Dear Sir,

I am in receipt of your letter of the 2nd ult.

The Proceedings of the XV-th International Congress of Anthropology, Paris, 1931, can be had through the Societe d'Ethnographie de Paris, 95, boulevard Saint-Michel, Paris, V-e.

A detailed account of the megalithic monuments discovered by me in Northern Tibet was given in my monograph "Animal Style among the nomads of Northern Tibet", Seminerium Kondakovianum, Prague, 1931 (Russian text with English version). Unfortunately I have no copy with me at present. You might, perhaps, obtain a copy on loan from the library of the Asiatic Society, 1, Park Street, Calcutta, 16. Copies of the book can be had from Paris.

On the antiquities of the Altai, you could consult the works of Teplovkhov, Gryaznov, Rudenko and Kissilev published in the Memoirs of the Russian Museum, Leningrad, and in the Annual " Sovetskaya Arkheologiya " (Soviet Archaeology).

Yours sincerely,
