25-JAN-37

My dear I n g e ,

Many hearty thanks for your letter. Spiritual understanding and cooperation are invaluable in these terrible days, through which the world is now passing. We were especially touched to see that you understand how painful it is to realize that the main point of our case - precisely the monstrous breach of trust and betrayal of all fundamentals - is not taken into consideration even by our defenders. According to the predominating psychology the one who has more gold coins is always and in everything right, and consequently everything is permitted to him and the country's laws are on his side. Thus the true significance of the case is misunderstood and instead of a great case of the defence of cultural treasures and moral principles, we have to deal only with trifling legalities and to counteract machinations, which were devised by the apostates in the course of thirteen years.

We understand well that the Brother is on our side only thanks to his friendship with Amridotchka. Only she can direct him. Without her he would of course never dare to oppose the firm of our adversaries. We believe that because of this friendship he will yet help in some way. He has great experience, he knows well the traits of his colleagues and can avert a trap. We take all this into consideration and our opinion is that in view of all these conditions, a prolongation is desirable to permit new circumstances to arise.

We deplore that Frances has not up to now seen Battle. He was very friendly to Prof. Roerich and knows Ernst well. It is so necessary to keep all people, who have influence, acquainted with the real situation. There is a Russian proverb that water does not flow under a resting stone. We are well aware of all the difficulties, but if certain advices of the L. would have been accepted in time, much would have been easier. Let us also not forget that Victory was promised on the condition that unity prevails. That is why we appreciate so much the close friendship and unity which exists between

between you, Amridotchka and Mrs Welsh. This unity helps to re-inforce our warriors. Heartiest thanks for this most valuable assistance. Such unity is our joy, for nothing is as painful as to know of discord. This increases the anguish of my heart.

Therefore, my dear Inge, seeing how circumstances are, let us manifest calmness and patience. The law of Highest Justice works manifoldly. We know that the most important will be protected and hence let us build unperturbedly amidst the surrounding storm. The sun shines especially bright after a cloud burst.

Let us think of constructiveness. Let us think how to attract the cooperation of young ones through the Teachings. Let us expedite the printing of the Books. In Russian the books are spreading and the hearths of Light are increasing. From everywhere we receive letters with quests of the spirit and we witness most touching manifestations. How many friends would be able to approach through these Books! We appreciate greatly the untiring care which Amridotchka gives to the works. We understand the difficulty of her task of bringing a pacifying influence into certain situations amidst the defenders. But however difficult are these days - they will pass and we shall witness happy times. It will be a great joy to me, to see you all who work so wholeheartedly for the Great Cause.

Many thanks also for your check. We were greatly touched for we know that it is sent not from abundance, but from kindness of the heart.

How is Spencer's health? Does he like his school now better?

I embrace you and Amridotchka heartily and am sending thoughts of courage and joy of spirit. My heartiest greetings to Mrs Welsh, I often think of her also.

In Heart and Spirit with you,

12-AUG-1939

Dearest Inge,

I have just received the second instalment of AUM. Also the last paragraphs of my copy, as well as your letter of July 20th - many thanks. We were especially glad to hear about Katherine that the physicians did not find any ulcers but only a nervous condition of her stomach. This should greatly relieve her anxiety. We knew that there was no direct danger, because the Gr.T. only indicated an irritation of the mucous tissues of the stomach. As I wrote already such irritations of tissues have become serious epidemics. Therefore one should take great care and keep to the lightest food and avoid any colds. N.E. is also suffering from the same irritation of mucous tissues, but at present there is an improvement in his condition. A tincture of arsenic, iron and nux vomica helps him much. Katherine should strengthen her general nervous condition and probably the physicians have found for her the best remedy. We think constantly of her and are sending her our love. We are glad to hear all the good news about Spencer.

As soon as I shall peruse the pages which you sent to me, I will return them - they may be useful to you. The other day I sent you the first half of the Second Book of "Leaves of M's Garden", which I have corrected. On Monday I will send you the second half for Katherine. I would like very much that Katherine and you, dear Inge, read this book attentively. I love it very much, because in it are expressed all the fundamentals. After reading it, please send this copy on to Amy, who may perhaps find time to copy it cleanly by and by, and then it will be easier to correct the remaining mistakes of the translation. One copy Amy could keep for herself, sending two to Katherine and you, and one for Dudley. It is a long time since I heard last from Amy. I hope everything is well with her. How is her husband's health? When Katherine will write to her, please ask her to send Amy my love.

Svetig is at present busy with his paintings. He works from morning till night. I shall be very sad if his exhibition can not take place, because of our lack of funds. I must say that every new painting of his is better than the previous. I am dreaming of the time, when he will have the possibility to

visit large European centers, in order to renew his impressions of museum treasures. It is difficult to work without having comparisons. Only by contacting the creations of the past and modern art, can an artist find his real self. Some of his remarkable paintings will remain in India. From one point of view this is sad, but from another they will exert here a great influence. Everyone who sees his paintings is greatly admiring them. One can see how they grip the onlooker. Svetig has matured in his outlook and in his art, and the contact with European art would give him still bigger possibilities. Really, he is a great artist and his unusual talent is expressed in everything that he undertakes. It is a joy to see how subtly, how beautifully, how cleverly and easily he solves the most complicated artistic problems. But it is hard to witness how he at times suffers realizing that his wings are clipped for the present. I would like to see him in America and he himself also loves America very much. Of course we are on the eve of great changes the closer is the time the more difficult is the expectation. Many most remarkable news are coming from afar. The preordained will be fulfilled and all events will only help the new country.

We would like to know more about Katherine, Spencer and yourself. Every line from our dear friends is precious to us.

Just now the mail arrives and brought a long expected letter from Amy. I was happy to learn she feels much better. Her letter as always is full of care about Katherine and this love brings her still closer to me. She asks whether her brother George should continue his art education at 310? If the school is as poor as he says we do not see why he should continue. We do not doubt that this school will be gradually dissolved as all which is founded on malice. Although the confusion in the world continues to be very grave, and there is yet no clearly indicated favourable turning point, but one feels already the approach of a new psychological moment. Many things will change unexpectedly. And a new world attention to our country is already taking place. This asset must also be utilized.

Probably you have already received the August issue of the London "Studio" with Conlan's article and reproductions. More reproductions will appear in November. A copy was sent to Mr. Fosdick by Conlan. This is already a sign of renewed interest. Conlan also writes that in England a book is appearing on the Ballet "from five hundred years ago till Roerich's 'Algor'". In Bulgaria a new monograph about N.K. is planned by a Bulgarian artist. Conlan is compiling an elaborate biography of N.K. This is very gratifying because he is a highly cultured man, well versed in all contemporary art movements.

One of my happiest days will be when he shall meet Katherine, you and Spencer and when our Katherine will be relieved of her worries. Please give Katherine my tenderness and love and accept my heartiest kisses for yourself and Spencer. In heart and spirit

8-5-45.

My dearest Inge, I was happy to receive your two beautiful letters of Febr and March. Your loving heart must feel how we appreciate your noble selfsacrificing nature. We know how deep is your wound caused by Spencer's passing. He was more than a pupil to you, he was almost your son. He owes much to you, his noble qualities of which writes so beautifully Mr, R.W. Neatherby, have been sponsored by you. You will share his happiness.

Dear Inge, you are right in thinking that the Farm is not meant to be sold now. I have transmitted to Katherine the Advice not to hurry with her décisions as new circumstances may arise which will show the best way to take.

