To Miss Helena Ruerich:

With deepest reverence I send this  
greeting to you, the torchbearer to a  
new humanity. May we, the little  
group that is meeting under the name  
"Living Ethics" carry into our every  
contact some of the shining  
radiance we feel flowing through  
you, and may your efforts for  
struggling humanity be rewarded by  
a peace that passeth all understanding.

In gratitude
