Dear Madame Kovrich.

My husband & I feel we want to thank you again for the exceedingly interesting & delightful visit we paid you yesterday - we both enjoyed it so much, & were only sorry the time passed so quickly that it was time to go on to our promised tea-party before we realized the whole afternoon had gone, in the interest of seeing everything, & talking!

At tea, I was shown the pamphlet about the Kovrich Collection in New York, & as it is just possible we may be passing through there next year, we will

most certainly try to visit it.

With again very many thanks for all
your kind hospitality & your most
excellent lunch.

Yours sincerely

Mary Mahon
