Dear Madame Roerich,

Please accept the heartfelt thanks of a very new student of Agni Yoga, thanks for all the loving labor which you have performed in transmitting to us the guiding light of The Master.

It is utterly impossible to voice my appreciation, to express in words the joy and happiness that has come to me, the feeling of love that has completely enfolded me in joining with the group at The Philadelphia Roerich Center.

We are all very grateful for the honor and privilege of inlisting under the Peace Banner of Professor Roerich and trust that our group may be able to live up to the high ideals of the Founder, that we may attain Peace thru Culture and Beauty. May we prove worthy of the Great Gift made to us in Agni Yoga, Hierarchy and Heart and the High Ideals for which the name of Roerich must ever stand.

With Love and Gratitude to Professor Roerich and to you Madame Roerich,

Sincerely,

*William Ferrell-Ogelsby*