I fully understand all your considerations and trust that the wisdom of the Advice will soon be made clear to us.

I am happy to realize that you love the Teachings. Every thought, every service rendered to the Work is so precious to me, it brings me closer to you. Verily, there is nothing so important, so great, so urgeht as the Work of the Lord, and that you know.

Dear Katherine in her last letters writes so tenderly of you. Her ~~power and devotion~~ love and thoughtfulness for you have deeply touched my heart. Keep together, help each other, love the T. and His Work.

Katherine will probably read to you my letter to her. I will be so happy to see you both with us here, in India. You should already make inquiries about the route to take and the necessary things to do. It can take a long time but with the end of the war many things may become easier.

Considering Katherine delicate organism it would be better to start the journey in spring, as the winter in mountains is sometimes very severe and our house has no proper fire-places. During cold season the temperature in our rooms varies from 42 to 46 F/ But if we can obtain a new allowance of Kerosine oil we may manage to heat some of the rooms up to 54. Spring, Summer and early autumn are warm and wonderful.

Dearest Inge I love you ^{will} and be happy to get from time to time some news of you.

My heart and thoughts are with
you and Katherine.

With love

Dearest Inge,

I presume Katherine is still in Florida, therefore I address my letter to your name. Please, Dearest, transmit to Katherine my sympathy in her bereavement, hope it has not affected her too much.

Katherine in her letter to me is asking for some direction - she would like to know about the future economic conditions and the stocks. It is always better to be on the safe side, thus if I were in Katherine's place, I would sell all stocks before the first of March, the sooner, the better and would do my best to sell without delay, even at a loss, all property in Florida and Cal.. Years ago I sent warnings about the fate of her Bungalow but could not tell the exact date or year. Now for the first time the date is given - you know it.

I would keep money uptown in some really trustworthy Bank. The coming year is full of events and catastrophes. The second part of March will be very eventful and terrible. Please, Dearest, do not speak of this to anyone, it will create enemies. People hate to be disturbed in their blissful oblivion of the coming storm. One cannot change the karma of people and often by telling them, we may aggravate their conditions without being really able to help them. So keep it for yourselves.

We have transmitted the content of Th. Cook's letter to Svetik. But since the very beginning of Nov. we have not seen him and hardly hear anything from him. He is so busy in trying to have everything

accomplished before he leaves for America.

Beloved Katherine, we shall be most grateful ~~if~~ you purchase Pr. Reerich's paintings, ^{offered} proposed to you ... None of us has just now the needed sum and in dollars, But of course, as soon as we are settled in our country, we shall do our utmost to return at least this sum, as soon as possible. The USSR Government had the intention to purchase Prof. R. paintings and we had three letters on this matter.

You have probably heard about the cyclonic storm that swept over Bombay and its vicinity. Our Khandala had its share but we were safe in our small house; only for few days we had no electric light and all ways of communication were interrupted.

November is gone and we are still in Khandala, But we shall move soon As everything and every move in our life has always been planned with such wisdom that I cannot conceive that in this most difficult time our stay here has no other special meaning beside my rest! It was said that we shall move from here during the last month, so we expected to learn something about our whereabouts in November. Since then I heard the date of "November the 1st" and now I am made to understand that this date is much more important than the date of our departure. On the 1st of Nov. a most brilliant Comet appeared on our horizon, the influence of this Comet upon the atmosphere of our Earth is most powerful, besides its beneficial aspects it will also bring intense increase of magnetic currents which will resolve in storms and floods, tidal waves etc..

~~Now I have~~
Now I have something on my mind, some dream - suggested by the Gr. T.

It seems to me that you would arrange your future life so as to divide it between three homes - one in America, one in India and one in my country. Of course everywhere you and Inge would be more than welcome. It seems like a dream, but it will come. In years to come Am. will not be a too pleasant and healthy country to stay because of a surplus of radioactivity in its atmosphere.

Thus my beloved ones we shall probably meet in a quite unexpected place and environment. ~~But~~ This is not my last letter to you. If you have some questions, write soon, but I will answer to you only. Pay attention to the given Advices, they will not be repeated.

All my love and tenderness of my heart I send to you both.

24-XI-49.

My dearest Inge,

I am happy to know that you are in the hands of the best med. Authority, under the supervision of Dr. Krayenthol and his pupil Dr. De Preux. Dr. Krayenthol is the one who had been indicated: "Physician with a german name, difficult for spelling". His diagnosis was correct.

Now you are requested (by the G.T.) to trust and co-operate fully with your doctors.

Of course the treatment is a painful one, but beneficial to the impaired nerve. And you, dearest, must go through this unpleasant and difficult period in full trust to the G.T. His help is sent to you. Your subtle body, the main source and receptacle of vital energies has been greatly strengthened by His Rays.

The cosmic source of energy is concealed in every

Thus I earnestly take things quietly - all will be well. I trust the climate of Switzerland will do a lot of good to you. I would like to know you staying in Sw. as long as possible returning to America not before April or May. Katherine is already for five days in Bombay. Had no news except word of arrival.

I do not know their exact plans, but hope they will be able to come here still in Nov.

I am eagerly awaiting Katherine, and to hear from her

Dearest Inge, I was happy to have your news. However I know that you are steadily improving and will soon ~~be completely~~ ^{be} recovered completely. It is always a nice ^{thing} to have it confirmed by yourself. Besides your loving thoughts that are so beautifully expressed in your letters bring the warmth of your heart. You are so close to me since Katherine's arrival. She has brought with her the gentle touch of your love. Katherine loves you dearly. I can see it in the expression of her beautiful eyes and feel it in every word whenever she speaks of you. I am happy to have her with me and to feel how much Teachings mean to her. From now on I shall be able to communicate with you in thoughts more consciously than before as I can vividly picture the life of every one in your small community.

The bonds of love and close friendship are
so precious! They are ^{the only} ~~very~~ real treasure and
achievement in ^{the} ~~two~~ Worlds

Katherine's health has improved. She is so beautiful
and ^{looks} amazingly young. Probably you will have
to stay longer in Switzerland - The climate
is beneficial to all of you. Besides, Lausanne
is considered by the G. I. to be the safest place
to stay from every point of view.

The End of March and the beginning of April
will solve some of the problems - Please keep
contact with your physician. It will be
good for David to acquaint himself with the new

case. ^{perhaps} ~~as you may read~~ ^{to assist you} ~~and treatment~~

My dearest Inge

I am sending you the ^{gift} of the Lord together with His words: "Treasure the Spark of Life in this fragment of the Stone which fell from Orion. The Ray of My Constellation - Orion will shine above you and the ardent Spark will serve as the Guiding Magnet to your Spirit." -

Reread the Legend about the Stone in the "Cross-roads" and our Katherine will briefly tell you a new legend connected with that Stone.

I am happy that Katherine has in you such an irreplaceable and tenderly loving friend. She needs your love and her heart longs for a responsive chord. She understands the sacredness and the cosmic scale of the Teaching, therefore she has been affirmed by the Lord and received ^{and her response is a very great} His great trust. She will be able to read the Communications from the Tower of Light,

Beloved Inge,

I begin my letter with the most important, the Words of our Gr. T.: "Convey to Ingeborg my many times repeated affirmation of her recovery. My Rays are being assimilated by her much better and a complete recovery may soon be expected if she continues to be cautious and not to overstrain herself. My Blessings are with her." Thus dearest love some more patience and all will be well.

