Dear Mrs Boerich,

With all the excitement
of my husband's arrival and
the work that is going on in
the house, I have forgotten to let
you know about my having
harrowed Kapur Singh, who
helped me enormously for
this, as you are his
employer. I thank you
very much. The car was
engaged in Kulu to fetch
my husband, I met Kapur
Singh on the Maidan and
he having work to do connected
with your petrol etc in

Kulu and I having never
driven in the hills, he after
my asking him if he had
time, came into me to
Kulu & was most helpful
altogether. I only hope that
whenever you should require
my driver (who at that day
had gone to Bonthar to see his
son who was ill) I shall be
only too delighted to be able
to repay the help ^{your man} ~~that~~ to
me that day.

We are going down on the
2nd and say "Au revoir"
to all of you until the
spring or may be Xmas.
All the best to all from both
