Dear Madame Perich,

To have Tuzi near me this year has meant a great deal to me and is constantly a new joy. —

May 7, dear Madame Perich, send you my heartiest greetings and wishes for your birthday and at the same time thank you for your deep understanding and knowledge of our inner needs. It has been also so wonderful to find that Tuzi and I may understand each other on an inner plane and we both love the books of the Teachings. Your wonderful letters are a real inspiration to me and how fortunate I feel when Tuzi and I have some time to read them together.

When I look back on the years, I see how often Tuzi could come to Switzerland when I needed her the most to help me to find my courage and strength for my work.

With a heart full of thanks to you dear Madame Perich, I remain

Most sincerely, yours
Dora Tuzic