Three days have already elapsed since our Katherine left with Sr. and Devika for the plains and Bombay. I feel sad, Katherine has become so close so dear to me. I found in her a real daughter and a wonderful coworker for our future work. Her organism went through a certain process of change under the Rays of the L. and the results have been remarkable. Some of her centers started to open and more especially the Solar plexus. She will be able to achieve much, if she

can have more rest and time for concentration
for her inner work.

Dearest Inge I am sorry not to have written to you
more often, but in my heart and thoughts you are
ever present. I know Dearest that you had and still
have a difficult time, but you will soon be quite
well and Dora too will be much better, but she ~~will~~
not be able to work as hard as she was doing before.
I know from the Teacher what a self-sacrificing soul
she is and such co-workers are needed in their work
for general good, therefore she will be helped. I am
sending her my most heartfelt greetings.

Dearest Inge, so many thanks for the grey suit, it
fits me well. I am so happy to love it! It is just
what I need - a light suit - Many, many thanks
^{also} for all hats, ^{hair} combs, ^{hair} pins, all are wonderful.
I have been spoiled as never before. Every day I had
a present coming from Switzerland or Kallern. She
has deprived herself of so many things in her desire to
see me well provided for every occasion. Even I have
been presented with a velvet hat, a real French model,
the hat is a real success!

To day we got a telegram and a telephone call from Lucknow, from our Travellers on their way to Delhi. The journey has been tiring, but they are ~~safe~~ and all right.

Probably on the 21st Katherine will already be with you, her presence will brighten the place and her heightened vibrations will help you. My ^{conscious} thoughts and heart will fly in your direction.

Since our Travellers left us I got a message from the L. I understand that our departure from here is postponed till the next year, as the circumstances then will be more advantageous, more appropriate for our arrival at staying there. We are of course sad but as ever we trust the Great Wisdom. ~~What~~ I will have more time to put my writings in a system and besides I will be able to have your news, to correspond with you and follow the spiritual progress of your little community. All is for the good - Dearest I say you have your special corner in my heart - thank you for your photo, I love it - it is standing close to my small writing table - You look so nice and young!

I am sending you my love and a tender kiss! -

How is little Raju? not very happy? Kiss her for me soon she will be happy! With love

Dearest Inge I am happy to learn from your letter of Aug. 9th that "your back" gives you very little trouble lately" - it is a very good sign. I hope you have already received my letter of Aug-5, with some indications about a milder treatment after a month of rest. The Dr. J. wished you to try a plain, ordinary sound-wave treatment. Probably it means a very mild one - consult your doctor. Please keep me "en courant" about your condition and the proposed treatment. You must become strong, as you have to come to India, and not later than by the end of October the 28th at best date. It is a final Decision, if you fail to come by the end of October you will not be able to see India for a very long time. Thus I am told to cable you - "Convey urgently Katherine you both are expected here by the end of October not later - have sent letter to Punjab National Bank - love writing. It has been already said that 'Rath' cooperation will be needed ^{here} in October" - Was the final Decision complies with it. Your Sister Dora will be quite safe at her home in Zurich - but some cash should be left there. Lausanne and Geneva are unsafe - but Swiss things may be left where they are. -

I was about your sister's home. I am so sorry to say that

My Dearest Inge, just received your letter of Sept. 26. These last few days I had a feeling that you were not so well, something was wrong with the treatment. As soon as your letter of Sept. 26 arrived I have been told to cable: "Advice take full rest no treatment " Thus dearest you have to rest as much as possible before leaving for India where the Gr. L. wishes you to see one of the most famous Indian doctors.

This doctor is a fine person and is helped in his work, it is why he is so successful. The best Indian doctors study well the nerve-system. Many of them have even the knowledge of Yogic processes which are based and connected with ~~entire~~ the entire nerve system.

It has been repeated many times that you will regain your former strength if you follow strictly the given Advices, Thus now the Gr. L. insists on your consulting the chosen Doctor who will be impressed by the L.

I heard much about this chosen doctor from Mrs Myatt, who was nursing me during my Herpis. I liked her very much indeed. It would be good to meet her, as she may be helpful to you in many things. Besides she knows the medical personnel and their ways in this country. Of course Svetik and Devika will also help. As Devika's father had been a very good physician she has still preserved fine connections with the medical world, but of course I shall impress her that you need ~~only~~ the indicated Doctor, only. Thus you will not be lost in this new world for you, Dearest.

I am happy to say once more that you will be completely restored to your former normal state with the help of an Indian doctor.

Now about about the second part of the cable: "Advise Katherine invite Martha join her now on trip to Switzerland... love?"

Yes, it has been told some time ago, that Martha will have to come later to India, but now her coming is speeded. She is expected to come with Katherine.

I hope our Katherine shall be able to do this. Martha could come as a nurse coming to you, or as dame de compagnie or secretary or Katherine will know how to manage, what to say in order to bring her to Switzerland and from there at once to India. Of course Katherine should not miss her reservations on planes. Her coming here should not be retarded by no means, Martha can come a little later, but it will not be so convenient, more difficult in many respects. But Help will come!

If due to new circumstances and events you will have to stay a longer time in India Martha will be of greatest help to you both.

The Great Love & Wisdom foresee many things of which we are completely unaware. I may easily visualize the perplexity of my beloved ones seeing things taking such an unexpected turn, but the great trust in the Wisdom of the Guiding Hand will help you to ~~go through~~ ^{overcome} all obstacles.

Thus Beloved Inge before seeing me you will undergo a new healing process and become a giant of strength and Health.

You are right - the Rays of the L. act just now on your solar plexus, not so much on the back.

I hope the cable about Martha's coming will reach Katherine in time. Please convey Katherine this letter to you.

Thus I am happy to know what a wonderful cure awaits you in my beloved India. Due to the vibrations of Himalayas the Help here is felt much stronger, and the healing power of the Rays is tremendous.

How happy I shall be to see you all three at our Kalimpong. Probably you will be able to reach me at the best season here. The roads are still under repair. Proceedings are slow.

I have to end my letter, it must be mailed to day.

My love is with you Do not worry everything will
flow into the place beautifully. H.G. says Rogers
is much better place than dusty Lousanne -
You may move to Lucerne just before Relton's
arrival - May he come with health!

I embrace you

Everingly
Arthur

and Love of our gr. J.

I do when we meet you be your former self again, even
stronger. The vibrations of the L's Rays are felt much more
powerfully in this part of the World.

You will ask why the G. L. did not mark you
should have an operation while you were in
America? But the inflammation of the ovary
was too great and it had to be subdued before
any attempt ^{to} of operating ^{on} it. The first thing
was to subdue the inflammation. It had
been done by the assimilation of the Royal
Kid. which of course could not remove the displace

heart and solid flesh. Because these two organs
decide the success of any operation. Also
Strengthen is a ^{unique} ~~very~~ effective medicine ~~and~~

My dear, dear Inge, I was so happy to get your telegram saying you were improving daily - it was such a relief after days of anguish.

In sympathy with you I developed pains in my left side and back. Now since you are better I too feel well. Shall be so happy to have you all three with us.

I am told to write to you: "Inge can put one question to our Dr. Atr. and send it to Cressati - Dr. Atr. will answer it" - As I understand the question should be a simple ~~one~~, coming from your heart, the one that is ringing in the innermost of your being. (I will convey his answer to you. - ~~do not be shy, do not hesitate~~ ~~I would love so much to~~ ~~hesitate~~ ~~in~~)

I would love so much to have you already with me and listen to the real story of your loving heart.

