and this reacts
on his whole system and weakens him.

He needs a ^{good} rest for six weeks at least

on his mind.

We just received a Telegram from him -
the road is very bad but he has already done
the worst part of it, hope he will be ~~not~~ in

We learned from your telegr. and radio that
Hyd... was in Bombay. Does it mean that Huetshov
will have to go straight to Bombay?

My dearest Devika, Today is the tenth day since you left and we already miss you both greatly. We were glad to have your letter from Lahore, but the news about the damage done to frames (may be fixtures) was rather alarming. Hope Govt. will have time to do something about it.

How did you find our friends the Seyhals, Sumner and Prof. Dickenson? Had a nice letter from Sarah.

The vegetables and fruit arrived on the third of J. in pretty good conditions. Many thanks for your sweet thought to send us oranges and tangerines, it was a real pleasure to taste them again.

The news about the Cat are confusing, but the fact that is a living corpse-remains. Georges read somewhere about the visit to Moscow of the couple Joliot-Curie. It seems they have been greatly impressed and enchanted with their welcome and stay there!!

Did you get the copy of the letter from Amberg, we have sent it to you? Hope to receive a reply to our letter to them by the ~~start~~ of February if by air mail.

My dear, dear little Wozylik, all my thoughts are flying to you - I received the advice for you to interview as soon as possible Pandity; and ask him advice and help. Tell him of the law-suit and ask him to protect you against those individuals.

I know that you will be victorious, but we need to act without delay.

When meeting him convey him the advice "greatest caution is needed in dealing with Hyd. One has to gain time as new events in the West will help

to avoid complications and dangers. Friendship
with R. should be maintained and she will help
India in her difficult hour. You know, dearest,

My dearest Wozylinka,

Thank you for the letter. I am so happy to know that my Sotik is much better.

I have been worrying about him, as I saw him in my dream as a little boy, laying in his bed, his face very flushed, eyes big and bright. He was so tender to me and I was fondling him and felt so acutely that he needed help and care. So I am happy that our Wozylik is surrounding her "husband" with love and care.

Thanks for the plaster and other medicine. I feel much better. George is an excellent nurse. Really he is touching. During nights he comes there, four times to see how I sleep, do I need something, takes my pulse, closes the window etc. etc.

I feel the news will differ much from what we expect, but it will help matters.

Bygones we shall move from Rhandala in January, as February is the best month for travelling. George thinks of Ralimpong, but I persist in my faith.

Marya Raden Raja passed away on Nov. 21. She had a vision of St. Sergius, he spoke to her. She was happy beyond words, all her pains left her and quietly she went to rest and passed in her sleep.

Lina Tardick has found a new apartment on the street that has been indicated to her by the gr. So Paddin's paintings and our books will be safe during the months of March and April when one may expect severe magnetic disturbances, storms, earthquakes, tidal waves etc. etc. I am much worried about California and Florida.

Katherine is in Florida, trying to see her bungalow, but finds it difficult. Let us hope for the best.

Bygones her Bruno farm will withstand all storms. She will be safe there. Martha Sturans will be soon coming to U.S.A. She will be of great help to them.

Please, dear ones do not come to see us until Sue is completely recovered. My tender love to both of you - Best wishes for X-mas -
 Lovingly Mother

My dearest Wozlinda! Although we have been very happy to have Svetik with us, still we would prefer to have you both. Many, many thanks for all lovely gifts. My dress is a real success! and such a useful addition to my meagre wardrobe! Especially I was happy to see the belt attached to the dress!

I have just received a letter from Katherine. She is anxious you should take along some

woolen things, such as socks, underweare, sweaters
etc. . There is practically little or no heat anywhere
to be found throughout Europe and one can be very
cold when travelling. Give them our love and tell them
we are still anxiously awaiting them. . . Life here conti-
news about the same. World conditions are most deple-
table. There is so much confusion everywhere and so much
lying from all angles that we here have almost ceased
to listen to the news. . . " —

My dearest Wooslinka,

Many, many thanks for your lovely, kind
letters and all sendings — ~~The~~ two magazines
and the watch ^{one} arrived safely, thus I think the
two remaining ones could be also sent.

