

Dear Mrs. Campbell,

In continuation of our wire it gives us great pleasure to invite you and Miss Ingeberg Fritchie to visit the Himalayas Research Institute at Naggar and we earnestly hope that you shall be able to undertake this trip at the earliest opportunity. There are, a number of outstanding questions before us which we wanted to discuss with you and we feel that your early coming will be of greatest value for the work.

Please let us know if there is any thing we can do to expedite your arrangements from this side and hoping that you shall not delay your visit.

Yours very Sincerely,

Director.
