Dear Madame de Breich,

I am so sorry I have not been able to write earlier to thank you for your kind gift of the Herbaceous plants seedlings, of which I have received two lots. I asked my husband to acknowledge on my behalf the first lot as I was busy settling in some new guests who had arrived just then.

I wonder if you have in your garden the *Guelde Rose*<sup>19</sup>. It is a lovely shrub which produces clusters of white flowers. It is really very pretty. If you would care for any cuttings I can send some in July. My husband & I send our heartiest greetings to yourself & all the family members including Mr. Shibaev.

Dear Madame.

It was most kind of you to send the lovely basket of Plums, which were much enjoyed by ourselves & the guests.

I have much pleasure to send a few of our late Peaches.

I hope you are not finding this heavy weather too trying.

With our best feelings

Yrs. &c. Sincerely  
Mary M<sup>rs</sup> Cullagh