We shall be ^{very, very} happy to have you both with us
but I hope this time for a longer period —
Katherine and Inge are also planning to come
and spend the threatening, gloomy time with
us in India — I am sure we will manage
well and find place for every one —

I wrote to your "husband" about the terrific mag-
netic storms, which are expected by the end
of November and Dec. ~~to~~ sweep over Europe
and America — India will not suffer —

Dearest Waaylinka, I am so glad that your mother
loves "Kwart" but am sorry not to be able to send her some
more books of "Suzi Toji's" series translated into English.
I would like to send her all of them, but they are in Dem-
boy in one of our cases.

Thanks Dearest for American Kops. Tiedmilla has not
yet used them. We have to make provision for difficult
days to come. People speak of shortage in everything
besides flour, rice, sugar, potatoes, we have to
^{store} buy charcoal, coal, wood and Kerosine oil - Charcoal
is sold Rs-5 per mound instead of Rs. 3 1/2 / last year. So
we have nearly everything except orange-marmalade.
But we hope that all fears will soon be dissipated
and our roads repaired. by November - Perhaps you and
Dr. could come a little earlier this year, but I am wor-
ried about Katherine and especially Inge, how will they
both endure the torture of jolting road? Maybe they will
have to stay a little longer in the plains -

lovely red shoes arrived from Barcelona

My dearest Douglas, ^{many} thanks for the birth day's
presents - We had four birth-days instead of two! Every-
thing has been greatly appreciated. ^{But} I had a new sur-
prise two pairs of lovely shoes arrived yesterday! Really
you spoil me! But this time one pair, the red ones
do not fit. The instep is too low; the green ones are all-
right. So we are returning one pair, perhaps they could be
exchanged for one of larger size for Ranger. She prefers to
have a small hill  - We are ^{equally} ~~very~~ appre-
tiating you ^{lots} as soon as it is possible for you -

My dearest Devika,

The Horn of Plenty continues to pour!

● new green shoes are really lovely and fit me to per-
fection. Many thanks and kisses! Kops arrived too,
what a beauty! Ludmilla says we have now for
ten years at least! - They arrived in a box from under
Lysol and the packages are contaminated with that
smell, but Ludmilla has opened one of the packages,
washed it thoroughly and then only put them in the
dough - the bread came out very good and
without any smell. But our Krass will probably
● have some flavour of Lysol, perhaps it will not
be so bad!

Just received a wire from Katherine, all three arri-
ved safely to Bombay and have already seen Mr. Nigam
and are trying to contact Dr. Cooper - On his verdict
depends whether Katherine is able to come now to
Balingang or will have to postpone her visit until

Inge's operation is safely over -

The guest friends can accommodate Two or even three persons from the beginning of Dec. Thus we will not have any worry about accommodations.

Dearest Woylinke could you bring some bed-linen for yourselves - Raya says we will be short of them if all friends come at one time. We may buy perhaps here some ^{sheets} cheap ones, and not so bad - We shall see.

Our roads are still under repair but you and Dr. Tiek can cross them easily. From Calantha to Siliguri it is better to fly - because of Padisturn's new regulations. Who knows perhaps Katherine will be able to come with you. I would like of course to have all of you together - But we must be wise and let the Doctor decide what is the best for Inge. Many people are coming from Tibet. News are not so bad. The Red ones do not touch the monasteries. Every thing here is quiet and will continue so till we remain here. - The weather is beautiful. Thus try to come as soon as possible. Please convey to your dear Mother my heartiest greetings and best wishes and thoughts. I embrace you my little Woylinke and squeeze you with all my strength - Give many kisses to my Niterrek - Perhaps, the Horn of Plenty will bring me one or two bottles of "Remover" for my nails - we can not have it here. I love you
lovingly

My dearest Devika,

Thank you so much for all your nice letters. It is so good to get them and to know that all is fine with you both and the work is going on.

I am very glad to hear about the remarkable results in our garden from the seeds and plants brought from Kolimpong.

