Dear Rev. Dharmapala.

We have sent you yesterday  
by registered post <sup>(R/R N. 121)</sup> the block to be used  
on the title page of "Foundations of  
Buddhism". Please send it on to Calcutta,  
and ask them to return it to us on  
completion of the work. I hope you have  
received the case of books from Bombay.  
I am enclosing a sketch of the title  
page of the Indian edition of "Founda-  
tions of Buddhism".

Please accept my sincere wishes for a  
fruitful New Year. I presume you will  
be going to Calcutta in January.

With best wishes from my Mother,

Yours in the Dhamma,

Paul Bowick

Dear Rev. Dhammaloka,

Many thanks for your letter of the 10th, and the package containing the two copies of "Foundations of Buddhism". We leave it entirely to you to fix the price of the book in India. I think Rs 4/- will not be too high. I am remitting by M.O. Rs 5/- in payment for the good copy of the "Foundations", plus postal charges. My Mother would like very much to keep Professor Ronick's motto on the title page of the Indian edition. I enclose a sketch of the title page, showing the motto.

Please forward it to your Calcutta Branch. Of course, there is no need of inserting in the new edition the list of publications of the "New Era Library", as it had been done in the American edition. The sign of the New Era Library will be replaced by the Society's sign.

We were very happy to read in to-day's papers about the reception of the Holy Relics, arranged by the Govt. of India. This is a very good sign, and I sincerely hope that India will once more follow her greatest Son.

With kindest regards from my Mother,

Yours in the Dhamma,

Gedonichy
