Bourton

Dorset, England

January 29

Dear Mr. Roerich,

Mr. Dudley forwarded  
me your letter to her to read.

I am enclosing a small picture  
of the Somerset Coat of Arms from  
a Peerage, I was unable to get it  
sooner.

I also enclose 2 stamps to give you  
an idea of the shades of the red &  
blue used in the picture, if coloured,  
the blue should be a little paler.

Red, & gold, are used on the crown &

Phoenix but - there is a good deal of divergence in the colourings they are not all the same.

Your whole attitude is so unspeakably kind, that I am unable to express my feelings in mere words. I would it were possible for me to be of real help & use to the Roerich foundation.

My greetings to Professor Roerich & I hope some day to have the privilege of meeting him, & with my kindest wishes to yourself.

Believe me

Yours sincerely

Rowena Somerset.