Probably in a few days I shall know from Retherum when you are coming. We need to know it in order to make some needed arrangements for your comfortable stay. By God and goodness to our dear Sister Olga - ~~love~~

Dearest

I see, dear Liza, your letter of N. H. describing ~~the consultation with~~ you went to Dr. P. and made me feel so bad and my whole being rebelled against his diagnosis — His diagnosis is wrong so it is said — The Dr. is very indignant — ~~the physician~~ ^{Dr. P.} did not wish to ~~take~~ to operate a foreigner and especially an American and ~~this~~ ^{this} ~~unwillingness~~ ^{unwillingness} and fear made the suggestion of Lt. J. L. to be expressed on his ~~behalf~~ — Thus let us drop him — But the operation ^{had to be} is a minor one and of course with his skill and the Dr. ^{to} ~~felt~~ ^{that} it would be so easy for him to alleviate your pains — But as it stands now ~~it is better to leave the doctor in fear~~ ^{this} ~~Admiral~~ ^{is} ~~to leave the doctor in fear~~ and have a lengthy rest in our hands

Tears in our streams ~~and~~, to regain your beloved
wonderful healing vibrations ~~and~~ enclosed by ~~our~~^{the}

"Joy will recover" ~~I thought~~ and we must have
faith in these words - It was said that your

ize spiritually ~~and~~ on the earthly plane too.
This doesn't do not worry last time faith

I am expecting you - ~~my prayer is~~ ~~that I shall try to inspire~~
in the days to come and so I shall
try to make you as comfortable as
he can ~~I shall~~ ~~it~~ ~~and I shall persevere~~
but I shall try
to give you new life and then I hope you are
closer to me than ever ~~you can think~~
of it - How dear and beautiful I shall
be happy to love you with me - I shall
be better a true hearted man & woman

Dear, my, Odylia

My Beloved, Sister ~~Odylia~~ - you will be

soon well - do not worry about anything, all will
shape itself beautifully - I think only of the happi-
ness to be ^{being} ~~be~~ so close to the great Family -

I love the ^{your} name "Odylia" - It was yours in ~~the~~ ^{one}
of your happiest life as the wife of Mr. Wagon
and now again you can carry it and contact
and assimilate the Ray of your past life with the
help of Br. L. -

Thus help yourself, keep calm, avoid even the slightest
irritation I react as poison on your Solar Plexus
which is in the process of opening in order you may
assimilate the needed Rays -

Beloved, after you have mastered this process you
will be on the path of Loga with the gr. L. and
through him with Br. L.

Thus I assure you deep calm and
 love full confidence and love, love
 the guiding hand of the L—

My heart is with you

We are expecting you all ^{by the 1st of Dec} ~~Monday~~

 process — of the Sol. Process —

30.1.54.

My Beloved Inge I was so happy to hear from our
 Katherine that you have again started to take Stro-
 phantus. I earnestly you should not be afraid to take Stro-
 phantus. The Dr. L. says: "I cannot send I. our Rays without
 Strophantus. The contact with the is possible only if she
 takes Stroph. All other medicines react badly on her heart
 and stop our current." - Thus, Dearest do not interrupt
 the rhythm of the beneficial current. If it begins to
 resume it. -

You must take Strophantus regularly and not be
 afraid of vomiting or spasms. Stroph. is an antispas-
 modic but fear can not only minimize but com-
 pletely paralyze its beneficial effects. It can be
 taken up to 30 ~~pieces~~ ^{drops} without endangering one's life
 but of course such an experience ^{ment} should not be permitted
 or done, Thus Ray this information only for yourself
 do not mention it to anyone.

After having reached the stage of 6 pills per day Ray
 to this stage for three or five days and then start to in-
 crease by two pills up to 10 pills per day

You will take 70 pills per day a whole year without any interruption. — You need a strong heart if you wish attain the predestined.

Beloved, the Cosmic Right is most sacred, more sacred than you may imagine. Our dear Solyia of course belongs to Br. C. She may begin a new conscious life, knowing the goal and striving consciously to ~~that~~ ^{the} aim, — to refine and perfect her inner being. Dearest, you have ended your physical development and have entered the path of spiritual ^{devel-} ~~per-~~fection. This path is the shortest and therefore you must assimilate the Rays of the L. and become a true Tegin to Br. A. In Astral Circle of Br. A. may be shown to you in not a distant future as an Astral Circle will not shake you too much, but it will bring you great joy. —

Try to get from America the Biographies of Thomas Vaughn, Paracelsus and the great Runeth. Too many find most interesting details —

I am happy to have our Catherine with me — she loves you and is so anxious to help you and to see you happy —

Then Dearest Solyia you are surrounded by loving dearests — and a great love and joy awaits you. Remember always a new life, a conscious life as before you

My beloved Inge, You must have Strophantis.

Have no fear in taking it. The Dr. Lasechus you
to take Strophantis and have faith in it's healing ^{properties}
Vomiting is not caused by Strophantis but a weakened
nerve-system easily forms habits and reacts on
every "indigestible" thought. - Please, please have no fear
to take the medicine that - can only strengthen your
heart, solar plexus, and the nerve ^{co-ordination} Vagus as well.

Thus I adjure you to take Strophantis in the follo-
wing rhythm - ~~Three~~ drops twice per day for three days -
(6 drops altogether); increase each dose by one drop every three
days - making 8 drops per day, then 10, 12 and 14 - having
reached seven drops per dose twice a day continue this dose
for ~~that~~ for a lengthy period. No other medicines, except
bicarbonate soda in small amounts when you feel some
heaviness on your stomach. Brandy is also Advised
three or twice per day before meals - one dessert spoon

in warm water

Our dear Martha is advised to take Brandy twice a day - He must take Strophantus and keep the same rhythm, the same dosage as Inge -

Dearest, you will come to Roldung in the best time and the new road will be ready and the weather much warmer. We hope that you and Martha will stay with us up to the cold season -

Please Dearest, do not worry. Everything will mould itself beautifully -

The Rays of the Sun and the vibrations of our mountains will restore your health and fill your ~~heart~~ with the joy of life -

Remember that you are needed - you cannot imagine, you cannot know ~~the~~ how you are needed!!!

So, Beloved, try to realize this and take Stroph. without aversion and fear - Stroph. is the life-giver -

I embrace you and am sending you my fondest love and all tenderness of my heart -

Love to dear Martha
Our Katherine is so dear to me!

Lovingly
Mother

Beloved Inge - You must have Streptanin -
Have no fear in taking it. The G.L. beseeches you to
Take Streptanin and have faith in its healing power
You will come to Kalingong in the best time, the
new road will be ready, and weather much warmer.
We hope that you and Martha will stay with us
for a long time up to the cold season

Dearest Joy I am really distressed to learn that
your pains still persist. Of course I know that is only
a question of time, relief is due to come, ~~but~~ I wish
but it is rather trying - You have all my sympathies and
I would suggest to ~~make~~ ^{to make} some imagination. Rays
in mind that you're going through a difficult yogic process
and you must endure it in order not to fail. This
will be very close to the truth since you are constantly under
the Rays of the L. These Rays, while turning your inner
being ~~around~~ to a higher vibration, strengthen
and refine your whole organism and Ray it in contact
with ^{the} finer energies. You may become a true yogin if
~~you learn to endure your pains~~ ^{you learn to raise your vibrations} ~~and sending your~~
^{ardent} love to our Lord. All yogic achievements are accomplish-
ed only through love and its power of imagination.
We are really dead in the higher worlds if we have not
cultivated these finest emotions ^{while} in our physical
body. Do not be afraid to love him in a too earthly
way. Only the earthly love gives foundation to all
other loves - Everything must be sensed, felt
loved and thought ^{over} in our earthly consciousness
and mind in order to live in the Higher Spheres

Now advice is given to have a rest from all treat-
ments up to the end of August and then to start
again ~~the ultraviolet wave treatment but it must be~~
~~not~~ a much weaker ultraviolet wave treatment and only
three times a week and for a few seconds. No ingesta
whatsoever - ~~Let us see how it works~~ ^{as we see} of course
Staphylococcus should be taken daily - two pills in the
morning and one before night - Staphylococcus is
our greatest friend - (3).

