Dear Madam Roich -

Mrs Litchman is leaving tonight to come to see you, and I thought I would send you a letter to tell you, I have never forgotten you after all these years, I think of you all the time and very often dream of you, I love you more now than I ever did. I have been here with Mrs Horch for more than two years, they are very sweet, both him and her, and I love them very much, Mrs Horch have so much patience with me when I am cranky just like you used to have.

I do wish you can see Oriole soon, she
is so sweet and pretty, such a darling, we love
each other very much, I always talk to her
of you.

Thanks very much for the present you
sent for me by Mrs Litchman, it was so
sweet and kind of you to think of me, as
I know you are always so busy reading
and helping other people, you are the sweetest
human being in all the world, some times I
wonder if you are human, you are so
good, I do hope you are well. also
Prof. Kovich.

I am sending you all my love
and many kisses from Oriole.

I wish heaven richest blessings
upon you -

Respectfully

Marie Schmidt
