Dear Madame Roerich -

As we just opened all our Xmas-
presents from all our friends. I cannot but
help, sitting down to write and thank you
so much for your lovely, handsome gift.
I am afraid it is far too grand for me a
lowly-person. But your gifts are always
such use full-Kinds. And I thank you
again much for it - with my love! What a
happy & merry time Christmas is!
And I must also let you know, what a
pleasure it was meeting Prof: Roerich
and your son, the other day. I remembered
your once saying - Prof: Roerich was a Sage;
But I think he is a "Saint", a real Saint!

And how happy you must feel to have
him + your son with you now - And it must
give you strength + courage to get much
better daily; now that you have a speci-
Physician with you also. And I pray
you may soon be able to feel better!
I was sorry not to have been able to
see you the other day - But my husband
was in a hurry to return to Kulu - And
since you were resting - did not like
to disturb you - With best wishes + greetings
+ "Namaste" - Just at the end I would
again like to say - That it will give us
such a pleasure if any of your family
+ home - members (at Hall - State) could
come to our Xmas - party on the 27th inst;
There will be a private - Song at Kutrain
Bridge at 12.30 o'clock to bring friends down.

Yours sincerely
Minnie Phillips.