Now about your sister Sara - I am so sorry to say that
her span of life is short. Try to persuade her to have
a help to whom she may teach how to manage her work
for a few weeks, as she needs a complete rest for
a few weeks - I don't is gone to bring her to Volger's
Sanatorium. The climate there is much better & she
should be quite safe there for the month of
Nov. Do not frighten her with Cosmie's catarrh
but tell her that ^{went} unusual. Sagnieu Storms are
expected to sweep all over Europe after the
middle of Nov. But it will be unwise for
her to stay in Jansonne. Some severe frosts
may be felt there and it is ^{generally} too. Engelen
is much safer place to stay during November
of course you will know how to say it in order
not to upset her too much -

My dear dear - I don't worry about

I will write and tell her again that it was said:
 "That she will return to her country". And this could
 be arranged but she herself must write to Gerald
 Lukins and home & sendy is about her strong desire
 to return ^{home} with her child and father. Her friends there
 will attend to it and perhaps (even will advise)
 what should be done from her side to fa-
 cilitate her Refatiation —

Now ~~the great~~ I am told to write to you my beloved
 gusatch that the G.S.L. is pleased with your
 cooperation with them and ~~keep this cooperation~~ ^{it is only}
 will be firmly established. Soon ~~the~~ ^{all} will be
 possible to cooperate ^{with you} through your fiduciary
 glow — — this is the greatest gift and
 you beloved must take now all precautions
 not to become irritated by anything nor to
 be assailed by ~~any~~ ^{any} doubts. 11.

It is also said that soon a great change
 will come into your life — You will leave A.S.
 for a long time — first you will go to Switzer-
 land and India, then back to Switzerland
 and from there you will go to the best Country
 and even stay — and then ~~again~~ ^{you} to Switzer-

and perhaps to India. You will never stay for a lengthy period at U.S. You ~~will~~ ^{may} go in connection with the work of the Holy Rishis — That is what I can gather from some hints given from time to time. —

Now to your questions. — you ask — ~~Do you know~~ ^{how to} know to what element we belong? — and has Astrology the right key to it? —

Yes only Astrology can disclose the element to which we belong, ^{but in this life only} but the ~~composition of that~~ ^{essential} element which enters into the composition of our ~~being~~ ^{that} known only to an Astral.

Our mind as ~~being~~ born under a definite lunar ~~mercury~~ ^{mercury} and ~~of~~ ^{of} ~~essential~~ ^{definite} element ^(for the whole life) ~~entirely~~ ^{entirely} that its composition corresponds to the nature of the ~~lunar~~ ^{lunar} and ~~of~~ ^{of} ~~essential~~ ^{essential} element.

According to your Telescope you are co-ordinating with the element of fire and the fiery signs of Aries direct you towards sciences — especially the sacred sciences (occult) —

but the harmonious persons can even feeling
 the span of their lives —
 the tension of the aura or of psychic energy
 will be ~~it is~~ ^{on} ~~it is~~ ^{on} a very simple appear-
 ing as also the energies that enter in the
 congestion of our organism.
 A young Scientist will soon discover how
 to take films of auras ~~the result will be~~
~~be great a drama in the Sacred Science~~
 and a great drama in Sacred Science will be
 achieved ^{so} especially in the Sacred Science.

People will love to develop all their cogitations
 intellectual and psychic since they do not
 know by what channel can they approach
 the gr. Strength of Knowledge.
 They ² People will be approached ~~by~~ ^{through} different
 channels and means, through some special psy-
 chic cogitations, through ^{also} ~~it~~ and different ways
 of Science ~~that~~ ^{also} a strong heart of special
 endurance is very helpful.

Every means will be utilized to
 bring about total cooperation with the J. S. R.

My Beloved Gisela & He —

Just received your letter of February 13th.
 Yes, it will be good to express in the forward
 our gratefulness to Mme V. Dutko, but without
 mentioning her two collaborators. In this
 way you could avoid printing on a speci-
 al page: "Lettres by Helena Roerich, translated by
 Mme V. Dutko."

2. Of course it is better to leave out the numbers
 of the pages and use only the title of the book
 if it is easy to find from which the ^{where} quotation
 was made. Too many footnotes are undesirable.
 In my letter to Sine of 5-2 - to Sine I have
 written that the numbers of the pages were
not important. Even ~~that~~ ^{really} it was better not to
 have them as people ~~interested~~ will try to
 find them for themselves. —

3. In the letter of 1-3-29 - Instead of or
use and ~~the~~ ~~the~~ "Cosmic Law and Right."

Perhaps you both could go to Switzerland and from there to India. I am very sad about Dr. What - he is really on the decline. His cottage is a great liability - the cost of its maintenance is very high - Please, beloved, do not consent to stay at the cottage, you will feel miserable there - In India I see you only at Bangalore - not in other places. Thus my little Elsa must not worry - "greatest care and attention are given to you beloved!" "feel it every moment of your life." The guiding hand leads you to the happy reunion and conscious cooperation with the gods. - I will be happy to have you again with me. "Everything will be arranged as best as possible."

The last three, four weeks I felt exhausted especially so after the explosion of the hydrogen bombs. Their effects were terrible on the lower strata or layers of the Subtle World. Many of these layers or spheres have been completely destroyed. You may well imagine what took place there!! Much and many of their designs have been reduced to cosmic dust.

and what terrific sufferings have been and are still
endured by those who have not been annihilated
but are bereft of their astral bodies without being
able to attach ^{themselves} to the higher planes of the supermundane
existence. New ~~spheres~~ spheres must be created
and built for them, new forms and shells -
by the g. ones in order to keep them from a
state of terrible sufferings. —

I am very happy that you like to work on the "Letters" —
It is the best appreciation! I do no worry about the
book The Pure Word is good and have nothing
against the numbers of the pages being placed on
the side instead to be in the middle of the pages.
I fully rely on your judgement and sense of
Reality.