Now, dearest, I have a ^{big request} ~~favor~~ ^{please} to ask of you - to buy some very nice Mysore silk for Rustang as a wedding-present. It must be done quickly as the parcel must reach Kolimpong about the 18th of Sept. The marriage will be celebrated in Shuntan on the 6th of Oct. They leave Kolimpong about the 23rd of Sept. A big farewell-party will be given on the 21st of Sept. The presents should be given earlier - If you object to the silk, find something else - I would like to give a nice present ~~person~~, but in this matter I relay fully on your and Detik's judgement. Thus I thank you in advance -

I am happy to say that our dear Inge has decidedly improved, but of course plaines are not for her - she needs her climate of Switzerland -

Katherine writes very often and has a difficult time in finding a reliable and working person to stay at the farm - but she will find! We do not expect her before the winter season, perhaps at the very end of November, our snowsoon is not yet over - the roads are again in poor condition, but this time people here hope to finish the repairs for the winter season.

George is much better, but continues to be very cautious with his diet. - He looks much thinner - Raga thrives! after Lirogen and Pepsin - It seems Pepsin is the right thing for her. - Ludmilla is also an ardent adherent of Pepsin, she looks well. Thus every one is fine! -

Please, dearest Wozzlinks, help me to get something nice for Rossang - Give a big kiss to Suetick from me and to yourself - Through him.

~~The water will come but we have to dig a little more - later you will get it from another place too - near a stone wheel remains from the foundation of an old temple, it will come by itself - when you will finish to dig the well - with good

My dearest Devika,

Thank you so much for all your nice letters. It is so good to get them and to know that all is fine with you both ^{and} the work is going on and you keep well — For the water will come but one has to dig ^{down} a little more. It will also come from another place but later on, ~~it will be all right~~

I am very glad to hear about the "remarkable" results in your garden from the seeds and plants brought from Ralingong —

Now dearest I am writing a short letter as I have a favour to ask of you — to buy some very nice Mysore silk for Ruby as a wedding present. It must be done quickly as it must reach Ralingong about ~~the~~ 18th of Sept. 18th The marriage ^{at Ruby Ralingong} will be celebrated in Mhatan — They leave about the 25th — On the 21. they give a big farewell party and the presents should be given earlier

I would like to give a nice present but you
know what ^{or} in this matter I fully rely
on your judgement. I think I thank you in a double
I am happy to say that ~~she~~ ^{she} has decidedly enjoyed
and out of course pleasures are not for her -
Latterne has difficulties to find a reliable
and working person for her farm, but she will
find. We do not expect her before the winter
season - Her nose is not yet over, the
roads are again under repair - ~~but~~ but this time
it is not so serious, hope they will be ready for
the winter season -

George is much better but continues to be very
cautious ⁱⁿ with his diet - Roger thinks! ^{ten years}
younger! - ~~It is~~ offer envelopes and Pajon
of Pajon seems to be the right thing for her.
Juliette ~~also~~ looks well, ^{she} is an ardent
adherent of Pajon too and looks well - ^{Thus}
every one is fine - ~~What~~ -
this please send Wool and help me with the
present to get something for Passing - Give ^{by} others
to just - and to yourself - through her -

My dearest Wasylinka, We are so happy to have Svetich with us but sad not to see you near him. He also would be happier, as now he is worried about you staying alone in Bangalore at this difficult time.

With great interest we were listening about the procedures of Seminar and looking through the most interesting photos of people attending it.

The success of the Seminar was of course due to your energy, talent and hard work - that is understood well! It has been useful in many respects. Results will come a little later. Everything takes time to be materialized on our plane -

News about new regulations have been received

I admire Sr.'s courage and his spirit of fighter. . .

I am made to understand that he will be successful in finding the right decision.

It is wise that you the studio has been built - he can faint and keep there his sources. his art must

not be neglected, as it is his greatest gift and treasure that he has to bring to the world.

The Gen. J. wishes to see his exhibition in India. For this Gen. has to bring all his paintings from America. All my thoughts will be around this ^{Event!} ^{Themselves} - Circumstances and conditions will mould ac- ording to the Will of the Great Lord. -

Thus we are full of hope and try not to overlook the given signs, some of which are already materializing.

Thus dearest Noylinka be confident, have trust in the Great Help -

How are your flowers?

Our Mickey note (I do not know how to spell it) is a darling. Sr. is fond of it. I am sure you would like it.
