Dear Madam Roerich,

I have come to ~~the~~ India in search of spiritual enlightenment and to see as many of the holy places as possible. I became acquainted with Mr. & Mrs. Dudley Fosdick in New York before I left and had two long talks with them regarding Hierarchy and the works of the Masters, and Agni Yoga. She also told me a little bit of how she toured India with yourself and Professor Roerich.

I am very interested in Vedanta and while at Belur Math today on the occasion of Sri Rama Krishna's birthday I asked the Swamis about your address. They advised me that you were living at Kalimpong.

I am very interested in meeting you if it meets with your approval. I will be in India for a month but only about a week in Calcutta. If you can write me air mail I shall eagerly await your reply.

Sincerely yours,

James S. Chadwick