I feel still weak on my legs and do not walk
in the garden, but will soon use my legs freely —
so it is said: Every adjustment after the reconst-
ruction of the organism takes time. Thus we must
have patience — Patience and Tolerance — These two
greatest qualities ~~that we~~ that all of us have to acquire
if we wish to serve the g. ones and to advance —
Thus patience tolerance and no violence these qualities
will lead us the shortest way. My heart is with you
I love you my dearest — You are so dear to me,
and I have all I need — Everyone takes care of me. Thank you

Dearst
for your comfort and love sent to me —

My Dear & Beloved Gisele and Roderick
I was so happy to receive your letters of
March 24th, 29th and April second because
I was worried about you both - the opening
of the Sal. Pass and d. of the Throat center
is not an easy process - besides the
extraction of the bad teeth, and not having
the possibility to have full rest. But Gisele
will soon be better. ~~Long~~ ^{very} happy that
all bad teeth ~~must~~ ^{will} be taken out -
But your weakness comes from the reconstruc-
tion of ^{your} whole organism. ~~He~~ will be a
and Gisele. ~~But~~ There is no longer con-
cern the Roy and Care of the Lord ~~and the~~
It is said - Gisele will regain her strength
the extraction of bad teeth is a necessity
for the reconstruction of her organism. ~~But~~
She requires full rest during this period.
She must also take Strophanth four tablets

and do not worry. The boy will have the needed care in the camp Jan School - the main thing is not to worry.

It is said that everything will be better than we expect - it ~~could~~ ^{can} be expected - all will be very well -

Your throat beloved will also be soon much better. It is said an important center for choir and choral. This center is called "The Open Window into a Tapestry." Jan Sol. Pl. will be opened and with less difficulty - ~~the~~ these achievements must take place before we meet - Little time is left -

Perhaps you both could go to Switzerland and from ~~there~~ to India. I am sorry for our Father - he is on the decline - also his cottage is a great liability the cost of its maintenance is very high. Please beloved do not consent to stay ~~there~~ ^{at the} ~~anywhere~~ ^{there} you will feel miserably there with anything else. To India I see you staying only at Bangalore not in other places. Thus my little Else must not worry - I am well be soon much stronger - and everything will be arranged as best as possible - greatest care and attention is given to you beloved

I will do my best to see you again with
me - I too have become a little stronger
for my part. ~~The spirit~~ ^{the spirit} ~~is leaving me~~
~~I was feeling completely exhausted~~
for the last three weeks or more because
of my growing participation in the cosmic
work with the J.S. especially so after the
effusion of the hydrogen bombs. Their effects
were terrible on the lower strata or layers
of the subtle world. These spheres have
been destroyed completely and you may
imagine what suffering! What cosmic
calamity took place there and how
many beings have been induced to
cosmic death! But what terrible sufferings
have been and are endured by those
who have not had ^{sent to the plane} complete
sent have been bereft of their shells
on astral bodies without being able to ^{reach} higher planes.

of Eberhardson's existence 80
New spheres ~~have~~ ~~been~~ created
for them and built for them,
new spheres new forms on shells
that he created or built for them
by the great ones in order to keep them
from a state of terrific suffering -
I am very happy that you liked to work
on the album - It is the best office in
town. I do not worry about the book -
The Forward is good and true nothing
against the numbers ^{of the} ~~being~~ placed on
the side of ~~page~~ ^{page} instead to be in
the middle. ~~Things~~ of the
Holy ~~religion~~ religion a good judgment
and sense of beauty.
I have to say I feel still weak and
cannot ~~still~~ ^{yet} walk in the garden
but will ^{soon} use my legs freely - but
every adjustment after the destruction
of the organism takes time

Thus we must take justice -
 Take care of yourselves - the throat is
 a very powerful very important for
 getting a very powerful force
 He can take 10 drops 10 make
once a day -

My Beloved gisel'tsetka,

I have just sent you our cable and the most important advice to leave for Switzerland alone and by boat on the end of July.

My Beloved Katherine will join you later.

Going by boat you will be able to take more things necessary for a lengthy stay in two countries.

I will be so happy to see you both again!

I am my family and souls close ^{to} to me!

Beloved I am sad not to have your latest news - I need them!

"The gr. L. sends his blessings and tenderness. He wishes you to have a good and long rest in Switzerland, keeping calm and not worrying about anything." He adds: "Cooperation with the Grings' best results in everything." —

Try to persuade Hilda to write to G. L. Kins about her ardent wish to bring the child home. I know it is difficult for the ^{present} moment but circumstances may change unexpectedly. "Cooperation with the Grings' best results..." This we must always remember. —

My Beloved Katherine so many thanks for the typewriter, which D. Abba. has already sent to Badogza —

Expect to receive it in a few days. It is a grand
help to me!! -

My Geselotika, Thanks for the new harness with
the elastic, they are very practical, and I love to
have some more of this kind.

Now about myself - the process of taking off the
brake from my centers and the ^{assimilation} ~~transformation~~
of the most difficult rays will soon end. I will
start to gain new strength. It means changes are
close at hand. My legs are already in good
condition. I use them freely and have no pains.
My Solar plexus too does not give me any troubles.
But I am still weak it is due to the conditions -
of the heart, but it will be strengthened. Stro-
pharus Catillon from Switzerland will help
me. ~~Now~~ I am taking eight per day, I need five
tablets per month - It is a lot - But I will
be stronger when I see you, Beloved and
will be able to transmit you some of my
psychic energy to stay with you.

I love you my daughters - dearly and
wish to see you well prepared for the coming
time - -

Yes, Soetig is eager to get his seven tentacles -
the "Arhats". Please don't forget to bring them
with you.

The canvas is very good, I hope he has written to you about it. Devika is very busy with her work at the Academy. She tries to become a ^{most} useful member in this ^{field of} social work. Sr. is happy that she has a definite interest in life. It helps in many things. ^{only way} —

Things, only ~~was~~ ^{will} —
My Catherine has a new step before her and
she will master it with the help of the ^{good} ~~good~~
who knows, but SP. may come to Switzerland. ~~But~~
But please do not speak to anyone about that possi-
bility. As he himself does not know anything
about it — Please keep silent. —

I have ordered one pound of Ginseng root from
a nursery in Illinois.
But I am not sure that it is the famous old
we shall see — To get something better
here takes such a time, & so tedious!
Try to persuade Mr
the fellow to write to Larkin comes from
the govt.

The G. says - "Nellie needs by tenderness
on Sam sending it to her" I've beloved you
for His tender and help with you. Your
heart has earned it. I too love you a heart
and feel you close to me -
that our Jesus is here

in that love and care

Each one has as much as he can add i
nclude been is the Great Cosmic Justice
thus by saying, love as much as
you can, and all sufferings will come
Everything is possible for a loving heart
I love you my beloved one

8-VIII-54.

My dearly Beloved Giselotschka, I was so happy to receive your letter of July 24th. I loved its spirit! — great trust strong desire and resolution to overcome all difficulties in fulfilling the Advice of the Beloved!! — Thus only the great purpose of our Existence can be achieved and the Holy Sacrament takes place!

Dearest, you have been sent to Switzerland to stay there in comparative isolation for few months. And I am told to write that you, beloved, have approached a new step in your life and your organism must be reconstructed or prepared for a true Yoga with the gr. L. and B. helping it. You will be able to receive Messages from the gr. Ones! Thus I have to write again about all precautions to be taken in order to alleviate the many pains and discomfort unavoidable in such a process. Of course in intervals you will have moments of intense and profound happiness. But this happiness can ~~only~~ be experienced only by those who belong

to the Cosmic Family and have their cosmic Counter-
part ^{on} at the level of a full Arhat! But of course you
yourself must have reached the stage when this ti-
dying of the gr. Bliss may be given unto you! —

Thus, beloved, you must be prepared to experience
strange sensations in your inner being, in the mula-
dhara center and not be confused or doubting.

You will contact your Cosmic Counterpart your cos-
mic H.! But great silence must be kept. You will
not speak to anyone about this revelation — It must
remain between you and the gr. One! Untold harm
may result if some unprepared soul would hear
about these strange experiences. You would be
seen for a lunatic, a depraved, demoniacal soul and
what not!

