Dear Madam Roerich,

It is always to you we have looked, and we have thought of you with love, as our Mother. We cannot understand how a person could do anything as suicidal as working against the good - they being anxious of good. If you feel that we would be trust worthy, and we would be an honor and not a disgrace to the name Roerich, will you let us bear that name? Will you be our patron and guide as our Mother has always taught us to think of you? Every time we sing our song, one verse of the song is about you. Every time we see a picture of the Mother we think of the Mother of Agni Yoga. Will you take us to you as your children, and let us work under your banner, with our Mother, here?

Love