I am also ordered to tell you that ^{you} should solemnly
promise to the gr. I. and Br. d. not to have any ^{relation} physi-
cal ties with the opposite sex — This is most essential!
This side of life is closed and simply does not exist

for you: of course friendship and kind attitude are not excluded from your surroundings! One should not exaggerate in anything.

Now about the process. Your Solar Plexus will be opened. Kundalini — awakened and the ^{function of the} Pituitary gland intensified and accelerated. Your clear-vision and clear-hearing will also increase, but you have to take all precautions not to overfatigue yourself in anything.

Your spine at certain periods will not permit you to bend because of its stiffness and even pains in the vertebrae — and the back of the neck. But do not be alarmed it will not last, it will pass.

But it is solar fluxus that will give the most unpleasant and rather continued sensations of dull pains, sometimes strong, also nausea, vomiting spells, excess of emission of saliva etc. but soda is the great help, the first remedy. You can take it at every attack and double the dose —

Valerian in Tincture is also very good. It is recommended to be taken without missing one day - three times per day, 35 drops per dose = 105 drops in all - Strophantus Catillon only you can have every day from 4 to 5 pills - Two in the morning and 2 towards evening - The fifth you will take in case of exhaustion.

You must not ^{walk on} move too much, no climbing. You can go in a carriage and admire and inhale the wonderful mountain air but no climbing for you! Often you will be subject to unpleasant inflation of the abdomen. It will have nothing to do with indigestion, but it comes from the intensified activity of hula dhara center (Rundolini). Therefore light diet is of great help, milk product, light vegetables -

Also you shall experience a great tension in your head because of the acceleration of the activity of the Pituitary gland. You will feel as if elec-

tric discharges in your head and a ^{constant} continued sound, buzzing in the ears, sometimes very strongly - You may have pains in the lumbago region, but it also comes because of the new activity in the centers from Suladhare mostly. You can apply Kaume Bengué but no massage. Massage is very harmful in case of inflamed centers.

The gr. L. says that you and Katherine are like babies and much has to be repeated to you and He speaks so tenderly of His babies, whom He is constantly watching and nursing! Then I shall not lose my patience and will repeat again and again - Take precautions, do not overtire, overdo in anything - Discipline and reserve, discretion, control of oneself are required from us - Thus -

Besides physical precautions you have to pay the greatest attention to your trend of thoughts & doubts whatsoever! Really it is a disgrace to permit any doubt ^{to} enter your mind and heart! after so many

proofs, evidences of Love and Care showered on us!
 Also the slightest irritation should be avoided.

Nothing should upset you! A too great a ^{black} price is paid for each permitted irritation. The fire of irritation burns and ruins the thin, subtle tissues of the opened nerve-centers and it takes time to replace them. Great is the retardationⁱⁿ the progress and sometimes we have to face a complete loss of a wonderful possibility! Thus doubts and irritation are the greatest dangers. Let us avoid them with all the strength of our love. - No worries about petty things, they will adjust themselves! Remember the retardation and the possible loss!

You beloved, must try to achieve the utmost in this your earthly life! We can really progress or achieve, ~~actually~~ when we are still upon the earthly plane. The needed energies are gathered and transmuted in the laboratory of the earthly existence. Thus proceed with courage and patience, love

will guide and help you.

Now, I am also told to remind you that my dearest disciple has been saved from the influence of a strong magician on the Astral Plane and forever he does not exist. His monad remains in the Depth of the great Silence till the next Sarvantara!

He approached you during the time of Parac., whose best and clearest disciple he professed to be and was so! He loved you passionately and you yielded to his power and love. Since that time he became attached to you on the Astr. Pl. He could not approach you on the Earthly pl. because of the rays of Br. L. but he could check your spiritual advance influencing from the Astr. plane. But now you are saved for ever!

Your fall from the Stone Staircase was brought on! Your organism needed a severe shock in order to break the magnetic thread which linked you to him. His Ideal has been severed and you became free. The danger is over! —

and would like to see her! —

— my tender thoughts to Maria — I have often of late

Hope I have written all that is considered to be the most essential by the Gr. I —

My dearest Gisela etc will rejoice and follow the ~~advice~~ ^{advice} given in love and care.

Just received Strophantus, hairnets and handkerchiefs. Thanks, thanks and thanks was in need

of Strophantus — the whole lot of Strophantine is was no good, became dark brown and smelt

Never as ~~the~~ any other, except Catillon.

Many thanks also for the typewriter. I was so happy to have it, but it came slightly

damaged — one knob — the right one broke ⁱⁿ ~~to~~ pieces — but I manage without it, have put adhesive

tape and it works. — I enjoy it! —

For two weeks I suffered from one tooth! —

I had to assimilate new rays which were connected with that tooth and it was very trying!! I was

so tired. But the rays are assimilated and the pain stopped — but for two weeks I was good for

nothing — Today feel strong — I love you my Gisela! You may write to Katherine except the two first pages which you will read to her when she ~~comes~~ arrives to do,

My dear & beloved Giselatchka,

I have your two letters of Aug. 13th and 25th.
I was rather anxious to have your answer to
my letter of Aug. 8th. I did not wish it to go astray!
Now I am relieved. I was happy ^{our} Katherine
understood so beautifully that the great help has been
extended not only to you both, but to dear Dorachka.
Every advice of the go. One has many reasons! It is
so touching that you could help your sister! And
now of course you will stay with our little Tania
and not overtire yourself!

Your stay in Switzerland will be of great significance
and help in many ways. The mail from here to
U.S. may be safer through Switz. It is better to send it
sometimes via Switz. Thus I earnestly you will con-
vey to Katherine the advice to sale all her securities
^{ending} end of Nov. or beginning of December. But she must not
speak about ^{it} to anyone in order not to create any panic

which may even prevent her coming here.

Thus, dearest, you may stay at Norges and visit all places which may interest you, but stay at Nor-
 Norges until Katherine's arrival some months later,
 closer to spring.... and then if you wish you may
 move to Zurich - The great Cosmic Reconstruction will
 take place in 1957. Please keep it for yourself and
 Tina. Nothing will happen to you. Remember always
 "While cooperating with Me, you will always be in
 the best position!" —

Herewith, I am returning you the two cheques —
 They could not be cashed in, because according to
 the rules of the P. N. Bank no cheque can be cashed
 in six months after its issue — I sent it at the
 expiration of the seventh. — George also returns
 the cheque, since the Buddhist Center is still in the
 "naïves". He will write to Katherine about it. —

I am happy that you both like the Darzy's — they
 are approved and it is nice to have intelligent

Probably Katherine wrote to you that an operation and under the care and supervision of David has been advised. It is such a joy to help good people! Now, Dearest I expect a letter from you telling me all about your inner progress and experiences - Floods here are not abating. We are surrounded with floods and only our Siliguri Road is still keeping, all the rest are broken. There is change towards autumn, ^{7 rains less} the mornings and evenings are cooler. Raya is our chief gardener, ~~she~~ supervises ~~the~~ two coolies who have the pretension to be called gardeners! My dearly beloved Jasolotikka —

Have no news from you since August 25th. I answer to my two letters of Sept. I cannot explain your silence, and am much worried. How are you? How do you feel? How is Dora? She must rest as much as she can and take all precautions not to lift heavy things. ^{Let's look} Please write, dearest, I must also be sure that my letters are reaching you.

Have letters from Rath... can understand her worries. Rallier's marriage & (she) could facilitate many things, but how tactfully it should be suggested!... Write to Rath... ^{has} about it... Of course once we are settled in ^{the last winter} many things will change, ^{but} it will take some time, ^{thus} Rath. should meanwhile transfer money to Switzerland ^{or} Sweden through Bell. I prefer to put it to you. I'm happy that Bracy-wife and husband may be helpful — ^{and} to Rallier.

Beloved, keep calm and have full confidence. That confidence which comes from love, thus love with all your

being, and all happiness and ^{serenity} calmness will abide with
you!

Remember always that things will shape according
to the Will of the go. ones - Thus do not worry, you will
be protected: It is ascertained again and again -

Did you receive my letter with the cheques? Beloved, do
not send new ones - I see in my copy that I have for-
gotten to mention it, but George wrote to Rotherine about
it -

Many many thanks for Stef. !!

I am sending you my love and tenderness -

My heart is with you

My dearly beloved Gidelotchka, have no news from you since August 25th. No answer to my ^{two} letters of Sept; am much worried. How are you? How do you feel? How is Dora? She must rest as much as she can and take all precautions not to lift heavy things - so it was said. Please, write to her about it. I must also be sure that my letters reach you.

Have letters from Reth. - can understand her worries. It would not be bad if some friends or lawyer would suggest to (LC) to marry Reth.; it could facilitate many things - write to her about it. Also Reth. should transfer some cash to Switzerland and Sweden through Wall. - All such things I prefer to write to you, you will destroy them later -

Beloved, keep calm, have full confidence ^(confidence which) that comes from great Love - that Love with all yours being the Gr. One's and happiness and serenity will abide with you - Just received your letter of Sept 23rd - I'm happy that all is well with you and you do not suffer too much.

P-3-88
The process is going on! As to the looks, it does not matter
later you will look much younger. But how can one
expect to look beautiful during such a strenuous inner
process! The vision is very interesting ^{one may observe} as just now there is
such an unusual influx out of the depths of space of
comets, enormous bolides and meteors which are
gathered ^{converging} round our Solar System. But beloved
hurry with your process! Love more the gr. L. and A. Make
your mission is to become a link with the Brotherhood - by
your Cosmic Rights. There is no greater mission than this!
The gr. L. says - that you should concentrate more on your
love to him and A. S. - Open your heart! -

The cramps in the legs are due to new activities of the
glands in the head - no worry about it - they will
pass and come again. . . .

I understand that the German Lady is a fine soul and
will probably work with Russians - the gr. L. is pleased
that she has understood the Russian Soul! Is it so good

to buy small bullets - Am. dollars will not stand high and
soon - Swedish currency is much better. I love you my gisels and
and send you my tenderness! Rejoice at each pain!

My heart and thoughts are
with you

My dearly beloved Giselotch Ra, I am sending here the best tidings for the New year. The Blessings of the L. and His Words "Gisela is under my close observation and her inner development proceeds very well. Her P.A. gland is in perfect condition, thus her clairvoyance can be powerfully developed. My Blessings are with her." - And I wish to add, that I am also sending the joy and tenderness of my heart to my beloved daughter. -

I was so touched to receive the little book on "Katherine of S." and the copy books, calendars and the blue handkerchiefs. Really, Katherine and you my Giselotch Ra, spoil me!!

I did not write as I went through a most unpleasant time - repairs and repainting of the house and inner rooms. My room had to be the first and it took quite a time to do it with our poor means. We have done it ourselves - Champa, Samadar, Ludmila, Reya and I as supervisor. The room is a success. It is painted in pale cream, rather ivory colour. Everything had to be removed and my work stopped. To interrupt the usual Rhythm of my work was very difficult.

But it had to be done. After the busy days are over we shall proceed with other rooms and your "cabin" will be made to look nice! —

- I am feeling better but still have some days of complete exhaustion when the world events take a difficult turn. But I will be stronger and am already looking forward to have my daughters with me!

I am very busy with my writings and am constantly reminded of rest before the new step in my life.

But the L. insists on a rest for all of us. Constantly it is said - "Tell them (R. and G.) to be quiet to be calm. Every thing is being decided for the best. Thus, "do not worry about anything but keep quiet and rest, rest and rest. —"

Do not be afraid of anything. Everything is taken in consideration, nothing is overlooked. The worldly events will only help. —

Besides, you have a lot to do in studying and working on the Teaching. —

Lilla Lodge should take one pill of Scaphantus in the morning and twice a day tincture of Valerian per 25 days.

and that is all. Please, kiss her for her loving letter. It brought me real joy. I love her, she is a darling! Yes the valiant spirit of Dora is fighting her sickness. She has fulfilled her mission with full self-sacrifice and is a worthy worker of Our Lord - I'm sending her my best thoughts and love. The "Blessings of Our Lord are with her."

During holidays we had many visitors and I had to see them - they were nice people mostly professors orientologists who are coming to consult George. They are coming from many countries attracted by his knowledge and erudition. Prof. Stein from Paris is ^{constantly} marvelling at his achievement in Oriental Studies. George is considered to be the greatest savant in Oriental languages by many scholars in Europe and far East. ^{Next week} The expert here a Japanese scholar who is coming from Tokyo to consult George on his work - Two German Prof. were staying here and were much impressed by George's achievements! - Thus I am proud of my son - can say - sons, Doctor too is doing well - and his consciousness is

You will be astonished - We have a new dog with us -
A small Japanese pointer. It was brought to us by
two little Afghan girls, who had to leave Peking and
and were not allowed to take the dog with them. So
they decided to bring it to us - The dog is a real beauty
and every one admires it and of cheerful and gentle
disposition. The interesting side of the story is that
I wished to have a small - hairy dog of ^{Chinese} Japanese breed
but of course it could ^{not} be hardly obtained here -
Our dog had ^{been} all disposed of - Henry became
too old, had a broken leg, lost ~~his~~ ^{his} hearing could
hardly see ~~became~~ ^{became} ~~misunderstood~~ - so he had to be ~~disposed of~~
~~handed over~~ ^{got a bad sickness} and we could not keep
But on the Eve of Christmas ^{our dog} ~~it~~ has been brought
to us - thus my wish has been fulfilled - ~~is it~~
~~strange~~ yes I remark now that many of my ^{wishes} ~~wishes~~
are being fulfilled ~~and~~ ^{and} I. ~~am~~ ^{am} ~~very~~ ^{very} ~~grateful~~

My constraint is finished, but I am very

 is ~~some~~ of course painful —
 The last few months
 My cosmic work with the L. has been intensified
 and it took almost all my strength. This
 work was exceedingly difficult and urgent —
 very invisible to your eye plenty and aggregates of
 most poisonous gases were threatening our plan-

 the population of our Earth and it had to be avoided
 by all means. The members of the Brotherhood were trying
 to avert it, and deflect ⁱⁿ their course into ^{along} ~~one~~

 This has been achieved with tremendous efforts,

 feel the gr. Presence. The Camomile arrived safely.
 Our Lore felt ^{my} love for this wonderful herb. The
 Little Badge is constantly with me whenever I think
 of the lovely triad of beautiful spirits in Switzer-

 my dearest Gisela's R. greets me - I have received
 our last parcel of stuff. also the hair-net and
 stockings and Ruch. I am spoiled every one too
